**Change Order**: A document which is signed by Contractor and Town and authorizes an addition, deletion or revision in the Work, or an adjustment in the Contract Price or the Contract Time, issued on or after the Effective Date of the Contract.

**Construction Change Directive**: A document which is signed by the Town which directs the Contractor to proceed with revised or changed Work, where the Town and Contractor cannot agree on an adjustment in the Contract Price or the Contract Time, or both, issued on or after the Effective Date of the Contract. The subject of a Construction Change Directive may be the basis for a Change Order if later agreed to by the Town and Contractor.

**Contract Documents**: The Contract, Addenda (which pertain to the Contract Documents), Contractor’s Bid (including documentation accompanying the Bid), the Bonds if required, these General Conditions, and any Drawings, Exhibits and Attachments referenced in this IFB, together with all amendments, modifications and supplements issued on or after the Effective Date of the Contract.

**Defective**: An adjective which when modifying the word Work refers to Work that is unsatisfactory, faulty, or deficient, or does not conform to the Contract Documents, or does not meet the requirements of any inspection, reference standard, applicable codes, test or approval referred to in the Contract Documents, or has been damaged prior to Town’s final payment.

**Effective Date of the Contract**: The date indicated in the Contract on which it becomes effective, but if no such date is indicated it means the date on which the Contract is signed and delivered by the last of the two parties to sign and deliver, subject to formal acceptance by the Town Council.

**Final Completion**: This term shall mean that point at which, as certified in writing by the Town Engineer or other person designated in the Contract, the Project is at a level of final completion in strict compliance with the Contract, and that Contractor has furnished all Project-close out documentation including, but not limited to, final lien waivers from Contractor and all lower-tiered subcontractors and suppliers, written
warranties and guarantees, written O&M Manuals, Record as-built drawings, all as required by the Contract Documents.

**Project:** The whole or any part of the total construction of the Work to be provided under this IFB and the Contract Documents.

**Substantial Completion:** This term shall mean that point at which, as certified in writing by the Town Engineer or other person designated in the Contract, the Project is at a level of completion in strict compliance with the Contract such that the Town or its designee can enjoy beneficial use or occupancy and can use or operate it in all respects, for its intended purpose, and as defined in the Contract Documents. However, partial use or occupancy of the Project shall not necessarily result in the Project being deemed substantially complete, and such partial use or occupancy shall not necessarily be evidence of Substantial Completion.

**Town:** The Town of Southwest Ranches, Florida.

**Work:** The entire completed construction or the various separately identifiable parts thereof required to be furnished under the Contract Documents. Work is the result of performing services, furnishing labor and furnishing and incorporating materials and equipment into the construction, all as required by the Contract Documents.

**B. PRELIMINARY MATTERS**

**Upon completion of Construction**

The Contractor shall notify and request Town for a substantial or final completion inspection. Payment to Contractor will be dependent upon satisfactory completion of the Work and in strict accordance with the Contract Documents.

**C. CONTRACT DOCUMENTS**

The Contract Documents comprise the entire agreement between the Town and Contractor concerning the Work. Any Work, materials or equipment that may be reasonably inferred from the Contract Documents as being required to produce the intended result will be supplied whether or not specifically called for. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the Laws or Regulations of any governmental authority, or to any permits and conditions thereof, whether such reference by specific or by implication, shall mean the latest standard specification, manual, code or Laws or Regulations or permit in effect at the time of executing the Contract, except as may otherwise be specifically stated. Clarifications and interpretations of the Contract Documents may be issued by the Town.

If during the performance of the Work, Contractor finds a conflict, error or discrepancy in the Contract Documents, Contractor shall so report to the Town in writing at once, and shall obtain a written interpretation or clarification from the Town, before proceeding with the Work affected thereby. Failure to obtain such written interpretation or clarification before proceeding with the Work affected thereby shall result in a conclusive forfeiture and abandonment of any claim by Contractor for additional compensation or time, or both, which could have been avoided by such interpretation or clarification, and Contractor shall bear all costs associated with removal, replacement, correction, repair or restoration of such Work.
Amending and Supplementing Contract Documents
The Contract Documents may be amended to provide for additions, deletions and revisions in the Work or to modify the terms and conditions thereof as outlined in this section, Item G – “Changes in the Work”, and pursuant to the Contract.

D. PHYSICAL CONDITIONS
The Town shall furnish, as indicated in the Contract Documents, the lands upon which the Work is to be performed, including all applicable rights-of-way and easements. Contractor shall have full responsibility with respect to physical conditions in or relating to existing surface and subsurface structures. By submitting its Bid, Contractor represents that it has visited the Site and/or otherwise become generally familiar with such conditions, including any local conditions affecting the Work, and has accounted for same within its Bid.

Contractor shall, promptly after becoming aware and before performing any Work, notify the Town of any differing site conditions or conflicts at the site. The Town will review the pertinent conditions with respect to any deletions or revisions in the Work and any potential modifications to the terms and conditions as outlined in Section 2, Item G – “Changes in the Work”.

Contractor shall have full responsibility for reviewing and checking all information and data, for locating all Underground Facilities, for coordination of the Work with the owners of such Underground Facilities during construction, for the safety and protection thereof as provided in chapter 556, Florida Statutes, and repairing any damage thereto resulting from the Work, the cost of all of which will be considered as having been included in the Contract Price.

E. INSURANCE
Throughout the term of the Contract and for all applicable statutes of limitation periods, Contractor shall maintain in full force and effect all of the insurance coverages as set forth in the terms of this IFB.

F. CONTRACTOR’S RESPONSIBILITIES
Contractor shall supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, procedures, and safety precautions necessary for construction. Contractor shall also be responsible to see that the finished Work strictly complies with the Contract Documents.

Contractor shall keep on the Project site at all times during the progress of the Work a competent resident superintendent and shall supply competent, suitably qualified personnel to perform construction as required by the Contract Documents. For purposes of communicating the Town’s needs, the resident superintendent must be able to read, write, and speak English. The President/Chief Operating Officer of the contracting firm must be available to attend meetings with the Town and/or its designee within 24 hours of notification.

The Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work and shall comply with all OSHA safety requirements while performing the Work. As a minimum, all personnel performing the work subject to this IFB and any Contract awarded will be required to wear safety equipment and clothing appropriate for the work, which may, for example, include Level 2 International Safety Equipment Association (ISEA) approved vests. Any personnel improperly prepared shall be dismissed until proper equipment is secured.
All debris removed from the Town must be legally disposed of according to the Town’s Code of Ordinances and in accordance with Local, State and Federal Regulations. Contractor hereby agrees to and shall indemnify, defend and hold harmless the Town, its officers and employees, from liabilities, damages, losses, costs, and expenses, including, but not limited to, reasonable attorney’s fees (at both the trial and appellate levels), to the extent caused by Contractor’s improper disposal or site cleanup or failure to comply with any applicable environmental laws.

If the Bidder intends to use sub-contractors to perform any work pursuant to this IFB, these sub-contractors are subject to prior approval by Town. Contractor shall be fully responsible to Town for all acts and omissions of any sub-contractors, suppliers and other persons and organizations performing or furnishing any of the Work under a direct or indirect contract with Contractor just as Contractor is responsible for Contractor’s own acts and omissions. Nothing in the Contract Documents shall create any contractual relationship between Town and any such sub-contractor, supplier or other person or organization, nor shall it create any obligation on the part of the Town to pay or see to payment of any monies due any such sub-contractor, supplier or other person or organization.

All Work shall be done according to local laws and ordinances and shall be performed during regular working hours. During the progress of the Work, Contractor shall keep the Project site and premises free from accumulations of waste materials, rubbish and other debris resulting from the Work. At the completion of the Work, Contractor shall remove all waste materials, rubbish and debris from and about the premises as well as all tools, construction equipment and machinery, and surplus materials and shall leave the site clean and ready for use by the Town. Contractor shall restore to original condition all property not designated for alteration by the Contract Documents.

Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to other property at the Project site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and other items not designated for removal, relocation, replacement or improvement in the course of construction.

As set forth in the terms of this IFB, Contractor shall pay all sales, consumer, use and other similar taxes and should not include taxes in Bid prices. The Town is exempt from Florida sales tax on direct purchases of tangible property or services. Also, it is the responsibility of the Contractor to procure all necessary permits and licenses the cost of which shall be deemed included in the Bid price.

G. **CHANGES IN THE WORK**

Without invalidating the Contract and without notice to any surety, the Town may, at any time or from time to time, order additions, deletions or revisions in the Work; these will be authorized by a written Change Order or written Construction Change Directive. Upon receipt of a Change Order or written Construction Change Directive, Contractor shall promptly proceed with the Work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).

**Change Orders and Construction Change Directives**

The Town and Contractor shall execute appropriate Change Orders or Construction Change Directives covering changes in the Work which are ordered by the Town which may include: 1) additions, deletions or revisions to the scope of services; 2) acceptance of defective Work under this section, Item I – “Warranty and Guarantee, Correction, Removal or Acceptance of Defective Work”; or 3) correcting defective Work under this section, Item I – “Warranty and Guarantee, Correction, Removal or Acceptance of Defective Work”.
Surety
If notice of any change affecting the general scope of the Work or the provisions of the Contract Documents is required by the provisions of any Bond to be given to a surety, the giving of any such notice will be Contractor’s responsibility, and the amount of each applicable Bond may be adjusted accordingly.

H. CHANGE IN THE CONTRACT PRICE OR CONTRACT TIME

The Bid price constitutes the total compensation (subject to authorized adjustments) payable to the Contractor for the complete and timely performance of the Work. All duties, responsibilities and obligations assigned to or undertaken by Contractor shall be at his expense without change in the Contract Price or Contract Time.

Quantities shown in the Bid and Proposal Form are approximate only and are subject to either increase or decrease. The quantities indicated are estimated based on the scope of the project. Unless authorized by the Town by Change Order or Construction Change Directive, variation in the estimated quantities shall not be a basis for the Contractor to seek payment beyond the price stipulated in the Bid and Proposal Form and Contract.

Change Order

The Contract may only be changed by a Change Order approved by the Town. Any increase or decrease in the Contract Price or adjustment in the Contract Time shall be based on written notice by the Contractor delivered promptly to the Town (but in no event later than seven (7) days) after the acknowledgement or occurrence of the event giving rise to the claim and stating the general nature of the claim. Within fourteen (14) days thereafter, notice of the amount of the claim with all supporting data shall cover all amounts (direct, indirect and consequential) to which the claimant is entitled as a result of the occurrence of said event. All claims for adjustment in the Contract Price or Contract Time shall be determined by the Town. Contractor acknowledges and agrees that no claim for an adjustment in the Contract Price or Contract Time will be valid or enforceable if not submitted in strict accordance with this paragraph.

The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Price or Contract Time shall be determined by: 1) mutual acceptance of a lump sum (which may include an allowance for overhead and profit) or 2) by application of unit prices contained in the Contract Documents to the quantities of the items involved. The Town shall decide, in its sole discretion, whether to issue and agree to a Change Order, and verbal representations or instructions may not be relied upon by the Contractor.

Unit Prices

Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the established unit prices for each separately identified item times the estimated quantity of each item. The estimated quantities of items are not guaranteed.

Each unit price will be determined to include an amount considered by Contractor to be adequate to cover Contractor’s overhead and profit for each separately identified item.
I. WARRANTY AND GUARANTEE; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

In addition to any manufacturer’s warranties, Contractor warrants and guarantees to the Town that all work will be in strict accordance with the Contract Documents and will not be defective. All defective Work, whether or not in place, may be rejected, corrected or accepted as provided below.

Owner May Stop the Work
If the Work is defective or Contractor fails to supply sufficiently skilled workers or suitable materials or equipment, or fails to furnish or perform the Work in such a way that the completed Work will strictly conform to the Contract Documents, Town may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated. However, this right of Town to stop the Work shall not give rise to any duty on the part of Town to exercise this right for the benefit of Contractor or any other party.

Correction or Removal of Defective Work
If required by Town, Contractor shall promptly, as directed and at its sole expense, either correct all defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by Town, remove it from the site and replace it with non-defective Work. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby.

One Year Correction Period
In the event any work is found to be defective within one year after the date of Final Completion, Contractor shall promptly, without cost to Town and in accordance with Town’s written instructions, either correct such defective Work, or, if it has been rejected by Town, remove it from the site and replace it with non-defective Work. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, Town may have the defective Work corrected or the rejected Work removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) will be promptly paid by Contractor. Nothing in this IFB or the Contract shall be construed as a limitation on any right or remedy for breach of the Contract or defects in the Work. All rights set forth herein and in the Contract shall be deemed cumulative and in addition to any rights or remedies which may be afforded by Florida law.

Acceptance of Defective Work
If, instead of requiring correction or removal and replacement of defective Work, the Town prefers to accept it, the Town may do so. Contractor shall bear all direct, indirect and consequential costs attributable to Town’s evaluation of and determination to accept such defective Work (such costs to include but not be limited to fees and charges of engineers, architects, attorneys and other professionals).

If any such acceptance occurs prior to final payment, a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work; and Town shall be entitled to an appropriate decrease in Contract Price, and, if the parties are unable to agree as to the amount thereof, Town may make a claim therefore as provided in this section, Item H – “Change in the Contract Price or Contract Time”. If the acceptance occurs after final payment, an appropriate amount and consistent with the above will be paid by Contractor to Town promptly upon requests.
Town may Correct Defective Work; Chapter 558, F.S. Not Applicable.

If Contractor fails within a reasonable time, as determined by the Town, after written notice by the Town, to proceed to correct defective Work or to remove and replace rejected Work as required by Town, or if Contractor fails to perform the Work in strict accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, Town may, after seven (7) day’s written notice to Contractor, correct and remedy any such deficiency. In exercising the rights and remedies under this paragraph Town shall proceed expeditiously. To the extent necessary to complete corrective and remedial action, Town may exclude Contractor from all or part of the site, take possession of all or part of the Work, suspend Contractor’s services related thereto, and take possession of Contractor’s tools, appliances, construction equipment, and machinery at the site and incorporate in the Work all materials and equipment stored at the site. Contractor shall allow Town and its representatives, agents and employees such access to the site and Contractor’s tools, appliances, construction equipment and machinery as may be necessary to enable Town to exercise the rights and remedies under this paragraph. All direct, indirect and consequential costs of Town in exercising such rights and remedies will be charged against Contractor in a Change Order that incorporates the necessary revisions in the Contract Documents with respect to the Work; and Town shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount of the decrease or amount due the Town, Town may make claim therefor as provided in this section, Item H – “Change in the Contract Price or Contract Time” against Contractor and its surety without prejudice to any other right or remedies available to Town and regardless of whether or not the Contract is terminated. Such direct, indirect and consequential costs will include but not be limited to fees and charges of engineers, architects, attorneys and other professionals, including paralegals, all court and arbitration costs and all costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of Contractor’s defective Work. Notwithstanding the requirements of any bond to the contrary, Contractor and its surety remain liable for all costs and charges in accordance with this paragraph regardless of whether Contractor is terminated.

Chapter 558, F.S. Does Not Apply: The Contractor and the Town understand and agree that chapter 558, Florida Statutes (Construction Defects), shall not apply to the Contract or claims, if any, by the Town arising out of or relating to this IFB or the Contract. The Contractor and the Town further hereby agree to “opt out” of the procedures set forth at chapter 558, Florida Statutes.

J. PAYMENT

The payment to Contractor is for all materials, labor, services, equipment and all else necessary or reasonably inferable to construct and fully complete the Work. The Work includes all accessories, appurtenances or other work required for completion of the Contract.

Contractor shall render all Work to the Town at the quoted prices stipulated in the Bid and Proposal Form and Town shall pay Contractor for the satisfactory and timely completion of the Work in strict accordance with the Contract Documents at said prices stipulated in Bid Proposal Form.

In no event shall Town be liable for any cost increases or price escalations associated with labor, services, materials, equipment, or any other charges that may arise during the performance of the Work, regardless of any delays in the Work, whether occasioned by Town or Contractor, or both. In the event the cost of the Work exceeds the amounts set forth and included in the Contract Price, Contractor shall pay such excess from its own funds and Town shall not be required to pay any part of such excess. The only exception shall be any adjustments to the Contract Price pursuant to any written Change Order duly executed by Town and
Contractor in accordance with the terms and conditions of this IFB and the Contract, and with the same formality and of equal dignity associated with the original execution of the Contract.

Town and Contractor agree that payment under the Contract will be subject to (a) the delivery of an appropriate invoice or payment application by Contractor to Town, and (b) verification by Town that the Work is acceptable and has been performed in strict accordance with the Contract. Upon verification by Town that the invoiced Work has been satisfactorily performed in strict accordance with the Contract, Town shall have thirty (30) days thereafter to pay said invoice, or such undisputed portion as Town shall determine in its sole discretion.

The Town shall pay the Contract Price to the Contractor in accordance with the procedures set forth in chapter 218.70, Florida Statutes, “Local Government Prompt Payment Act.” Progress payments may be submitted by Contractor to the Town for partial completion of the Work, but no more than once monthly, for the period ending at end of the month. Each payment request must be accompanied by all necessary supporting information and documentation. Subject to the provisions of section 218.735, Florida Statutes, each progress payment shall be reduced by fifteen (15) percent for retainage. The final retainage will be released after Final Completion of the Project, and after Town’s receipt of acceptable reports and other Project-close out documentation required by the Contract Documents, including but not limited to certification of Contractor’s payment to all lower-tiered subcontractors and suppliers providing labor, materials or services on the Project, but no earlier than 30 days of the Contractor’s last progress payment request.

The Contractor’s final payment request must be accompanied by written notice from Contractor that the entire Work has been completed in strict accordance with the Contract Documents. The Town will make a final inspection and notify Contractor in writing of all particulars in which this inspection reveals that the Work is incomplete or defective; provided however, that nothing herein shall waive or release claims for latent defects or the Contractor’s obligations to correct defective work set forth hereinafore. Contractor shall immediately take such measures as are necessary to remedy such deficiencies. Contractor’s obligation to perform and complete the Work in strict accordance with the Contract Documents shall be absolute. The Town may refuse payment if (a) the Work is defective or completed Work has been damaged requiring correction or replacement, (b) the Town has been required to correct defective Work or complete Work in accordance with Section I above, or (c) because claims have been made against the Town on account of Contractor’s performance or furnishing of the Work or liens or claims have been filed in connection with the Work or there are other items entitling the Town to set-off against the amount due. No payment will be made for Work performed by the Contractor to replace defective work and for work which is not shown or ordered, and which is outside the limits shown or ordered, or additional work performed by Contractor without prior written approval of Town. Nothing herein shall be construed as authorizing or consenting to waive sovereign immunity or permitting liens to be asserted against the Town’s property; provided however, that Contractor shall nonetheless be required to furnish partial and final releases of liens and other evidence as may be deemed acceptable by the Town to confirm that all lower-tiered subcontractors and suppliers on the Project have been paid.

K. SUSPENSION OF WORK AND TERMINATION

The Town may, at any time and without cause, suspend Work or any portion thereof for a period of not more than ninety (90) days by notice in writing to Contractor. Contractor shall resume work on a date so determined by the Town. Contractor shall not be allowed an increase in the Contract Price for any such
suspension lasting not more than ninety (90) days. If, through no fault of Contractor, the Work is suspended for a period of more than ninety (90) days, then Contractor may, upon seven (7) days’ written notice to the Town, terminate the Contract and recover from the Town payment for all Work properly executed up to the date of the notice to the Town including reasonable overhead and profit thereon except as otherwise limited by this IFB or the Contract; provided however, that in no event shall Town be liable for consequential damages, including but not limited to, lost profits on Work not yet performed. The Town may terminate all Work if Contractor violates in any substantial way any provisions of the Contract Documents. In such case, the Town may, after giving Contractor written notice pursuant to the Contract, terminate the services of the Contractor, exclude Contractor from the site, take possession of the Work including Contractor’s tools, appliances, construction equipment and machinery, and finish the Work as the Town may deem expedient under the circumstances. In such case, Contractor shall not be entitled to receive any further payment until the Work is finished. If such costs of completing the Work (including correction of defective Work) exceed such unpaid balance, Contractor shall promptly pay the difference to the Town. When exercising any rights or remedies under this paragraph the Town shall not be required to obtain the lowest price for the Work performed, nor obtain competitive bids for the Work except as may otherwise be required by Florida law.

Where Contractor’s services have been terminated by the Town, the termination will not affect any rights or remedies of the Town against Contractor or any surety then existing or which may thereafter accrue. Any payment of monies due Contractor by the Town will not release the Contractor from liability for defective Work or otherwise and such payment shall not be evidence of acceptance of any defective Work. Upon written notice to Contractor, the Town may, without cause and without prejudice to any other right or remedy, elect to abandon the Work and terminate the Contract for the convenience of Town. In such case, Contractor shall be paid for all Work executed and any direct and reasonable expense sustained up to the date of receipt of the written notice. In no event shall Town be liable for consequential damages, including but not limited to, lost profits on Work not yet performed.

L. **EQUIPMENT**

All equipment shall be maintained in an efficient and safe operating condition while performing Work under the Contract. Equipment shall have all proper safety devices required by law, properly maintained and in use at all times. If equipment does not contain proper safety devices and/or is being operated in an unsafe manner, the Town may direct the Contractor to remove such equipment and/or the operator until the deficiency is corrected; provided however, that nothing in this paragraph shall create a duty by the Town to Contractor or anyone else to exercise this right. The Contractor shall be solely responsible and liable for injury to persons, and/or property damage caused by performance of the Work and operation of the equipment.

M. **EQUIPMENT STORAGE AND MOBILIZATION**

The Contractor must be fully capable of servicing the Town’s needs and providing all of the materials and equipment to fulfill the requirements of the Contract Documents, and shall be responsible for the storage of all materials and equipment at Contractor’s sole expense. Storage shall not be permitted at any of the sites specified herein or at/on any other Town properties.

N. **HOURS OF OPERATION**

The Contractor shall perform work Monday through Friday, except Holidays, between 7:00 a.m. and 5:00 p.m.
O. CONTRACTOR’S PERFORMANCE

The Contractor shall commence the performance of the Work identified in the Notice to Proceed or other written authorization on the effective date of the Notice to Proceed and shall diligently and continuously prosecute its performance to and until Substantial Completion and Final Completion of the Work. The Contractor shall accomplish Substantial Completion and Final Completion of each assigned task within the allotted calendar days indicated in the Notice to Proceed.

1.2 All Work rendered pursuant to this Agreement by Contractor shall be performed in accordance with the applicable standard of care for persons or entities performing similar work in Broward County, Florida. Contractor shall perform the Work in strict accordance with the requirements of this Agreement, all of the other Contract Documents, good construction practices for this type of Work performed in Broward County, Florida and all applicable codes, ordinances, rules, laws and regulations governing the Work, including, but not limited to, the Florida Building Code, along with Broward County Amendments to it.
1.3 By submitting its Bid and entering into this Agreement, Contractor represents that it has visited the location of the Work and informed itself of the conditions that exist at the site, including conditions of the facilities and difficulties attending the execution of the Work and such existing site conditions have been accounted for within the Contract Price (as defined below). Furthermore, all costs for the proper disposal of excess material generated on site in the performance of the Work have likewise been included and accounted for within the Contract Price (as defined below).

1.4 Contractor, in addition to any manufacturer's warranty for materials or equipment, hereby warrants that its work will be free of defects and deficiencies for a period of one year(s) from the Final Completion Date (as defined below). If any defects or deficiencies arise within the warranty period, the Contractor shall correct the defect or deficiency at no cost to the Town. Nothing herein shall be construed as a waiver, limitation or release of any right or remedy that the Town may have for breach of this Agreement, which rights are cumulative and in no way limited by the warranty.

Section 2: Term of this Agreement and Agreement Time

2.1 Town and Contractor agree that Contractor shall perform all Work under this Agreement for

**SOUTHWEST 54th PLACE AND SOUTHWEST 195th TERRACE DRAINAGE IMPROVEMENTS**

2.2 Town shall have the ability to terminate this Agreement as provided in “Section 18: Termination.”

2.3 Contractor shall not be entitled to any claim for damages against Town on account of hindrance or delays from any cause whatsoever. If, however, Contractor is delayed in the prosecution of the Work occasioned by an act of God, or by act or omission on the part of the Town, or due to changes ordered in the Work by Town which expand the scope and costs of the Work, such act, hindrance, or delay shall only entitle Contractor to receive an extension of time as its sole and exclusive remedy for such hindrance or delays and Contractor waives any and all other claims against Town.

2.4 Time being of the essence, Town and Contractor agree that Contractor shall perform all Work under this Agreement and achieve substantial completion of the Work within **twenty-one (21) calendar days of the date of the Notice to Proceed**, subject to appropriate extensions of time as provided in this Agreement (“Substantial Completion Date”).

2.4.1 Substantial Completion of the Work at the Project shall be defined as the date upon which the last of all of the following events have occurred:

(i) All necessary approvals have been issued with respect to the Work by the appropriate governmental authorities;

(ii) Restoration of all utilities to operation that have been affected during performance of the Work;

(iii) All Work has been completed; and

(iv) The Town’s engineer/architect of record for the Project, Town of Southwest Ranches Drainage Improvements, has issued its written acceptance of the Work performed by Contractor and executed and delivered to the Town a Certificate of Substantial Completion.
2.4.2 Given that the parties agree that time is of the essence with respect to this Agreement and any breach of same shall go to the essence hereof, and Contractor, in agreeing to substantially complete the Work within the time herein mentioned, has taken into consideration and made allowances for all hindrances and delays incident to its Work.

Liquidated Damages (“LD’s”) – In the event Contractor does not achieve Substantial Completion of the Work as defined in Paragraph 2.4.1 above, in whole or in part due to its own fault, the parties hereto acknowledge that any delay beyond the scheduled Substantial Completion Date may cause grave injury and damage to the Town by virtue of locating, moving to and paying rent for temporary quarters, loss of use, extension of overhead costs, additional costs of design professionals and otherwise. Accordingly, the calculation of the actual damages to the Town would be uncertain and difficult if not impossible to determine. Consequently, if the Contractor has not achieved Substantial Completion of the Work within twenty-one (21) days after the issuance of the Notice to Proceed and has not obtained written authorization for such delay, time being of the essence, then the parties hereto agree that as liquidated delay damages and not as a penalty, the Contractor shall pay to the Town an amount equal to $200.00 for each day or portion thereof, that the date of completion is later than the scheduled Substantial Completion Date set forth above. Contractor shall be entitled to an extension of time and relief from liquidated damages to the extent that additional out of scope work is authorized by the Town in accordance with a properly executed Change Order and such work causes a critical path delay in meeting the Substantial Completion Date set forth above. All such liquidated damage amounts, if any, shall be paid by Contractor to Town weekly, immediately upon each such failure of Contractor to comply with the scheduled Substantial Completion Date, as set forth above. In the event that the Contractor fails to make any one or more of the payments to Town as required under this Paragraph, the Town shall have the right to deduct any and all such amounts from any amounts due or to become due to Contractor. This Section 2.4.2 shall survive termination of this Agreement pursuant to Sections 18C or 18E herein, or other termination for cause.

Contractor shall achieve final completion of the Work within fourteen (14) days after the date of Substantial Completion or no later than Sixty (35) days from the issuance of the Notice to Proceed (“Final Completion Date”). Final Completion Date is defined as the date when all punch list items have been completed as evidenced by the issuance of a written Certification of Final Completion by the Town’s design professional for this Project, and all other conditions precedent to Final Completion as outlined below have been satisfied:

Contractor shall:

(i) Deliver to the Town all warranties, final certifications and similar documentation to confirm that all necessary approvals have been issued with respect to the Work by the appropriate governmental authorities;

(ii) Complete all Punch List items of Work;

(iii) Remove temporary facilities from the site, along with construction tools and similar elements;

(iv) Complete final clean-up including repair, replace and restore any items damaged by Contractor as a consequence of performing Work;
Section 3: Compensation & Method of Payment

3.1 Contractor shall render all Work to the Town under the Agreement for the total not to exceed lump sum price of $_____________ Dollars (“Contract Price”).

3.2 Town shall not be liable for any cost increases or escalation associated with labor, services, materials, equipment or any other costs that may arise during the performance of the Work. In the event the cost of the Work exceeds the amounts defined in Section 3.1 herein of the Contract Price, Contractor shall pay such excess from its own funds and Town shall not be required to pay any part of such excess. The only exception shall be any adjustments to the Contract Price pursuant to any written Change Order duly executed by Town and Contractor in accordance with the terms and conditions of this Agreement, and with the same formality and of equal dignity associated with the original execution of this Agreement.

3.3 Town and Contractor agree that payment under this Agreement will be subject to (a) the delivery of an appropriate invoice or payment application by Contractor to Town with such invoices being delivered by Contractor no more often than once every 30 days, and (b) verification by Town and its designated professional that the Work being invoiced has been performed in accordance with this Agreement. Upon verification by Town and the design professional that the invoiced Work has been performed in accordance with this Agreement, Town shall have thirty (30) days thereafter to pay said invoice.

3.4 Each invoice or payment application must be accompanied by all supporting documentation and other information reasonably requested by Town, including, but not limited to a Partial Release of Lien or Final Release of Lien as appropriate in the forms set forth in Chapter 713.20, Florida Statutes. Reference herein to Chapter 713, Florida Statutes is for convenience, and shall not be construed as a waiver of sovereign immunity or authority for imposition of liens against public property. Each progress payment shall be reduced by 15% retainage. Subject to other requirements of the Contract Documents, retainage shall be released after final completion of the Work and Town’s receipt of acceptable reports and other documentation including certification of payment to subcontractors, if any, and a Final Release of Lien in the form set forth in Section 713.20, Florida Statutes, as well as satisfaction of the conditions set forth at Section 3.5 of this Agreement.

3.5 A final payment invoice or application must be accompanied by written notice from Contractor that the entire Work is completed. The Town’s engineer/architect of record will make a final inspection and notify Contractor in writing with a punch list of all particulars in which this inspection reveals that the Work is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete the punch list and remedy deficiencies. Contractor’s obligation to perform and complete the Work in strict accordance with the Contract Documents shall be absolute. The Town may refuse payment if (a) the Work is defective or completed Work has been damaged requiring correction or replacement, (b) the Town has been required to correct defective Work or...
complete Work in accordance with the Contract Documents, or (c) because claims have been made against the Town on account of Contractor’s performance or furnishing of the Work or liens or claims have been filed or asserted in connection with the Work or there are other items entitling the Town to a set-off against the amount due. No payment will be made for Work performed by the Contractor to replace defective work; for work which is not shown or ordered in the Contract Documents; or additional work performed by Contractor without prior written approval of Town.

Section 4: Assignment

No assignment of this Agreement or of the Work hereunder by Contractor shall be valid without the express written consent of Town, which may be given or withheld, in Town’s sole discretion. All Work to be performed pursuant to this Agreement shall be performed by the Contractor, and no Work shall be subcontracted to other parties or firms without the prior written consent and approval of the Town Administrator.

Section 5: Contractor’s Responsibility for Safety

5.1 Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work provided pursuant to this Agreement in order to prevent, inter alia, damage, injury or loss to (a) all employees performing the Work and all other persons who may be affected thereby, (b) all the Work and all materials and equipment to be incorporated therein and (c) other property at the site or adjacent thereto. Section 12: Sovereign Immunity

The Town is subject to Chapter 119, Florida Statutes, “Public Records Law.” No claim of confidentiality or proprietary information in all or any portion of a response will be honored unless a specific exemption from the Public Law exists and is cited in the response. An incorrectly claimed exemption does not disqualify the firm, only the exemption claimed. Contractor acknowledges the public shall have access at all reasonable times, to all documents and information pertaining to Town’s
contracts, subject to the provisions of Chapter 119, Florida Statutes, and agrees to allow access by the Town and the public to all documents subject to disclosures under applicable law.

In the event that Town elects to terminate Contractor for cause as provided for in this Section, and Town’s termination for cause is later determined by a court of competent jurisdiction to be improper, or in any other way wrongful or in breach of this Agreement, the termination will be automatically deemed converted to one for Convenience, and Contractor shall solely be paid and Contractor’s damages are solely limited to the compensation Contractor would be entitled to pursuant to subparagraph (B) of this Section.

D. **Termination for Lack of Funds.** In the event the funds to finance the Work under this Agreement become unavailable or other funding source applicable, Town may provide Contractor with thirty (30) days written notice of termination. In the event that Town elects to terminate Contractor for lack of funds as provided for in this Section, and Town’s termination for lack of funds is later determined by a court of competent jurisdiction to be improper, or in any other way wrongful or in breach of this Agreement, the termination will be automatically deemed converted to one for Convenience, and Contractor shall solely be paid and Contractor’s damages are solely limited to the compensation Contractor would be entitled to pursuant to subparagraph (B) of this Section.
E. **Immediate Termination by Town.** In addition to any other grounds stated herein, Town, in its sole discretion, may terminate this Agreement immediately upon the occurrence of any of the following events:

**Section 22: No Waiver of Rights**

Neither the Town’s review, approval or payment for any of the Work required under this Agreement shall be construed to operate as a waiver of any of Town’s rights under this Agreement or of any causes of action arising out Contractor’s performance of the Work under this Agreement, and Contractor shall be and remain liable to the Town for all damages to the Town caused by the Contractor’s negligent or improper performance of any of the Work furnished under this Agreement, irrespective of the Town’s review, approval or payment for any of the Work under this Agreement. In the event any term or provision of this Agreement shall be determined by appropriate judicial authority to be illegal or otherwise invalid, such provision shall be given its nearest legal meaning so as to remain in full force and effect, or be deemed severed from the Agreement so as not to affect the validity or enforceability of the remaining provisions of the Agreement.
