

TOWN OF SOUTHWEST RANCHES, FLORIDA  
STORMWATER MASTER PLAN  
RFQu NO. 22-001  
**QUESTIONS RECEIVED AND RESPONSES**  
**ADDENDUM 4**

1. Are we (as a Prime) allowed to include subconsultants in our team for survey and public outreach? Per Appendix P it sounds like subconsultants are not allowed per the text in bold?

**Appendix P - Proposer Confirmation of Qualifications**

The Contract will be awarded only to a responsible and eligible Proposer, qualified by experience and capable of providing required insurance, and bonds and in a financial position to do the Work specified within the Request for Qualifications, and which can complete the Work within the time schedule specified.

At the time of the Proposal, the Proposer shall hold all Consultant and other qualification certificates and licenses required to be held by the Consultant by Florida Statutes or ordinances of the Town of Southwest Ranches and Broward County in order to perform the Work which is the subject of this Request for Qualifications.

**All license, certificate and experience requirements must be met by the Proposer (as opposed to the Subcontractor) at the time of Proposal submission. Proposals submitted by Proposers who do not directly hold required licenses and certificates or who rely on a Subcontractor to meet the license, certificate or experience criteria will be rejected.** By executing this Form and submitting its Proposal, Proposer represents that it meets the requirements set forth above, and as set forth in the Proposal Documents, and acknowledges and understands that such representation is material and that the Town shall be relying on this representation with respect to a Contract award.

**RESPONSE:** You may have sub-consultants provide survey and project outreach functions (as well as other ancillary functions). You may not use a prime sub-consulting the actual Stormwater Master Plan modeling and Plan preparation elements.
