

RESOLUTION NO. 2014-057

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF SOUTHWEST RANCHES, FLORIDA ACCEPTING AND APPROVING AN AGREEMENT WITH THE STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION TO RECEIVE \$450,446.00 TO COMPLETE THE TOWN'S COMPREHENSIVE INTERCONNECT DRAINAGE IMPROVEMENT PROJECT; AUTHORIZING THE MAYOR, TOWN ADMINISTRATOR, AND TOWN ATTORNEY TO ENTER INTO AN AGREEMENT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Town desires to complete a comprehensive interconnect drainage improvement project; and

WHEREAS, the Town's Drainage and Infrastructure Advisory Board has prioritized this project; and

WHEREAS, this project is specifically named in the FY 2013-2014 and FY 2014-2015 Town Budgets; and

WHEREAS, the State Legislature has graciously appropriated \$450,446 to assist the Town in completing this project; and

WHEREAS, the project includes excavation, construction of storm drainage pipe, construction of concrete drainage structures and inlets with grates, filling and street repaving, and installation of grass sod; and

WHEREAS, to accept the State's funds, these improvements must be completed by December 2015; and

WHEREAS, the Town of Southwest Ranches desires to enter into an Agreement under the terms and conditions set forth hereinafter.

NOW, THEREFORE, BE IT RESOLVED by the Town Council of the Town of Southwest Ranches, Florida:

Section 1. The above-referenced recitals are true and correct and are incorporated herein by reference.

Section 2. The Town Council hereby accepts and approves an Agreement between the Town of Southwest Ranches and the State of Florida Department of Environmental Protection to receive \$450,446 to complete the Town's comprehensive

interconnect drainage improvement project as outlined in the Agreement attached hereto as Exhibit "A".

Section 3. The Town Council hereby authorizes the Mayor, Town Administrator, and Town Attorney to enter into the Agreement in substantially the same form as that attached hereto as Exhibit "A," and to make such modifications, additions, and/or deletions which they deem necessary and proper to effectuate the intent of this Resolution.

Section 4. That this Resolution shall become effective immediately upon its adoption.

**STATE FINANCIAL ASSISTANCE AGREEMENT
TOWN OF SOUTHWEST RANCHES
DEP AGREEMENT NO. LP06011**

**STATE OF FLORIDA
GRANT ASSISTANCE
PURSUANT TO LINE ITEM 1668A OF THE 2014-2015
GENERAL APPROPRIATIONS ACT**

THIS AGREEMENT is entered into between the STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, whose address is 2600 Blair Stone Road, MS 3505, Tallahassee, Florida 32399-2400 (hereinafter referred to as the "Department") and the TOWN OF SOUTHWEST RANCHES, whose address is 13400 Griffin Road, Southwest Ranches, Florida, 33330 (hereinafter referred to as "Grantee"), a local government under the laws of the State of Florida, to provide funds for the "Southwest Ranches Interconnect Drainage" project. Collectively, the Department and the Grantee shall be referred to as "Parties" or individually as a "Party."

In consideration of the mutual benefits to be derived from this Agreement, the Department and the Grantee do hereby agree as follows:

1. The Grantee does hereby agree to perform in accordance with the terms and conditions set forth in this Agreement, **Attachment A** (Project Work Plan), and all attachments and exhibits named and attached hereto, which are incorporated by reference.
2. This Agreement shall be effective on July 1, 2014 and end no later than December 31, 2015, inclusive. The Grantee shall be eligible for reimbursement for work performed on or after the effective date through the expiration date of this Agreement. This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.
3.
 - A. As consideration for the services satisfactorily rendered by the Grantee under the terms of this Agreement, the Department shall pay the Grantee on a cost reimbursement basis an amount not to exceed \$450,446 toward the total estimated project cost of \$507,692. The parties hereto understand and agree that this Agreement does not require a match on the part of the Grantee. If the Grantee finds, after receipt of competitive bids, that the work described in **Attachment A** cannot be accomplished for the current estimated project cost, the parties hereto agree to modify the Project Work Plan described in **Attachment A**, by amendment of this Agreement, to provide for the work that can be accomplished for the funding identified above.
 - B. Prior written approval from the Department's Grant Manager shall be required for changes between deliverable budget categories not to exceed 10% of the total deliverable budget amount. The Department Grant Manager will transmit a copy of the written approval and revised budget to the Department Contracts Disbursements Office for inclusion in the Agreement file. Changes that exceed 10% of the total approved

deliverable budget will require a formal change order to the Agreement. Changes that transfer funds from one deliverable to another or that increase or decrease the total deliverable funding amount will require a formal amendment to the Agreement.

C. The Grantee shall request reimbursement for all eligible project costs upon receipt and acceptance of the deliverable(s) identified in **Attachment A**, utilizing a properly completed Disbursement Request Package (provided as **Attachment B**). All bills for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. A final Disbursement Request Package must be submitted to the Department no later than March 31, 2016, to assure the availability of funds for payment. The Disbursement Request Package must include:

- (1) A completed Disbursement Request Form submitted by the Grantee's Grant Manager. Such requests must be accompanied by sufficiently itemized summaries of the materials, labor, or services to identify the nature of the work performed; the amount expended for such work; and the person providing the service or performing the work and proof of payment of the invoices; and,
- (2) A certification signed by the Grantee's Grant Manager as to the current cost of the Project; that the materials, labor, or services represented by the invoice have been satisfactorily purchased or performed and applied to the project; that all funds expended to date have been applied toward completing the Project; and,
- (3) If construction is included in **Attachment A**, a certification by the Engineer responsible for overseeing construction is necessary. The certification must state that equipment, materials, labor and services represented by the construction invoices have been satisfactorily invoiced, purchased, received, approved and applied to the Project, as described in the Project Work Plan (**Attachment A**), in accordance with construction contract documents; state that payment is in accordance with construction contract provisions; state that construction, up to the point of the request, is in compliance with the contract documents; and identify all additions or deletions to the Project which have altered the Project's performance standards, scope, or purpose since the issue of the Department construction permit; and,
- (4) Such other certificates or documents by engineers, attorneys, accountants, contractors, or suppliers as may reasonably be required by the Department.

D. The State Chief Financial Officer requires detailed supporting documentation of all costs under a cost reimbursement agreement. In accordance with the **Attachment C, Contract Payment Requirements**, the Grantee shall comply with the minimum requirements set forth therein. The Disbursement Request Package Form in **Attachment B** shall be accompanied by supporting documentation and other requirements as follows:

(1) Contractual (Subcontractors) - Reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from the Grantee. Subcontracts which involve payments for direct salaries of the subcontractor's employees shall clearly identify the personnel involved, salary rate per hour, and hours/time spent on the project. All multipliers used (i.e. fringe benefits, overhead, and/or general and administrative rates) shall be supported by audit. If the Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, the Grantee shall be required to reimburse overpayments resulting from use of these excessive multipliers to the Department within thirty (30) days of written notification. Interest on the excessive charges shall be calculated based on the prevailing rate used by the State Board of Administration. For fixed price (vendor) subcontracts, the following provisions shall apply:

a. The Grantee may award, on a competitive basis, fixed price subcontracts to consultants/contractors in performing the work described in **Attachment A**. Invoices submitted to the Department for fixed price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (Invitation to Bid or Request for Proposals) resulting in the fixed price subcontract.

b. The Grantee may request approval from the Department to award a fixed price subcontract resulting from procurement methods other than those identified in the paragraph above. In this instance, the Grantee shall request the advance written approval from the Department's Grant Manager of the fixed price negotiated by the Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of the Department Grant Manager's approval of the fixed price amount, the Grantee may proceed in finalizing the fixed price subcontract.

c. All subcontracts are subject to the provisions of paragraph 13 and any other appropriate provisions of this Agreement which affect subcontracting activities.

(2) Equipment – (Capital outlay costing \$1,000 or more) –The Grantee will not be reimbursed for the purchase of non-expendable equipment costing \$1,000 or more under the terms and conditions of this Agreement.

E. In addition to the invoicing requirements contained in paragraph 3.C. and 3.D. above, the Department will periodically request proof of a transaction (invoice, payroll register, etc.) to evaluate the appropriateness of costs to the Agreement pursuant to State and Federal guidelines (including cost allocation guidelines), as appropriate. This information when requested must be provided within thirty (30) calendar days of such request. The Grantee may also be required to submit a cost allocation plan to the

Department in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits).

F. State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at <http://www.fldfs.com/aadir/reference%5Fguide>.

4. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. The Parties understand that this Agreement is not a commitment of future appropriations.

5. Progress Reports (**Attachment D**) shall be submitted quarterly describing the work performed, problems encountered, problem resolution, schedule updates and proposed work for the next reporting period. Reports shall be submitted to the Department's Grant Manager no later than twenty (20) days following the completion of the reporting period. It is hereby understood and agreed by the parties that the term "quarterly" shall reflect the calendar quarters ending March 31, June 30, September 30 and December 31. The Final Project Report shall be submitted no later than the completion date of the Agreement. The Department's Grant Manager shall have ten (10) calendar days to review the required reports and deliverables submitted by the Grantee.

6. RESERVED.

7. Each Party agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either Party of its sovereign immunity or the provisions of Section 768.28, Florida Statutes.

8. A. The Department may terminate this Agreement at any time in the event of the failure of the Grantee to fulfill any of its obligations under this Agreement. Prior to termination, the Department shall provide thirty (30) calendar days written notice of its intent to terminate and shall provide the Grantee an opportunity to consult with the Department regarding the reason(s) for termination.

B. The Department may terminate this Agreement for convenience by providing the Grantee with thirty (30) calendar days written notice.

9. No payment will be made for deliverables deemed unsatisfactory by the Department. If a deliverable is deemed unsatisfactory, the Grantee shall re-perform the services needed for submittal of a satisfactory deliverable, at no additional cost to the Department, within ten (10) days after notification that the deliverable was unsatisfactory. If a satisfactory deliverable is not submitted within the specified timeframe, the Department may, in its sole discretion, either: 1) terminate the Agreement for failure to perform, or 2) the Department Grant Manager may, by letter specifying the failure of performance under the Agreement, request that a proposed Corrective Action Plan (CAP) be submitted by the Grantee to the Department. All CAPs must be able to be implemented and performed in no more than sixty (60) days after approval by the Department.

A. A CAP shall be submitted within ten (10) business days of the date of the letter request from the Department. The CAP shall be sent to the Department Grant Manager for review and approval. Within ten (10) business days of receipt of a CAP, the Department shall notify the Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, the Grantee shall have ten (10) business days from receipt of the Department's letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain the Department's approval of a CAP as specified above shall result in the Department's termination of this Agreement for cause as authorized in this Agreement.

B. Upon the Department's notice of acceptance of a proposed CAP, the Grantee shall have ten (10) calendar days to commence implementation of the accepted plan. Acceptance of the proposed CAP by the Department does not alter or amend the Grantee's obligations under this Agreement. If the CAP fails to correct or eliminate performance deficiencies by the Grantee, the Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by the Department or steps taken by the Grantee shall serve to condone, forgive or estop the Department from asserting subsequent deficiencies in performance. The Grantee shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to the Department as requested by the Department Grant Manager.

C. Failure to respond to the Department's request for a CAP or failure to correct a deficiency in the performance of the Grantee as specified by the Department may result in termination of this Agreement.

The remedies set forth above are not exclusive and the Department reserves the right to exercise other remedies in addition to or in lieu of those set forth above.

10. This Agreement may be unilaterally canceled by the Department for refusal by the Grantee to allow public access to all documents, papers, letters, or other material made or received by the Grantee in conjunction with this Agreement, unless the records are exempt pursuant to Section 24(a) of Article I of the State Constitution, Section 119.07(1), Florida Statutes, or other statute.

11. The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following Agreement completion. If any work is subcontracted, the Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes.

12. A. In addition to the requirements of the preceding paragraph, the Grantee shall comply with the applicable provisions contained in **Attachment G, Special Audit**

Requirements, attached hereto and incorporated herein by reference. **Exhibit 1** to **Attachment G** summarizes the funding sources supporting the Agreement for purposes of assisting the Grantee in complying with the requirements of **Attachment G**. A revised copy of **Exhibit 1** must be provided to the Grantee for each amendment which authorizes a funding increase or decrease. If the Grantee fails to receive a revised copy of **Exhibit 1**, the Grantee shall notify the Department's Grants Manager identified in paragraph 18 of this Agreement.

B. The Grantee is hereby advised that the Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. The Grantee shall consider the type of financial assistance (federal and/or state) identified in **Attachment G, Exhibit 1** when making its determination. For federal financial assistance, the Grantee shall utilize the guidance provided under OMB Circular A-133, Subpart B, Section __.210 for determining whether the relationship represents that of a subrecipient or vendor. For state financial assistance, the Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs. Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website:

<https://apps.fldfs.com/fsaa>

The Grantee should confer with its chief financial officer, audit director or contact the Department for assistance with questions pertaining to the applicability of these requirements.

13. The Grantee may subcontract, assign, or transfer any work under this Agreement without the written consent of the Department's Grant Manager, except as provided in paragraph 3.D.(1)b. Regardless of any subcontract, the Grantee is ultimately responsible for all work to be performed under this Agreement. The Grantee shall submit a copy of the executed subcontract to the Department within ten (10) business days after execution. The Grantee agrees to be responsible for the fulfillment of all work elements included in any subcontract and agrees to be responsible for the payment of all monies due under any subcontract. It is understood and agreed by the Grantee that the Department shall not be responsible to any subcontractor for any expenses or costs incurred under the subcontract and that the Grantee shall be solely responsible to the subcontractor for all expenses and costs incurred under the subcontract.

14. The Department of Environmental Protection supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. A list of minority owned firms that could be offered subcontracting opportunities may be obtained by contacting the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

15. In accordance with Section 216.347, Florida Statutes, the Grantee is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency.

16. The Grantee shall comply with all applicable federal, state and local rules and regulations in providing services to the Department under this Agreement. The Grantee acknowledges that this requirement includes, but is not limited to, compliance with all applicable federal, state and local health and safety rules and regulations. The Grantee further agrees to include this provision in all subcontracts issued as a result of this Agreement.

17. Any notices between the Parties shall be considered delivered when posted by Certified Mail, return receipt requested, overnight courier service, electronic mail (e-mail) or delivered in person to the Grant Managers at the addresses below.

Any changes to the contact information shown above must be reduced to writing in the form of a Change Order to this Agreement.

20. To the extent required by law, the Grantee will be self-insured for worker's compensation, or will secure and maintain during the life of this Agreement, Workers' Compensation Insurance for all of Grantee's employees connected with the work of this project and, in case any work is subcontracted, the Grantee shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of its employees unless such employees are covered by the protection afforded by the Grantee. Any self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law. In case any class of employees engaged in hazardous work under this Agreement is not protected under Workers'

Compensation statutes, the Grantee shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Department, for the protection of those employees not otherwise protected.

21. A. The Grantee shall secure and maintain Commercial General Liability insurance including bodily injury and property damage. The minimum limits of liability shall be \$100,000 each occurrence and \$300,000 aggregate. This insurance will provide coverage for all claims that may arise from the services and/or operations completed under this Agreement, whether such services and/or operations are by the Grantee or anyone directly or indirectly employed by him.

B. The Grantee shall secure and maintain Commercial Automobile Liability insurance for all claims which may arise from the services and/or operations under this Agreement, whether such services and/or operations are by the Grantee or by anyone directly or indirectly employed by him. The minimum limits of liability shall be as follows:

\$300,000 Automobile Liability Combined Single Limit for Company
Owned Vehicles, if applicable

\$300,000 Hired and Non-owned Liability Coverage

C. All insurance policies shall be with insurers licensed or eligible to do business in the State of Florida. The Grantee's current certificate of insurance shall contain a provision that the insurance will not be canceled for any reason except after thirty (30) days written notice (with the exception of non-payment of premium which requires a 10 day notice) to the Department's Procurement Administrator.

22. The Grantee covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required.

23. RESERVED.

24. The Department may at any time, by written order designated to be a change order, make any change in the Grant Manager information or task timelines within the current authorized Agreement period. All change orders are subject to the mutual agreement of both parties as evidenced in writing. Any change, which causes an increase or decrease in the Grantee's cost or time, shall require formal amendment to this Agreement.

25. RESERVED.

26. RESERVED.

27. A. No person, on the grounds of race, creed, color, national origin, age, sex, or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this Agreement.

- B. An entity or affiliate, as defined in section 287.134, Florida Statutes, who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and intends to post the list on its website. Questions regarding the discriminatory vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.
28. A. The accounting systems for all Grantees must ensure that funds awarded by this grant are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, the Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
- B. If the Department finds that these grant funds have been commingled, the Department shall have the right to demand a refund, either in whole or in part, of the funds provided to the Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from the Department shall refund, and shall forthwith pay to the Department, the amount of money demanded by the Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from the Department by the Grantee to the date repayment is made by the Grantee to the Department.
- C. If the Grantee recovers costs, incurred under this Agreement and reimbursed by the Department, from another source(s), the Grantee shall reimburse the Department for all recovered funds originally provided under this Agreement. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the payment(s) are recovered by the Grantee to the date repayment is made to the Department by the Grantee.
29. Land acquisition is not authorized under the terms of this Agreement.
30. This Agreement has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the

remainder of such provision or the remaining provisions of this Agreement. Any action hereon or in connection herewith shall be brought in Leon County, Florida.

31. This Agreement represents the entire agreement of the parties. Any alterations, variations, changes, modifications or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing, duly signed by each of the parties hereto, and attached to the original of this Agreement, unless otherwise provided herein.

PROJECT WORK PLAN
TOWN OF SOUTHWEST RANCHES
LP06011**

Project Title: Southwest Ranches Interconnect Drainage
Project Location: The project is located in the Town of Southwest Ranches in southwest Broward County.
Project Background: The Town of Southwest Ranches has a comprehensive drainage project in our Capital Improvement Element, which is shown on the Town's Tertiary Drainage Plan (TDP), which has been approved and prioritized by the Drainage and Infrastructure Advisory Board. This comprehensive project is also supported by two jurisdictional 298 Drainage Districts. This project includes headwall replacements, pipe extensions, new catch basins and outfalls. The project will remove storm waters from local roadways and improve flood routing capacity for storm-water runoff, thereby reducing the risk of property damage and personal injury resulting from flooding.
Project Description: The project includes, but is not limited to the furnishing of all labor, materials, tools, equipment, machinery, expertise, services, and all else necessary for proper construction and completion of the project consisting of excavation, construction of storm drainage pipe, construction of concrete catch basins and inlets with grates, grading, filling and street repair and repaving, and installation of swales and grass sodding. The specific interconnect drainage projects include the following: <u>Thoroughbred Lane Headwalls:</u> The Town had conceptually planned to construct headwalls on the existing pipes under Thoroughbred Lane in the canal that runs parallel to West Palomino Drive. However, upon further site investigations it was determined the interconnecting pipes were failing and limiting flow capacity through the project area. Once determined it became a jurisdictional permitting requirement of the 298 district to replace the pipe. The canal bank is very close to the road (approximately 12") due to erosion over time. The proposed improvements will prevent erosion to the roadway embankment and also improve vehicular safety. If erosion continues the structural integrity of roadway will be compromised and sedimentation will cause blockage to the canal. This project includes removal of the existing pipe and replacing it with 60" RCP under Thoroughbred Lane to provide an eight foot wide grassed recovery area adjacent to each side of the roadway. This project has been fully designed. A bid to hire a contractor for this construction was advertised on May 30, 2014 and five (5) bids were timely received on July 1, 2014. After due diligence by Town staff, the lowest responsive and responsible bid for \$72,246.23 was determined to be Williams Paving. The substantial completion of the project shall be thirty five (35) calendar

days from date of issuance of the Notice to Proceed, and final completion shall be fifty (50) calendar days from date of issuance of the Notice to Proceed. The contract was reviewed and approved by the Town Attorney's Office.

Drainage Outfall from 5801 SW 195 Terrace to SW 196 Avenue: This project consists of constructing 630 linear feet of drainage outfall pipe by connecting the catch basin at 5801 SW 195 Terrace to an existing catch basin on the east side of SW 196th Avenue at the vicinity of 5800 SW 196 Lane. The existing catch basin on SW 196th Avenue has an outfall to Canal 13 through an existing pipe under SW 196th Avenue. This is a drainage outfall to provide flood relief to this portion of SW 195th Terrace by connecting the existing catch basin at 5801 SW 195th Terrace to 5800 SW 196th Lane, which has an outfall to Canal 13. This project area has an existing 12' wide drainage easement that is too narrow for construction. Temporary construction access agreements will be required from four property homeowners. This project is pending final design.

Drainage Outfall from 5601 SW 195 Terrace to SW 196 Avenue: This project consists of constructing 630 linear feet of drainage outfall pipe by connecting the catch basin at 5601 SW 195 Terrace to an existing catch basin on the east side of SW 196th Avenue at the vicinity of 5600 SW 196 Lane. The existing catch basin on SW 196th Avenue has an outfall to Canal 13 through an existing pipe under SW 196th Avenue. This is a drainage outfall to provide flood relief to this portion of SW 195th Terrace by connecting the existing catch basin at 5601 SW 195th Terrace to 5600 SW 196th Lane, which has an outfall to Canal 13. This project area has an existing 12' wide drainage easement that is too narrow for construction. Temporary construction access agreements will be required from four property homeowners. This project is pending final design.

Outfall from Northwest Corner of Hancock and Mustang Trail to Canal: This project consists of constructing a drainage outfall from the northwest corner of the Hancock Road and Mustang Trail intersection. The work includes installation of a catch basin, drainage pipes and a headwall at the existing canal.

Outfall from Dykes Road (SW 160th Ave) to Canal: This project includes constructing a new catch basin and drainage pipe to the canal. The work includes the replacement of the concrete headwall. This project is needed to provide an additional drainage outfall from Dykes Road. The additional outfall will relieve flooding on Dykes Road, a major collector roadway.

Outfall from SW 50th Street (SW 210 Terrace) to Canal: This project includes constructing new catch basins and drainage pipes to the canal. The work includes the placement of a concrete headwall. This project is needed to provide a drainage outfall from SW 50th Street at SW 210 Terrace to relieve flooding in the area.

Drainage Outfall from 5251 SW 195 Terrace to SW 196 Avenue: This project consists of constructing 630 linear feet of drainage outfall pipe by connecting the catch basin at 5251 SW 195 Terrace to an existing catch basin on the east side of SW 196th Avenue at the vicinity of 5210 SW 196 Lane. The existing catch basin on SW 196th Avenue has an outfall to Canal 13 through an existing pipe under SW 196th Avenue. This is a drainage outfall to provide flood relief to this portion of SW 195th Terrace by connecting the existing catch basin at 5251 SW 195th Terrace to 5210 SW 196th Lane, which has an outfall to Canal 13. This project area has an existing 12' wide

drainage easement that is too narrow for construction. Temporary construction access agreements will be required from four property homeowners. This project is pending final design.

Outfall from SW 63rd Street to Canal at SW 188th Avenue: This project consists of construction of a drainage outfall from the intersection of SW 63rd Street and SW 185 Way and SW 188th Avenue. This project is needed to relieve SW 63rd Street from flooding and reduce the frequency of pothole repairs.

Contract Payment Requirements Florida Department of Financial Services, Reference Guide for State Expenditures *Cost Reimbursement Contracts*

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation must be provided for each amount for which reimbursement is being claimed indicating that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved contract budget should be reimbursed.

Listed below are examples of the types of documentation representing the minimum requirements:

- (1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
- (4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
- (5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
- (6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

SPECIAL AUDIT REQUIREMENTS

The administration of resources awarded by the Department of Environmental Protection (*which may be referred to as the "Department", "DEP", "FDEP" or "Grantor", or other name in the contract/agreement*) to the recipient (*which may be referred to as the "Contractor", Grantee" or other name in the contract/agreement*) may be subject to audits and/or monitoring by the Department of Environmental Protection, as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

1. In the event that the recipient expends \$500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this Agreement indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Environmental Protection. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.
3. If the recipient expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than Federal entities).
4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at <http://12.46.245.173/cfda/cfda.html>.

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2)(m), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this Agreement indicates state financial assistance awarded through the Department of Environmental Protection by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$500,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at <https://apps.fldfs.com/fsaa> for assistance. In addition to the above websites, the following websites may be accessed for information: Legislature's Website at <http://www.leg.state.fl.us/Welcome/index.cfm>, State of Florida's website at <http://www.myflorida.com/>, Department of Financial Services' Website at <http://www.fldfs.com/> and the Auditor General's Website at <http://www.state.fl.us/audgen>.

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

PART IV: REPORT SUBMISSION

1. Copies of reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by PART I of this Attachment shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to each of the following:

- A. The Department of Environmental Protection at one of the following addresses:

5. Any reports, management letters, or other information required to be submitted to the Department of Environmental Protection pursuant to this Agreement shall be submitted timely in accordance with OMB Circular A-133, Florida Statutes, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.
6. Recipients, when submitting financial reporting packages to the Department of Environmental Protection for audits done in accordance with OMB Circular A-133, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the recipient in correspondence accompanying the reporting package.

PART V: RECORD RETENTION

The recipient shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of **5** years from the date the audit report is issued, and shall allow the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General upon request for a period of **3** years from the date the audit report is issued, unless extended in writing by the Department of Environmental Protection.

**STATE FINANCIAL ASSISTANCE AGREEMENT
TOWN OF SOUTHWEST RANCHES
DEP AGREEMENT NO. LP06011**

**STATE OF FLORIDA
GRANT ASSISTANCE
PURSUANT TO LINE ITEM 1668A OF THE 2014-2015
GENERAL APPROPRIATIONS ACT**

THIS AGREEMENT is entered into between the STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, whose address is 2600 Blair Stone Road, MS 3505, Tallahassee, Florida 32399-2400 (hereinafter referred to as the "Department") and the TOWN OF SOUTHWEST RANCHES, whose address is 13400 Griffin Road, Southwest Ranches, Florida, 33330 (hereinafter referred to as "Grantee"), a local government under the laws of the State of Florida, to provide funds for the "Southwest Ranches Interconnect Drainage" project. Collectively, the Department and the Grantee shall be referred to as "Parties" or individually as a "Party."

In consideration of the mutual benefits to be derived from this Agreement, the Department and the Grantee do hereby agree as follows:

1. The Grantee does hereby agree to perform in accordance with the terms and conditions set forth in this Agreement, **Attachment A** (Project Work Plan), and all attachments and exhibits named and attached hereto, which are incorporated by reference.
2. This Agreement shall be effective on July 1, 2014 and end no later than December 31, 2015, inclusive. The Grantee shall be eligible for reimbursement for work performed on or after the effective date through the expiration date of this Agreement. This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.
3.
 - A. As consideration for the services satisfactorily rendered by the Grantee under the terms of this Agreement, the Department shall pay the Grantee on a cost reimbursement basis an amount not to exceed \$450,446 toward the total estimated project cost of \$507,692. The parties hereto understand and agree that this Agreement does not require a match on the part of the Grantee. If the Grantee finds, after receipt of competitive bids, that the work described in **Attachment A** cannot be accomplished for the current estimated project cost, the parties hereto agree to modify the Project Work Plan described in **Attachment A**, by amendment of this Agreement, to provide for the work that can be accomplished for the funding identified above.
 - B. Prior written approval from the Department's Grant Manager shall be required for changes between deliverable budget categories not to exceed 10% of the total deliverable budget amount. The Department Grant Manager will transmit a copy of the written approval and revised budget to the Department Contracts Disbursements Office for inclusion in the Agreement file. Changes that exceed 10% of the total approved

deliverable budget will require a formal change order to the Agreement. Changes that transfer funds from one deliverable to another or that increase or decrease the total deliverable funding amount will require a formal amendment to the Agreement.

C. The Grantee shall request reimbursement for all eligible project costs upon receipt and acceptance of the deliverable(s) identified in **Attachment A**, utilizing a properly completed Disbursement Request Package (provided as **Attachment B**). All bills for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. A final Disbursement Request Package must be submitted to the Department no later than March 31, 2016, to assure the availability of funds for payment. The Disbursement Request Package must include:

- (1) A completed Disbursement Request Form submitted by the Grantee's Grant Manager. Such requests must be accompanied by sufficiently itemized summaries of the materials, labor, or services to identify the nature of the work performed; the amount expended for such work; and the person providing the service or performing the work and proof of payment of the invoices; and,
- (2) A certification signed by the Grantee's Grant Manager as to the current cost of the Project; that the materials, labor, or services represented by the invoice have been satisfactorily purchased or performed and applied to the project; that all funds expended to date have been applied toward completing the Project; and,
- (3) If construction is included in **Attachment A**, a certification by the Engineer responsible for overseeing construction is necessary. The certification must state that equipment, materials, labor and services represented by the construction invoices have been satisfactorily invoiced, purchased, received, approved and applied to the Project, as described in the Project Work Plan (**Attachment A**), in accordance with construction contract documents; state that payment is in accordance with construction contract provisions; state that construction, up to the point of the request, is in compliance with the contract documents; and identify all additions or deletions to the Project which have altered the Project's performance standards, scope, or purpose since the issue of the Department construction permit; and,
- (4) Such other certificates or documents by engineers, attorneys, accountants, contractors, or suppliers as may reasonably be required by the Department.

D. The State Chief Financial Officer requires detailed supporting documentation of all costs under a cost reimbursement agreement. In accordance with the **Attachment C, Contract Payment Requirements**, the Grantee shall comply with the minimum requirements set forth therein. The Disbursement Request Package Form in **Attachment B** shall be accompanied by supporting documentation and other requirements as follows:

(1) Contractual (Subcontractors) - Reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from the Grantee. Subcontracts which involve payments for direct salaries of the subcontractor's employees shall clearly identify the personnel involved, salary rate per hour, and hours/time spent on the project. All multipliers used (i.e. fringe benefits, overhead, and/or general and administrative rates) shall be supported by audit. If the Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, the Grantee shall be required to reimburse overpayments resulting from use of these excessive multipliers to the Department within thirty (30) days of written notification. Interest on the excessive charges shall be calculated based on the prevailing rate used by the State Board of Administration. For fixed price (vendor) subcontracts, the following provisions shall apply:

a. The Grantee may award, on a competitive basis, fixed price subcontracts to consultants/contractors in performing the work described in **Attachment A**. Invoices submitted to the Department for fixed price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (Invitation to Bid or Request for Proposals) resulting in the fixed price subcontract.

b. The Grantee may request approval from the Department to award a fixed price subcontract resulting from procurement methods other than those identified in the paragraph above. In this instance, the Grantee shall request the advance written approval from the Department's Grant Manager of the fixed price negotiated by the Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of the Department Grant Manager's approval of the fixed price amount, the Grantee may proceed in finalizing the fixed price subcontract.

c. All subcontracts are subject to the provisions of paragraph 13 and any other appropriate provisions of this Agreement which affect subcontracting activities.

(2) Equipment – (Capital outlay costing \$1,000 or more) –The Grantee will not be reimbursed for the purchase of non-expendable equipment costing \$1,000 or more under the terms and conditions of this Agreement.

E. In addition to the invoicing requirements contained in paragraph 3.C. and 3.D. above, the Department will periodically request proof of a transaction (invoice, payroll register, etc.) to evaluate the appropriateness of costs to the Agreement pursuant to State and Federal guidelines (including cost allocation guidelines), as appropriate. This information when requested must be provided within thirty (30) calendar days of such request. The Grantee may also be required to submit a cost allocation plan to the

Department in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits).

F. State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at <http://www.fldfs.com/aadir/reference%5Fguide>.

4. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. The Parties understand that this Agreement is not a commitment of future appropriations.

5. Progress Reports (**Attachment D**) shall be submitted quarterly describing the work performed, problems encountered, problem resolution, schedule updates and proposed work for the next reporting period. Reports shall be submitted to the Department's Grant Manager no later than twenty (20) days following the completion of the reporting period. It is hereby understood and agreed by the parties that the term "quarterly" shall reflect the calendar quarters ending March 31, June 30, September 30 and December 31. The Final Project Report shall be submitted no later than the completion date of the Agreement. The Department's Grant Manager shall have ten (10) calendar days to review the required reports and deliverables submitted by the Grantee.

6. RESERVED.

7. Each Party agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either Party of its sovereign immunity or the provisions of Section 768.28, Florida Statutes.

8. A. The Department may terminate this Agreement at any time in the event of the failure of the Grantee to fulfill any of its obligations under this Agreement. Prior to termination, the Department shall provide thirty (30) calendar days written notice of its intent to terminate and shall provide the Grantee an opportunity to consult with the Department regarding the reason(s) for termination.

B. The Department may terminate this Agreement for convenience by providing the Grantee with thirty (30) calendar days written notice.

9. No payment will be made for deliverables deemed unsatisfactory by the Department. If a deliverable is deemed unsatisfactory, the Grantee shall re-perform the services needed for submittal of a satisfactory deliverable, at no additional cost to the Department, within ten (10) days after notification that the deliverable was unsatisfactory. If a satisfactory deliverable is not submitted within the specified timeframe, the Department may, in its sole discretion, either: 1) terminate the Agreement for failure to perform, or 2) the Department Grant Manager may, by letter specifying the failure of performance under the Agreement, request that a proposed Corrective Action Plan (CAP) be submitted by the Grantee to the Department. All CAPs must be able to be implemented and performed in no more than sixty (60) days after approval by the Department.

A. A CAP shall be submitted within ten (10) business days of the date of the letter request from the Department. The CAP shall be sent to the Department Grant Manager for review and approval. Within ten (10) business days of receipt of a CAP, the Department shall notify the Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, the Grantee shall have ten (10) business days from receipt of the Department's letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain the Department's approval of a CAP as specified above shall result in the Department's termination of this Agreement for cause as authorized in this Agreement.

B. Upon the Department's notice of acceptance of a proposed CAP, the Grantee shall have ten (10) calendar days to commence implementation of the accepted plan. Acceptance of the proposed CAP by the Department does not alter or amend the Grantee's obligations under this Agreement. If the CAP fails to correct or eliminate performance deficiencies by the Grantee, the Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by the Department or steps taken by the Grantee shall serve to condone, forgive or estop the Department from asserting subsequent deficiencies in performance. The Grantee shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to the Department as requested by the Department Grant Manager.

C. Failure to respond to the Department's request for a CAP or failure to correct a deficiency in the performance of the Grantee as specified by the Department may result in termination of this Agreement.

The remedies set forth above are not exclusive and the Department reserves the right to exercise other remedies in addition to or in lieu of those set forth above.

10. This Agreement may be unilaterally canceled by the Department for refusal by the Grantee to allow public access to all documents, papers, letters, or other material made or received by the Grantee in conjunction with this Agreement, unless the records are exempt pursuant to Section 24(a) of Article I of the State Constitution, Section 119.07(1), Florida Statutes, or other statute.

11. The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following Agreement completion. If any work is subcontracted, the Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes.

12. A. In addition to the requirements of the preceding paragraph, the Grantee shall comply with the applicable provisions contained in **Attachment G, Special Audit**

Requirements, attached hereto and incorporated herein by reference. **Exhibit 1** to **Attachment G** summarizes the funding sources supporting the Agreement for purposes of assisting the Grantee in complying with the requirements of **Attachment G**. A revised copy of **Exhibit 1** must be provided to the Grantee for each amendment which authorizes a funding increase or decrease. If the Grantee fails to receive a revised copy of **Exhibit 1**, the Grantee shall notify the Department's Grants Manager identified in paragraph 18 of this Agreement.

B. The Grantee is hereby advised that the Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. The Grantee shall consider the type of financial assistance (federal and/or state) identified in **Attachment G, Exhibit 1** when making its determination. For federal financial assistance, the Grantee shall utilize the guidance provided under OMB Circular A-133, Subpart B, Section __.210 for determining whether the relationship represents that of a subrecipient or vendor. For state financial assistance, the Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs. Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website:

<https://apps.fldfs.com/fsaa>

The Grantee should confer with its chief financial officer, audit director or contact the Department for assistance with questions pertaining to the applicability of these requirements.

13. The Grantee may subcontract, assign, or transfer any work under this Agreement without the written consent of the Department's Grant Manager, except as provided in paragraph 3.D.(1)b. Regardless of any subcontract, the Grantee is ultimately responsible for all work to be performed under this Agreement. The Grantee shall submit a copy of the executed subcontract to the Department within ten (10) business days after execution. The Grantee agrees to be responsible for the fulfillment of all work elements included in any subcontract and agrees to be responsible for the payment of all monies due under any subcontract. It is understood and agreed by the Grantee that the Department shall not be responsible to any subcontractor for any expenses or costs incurred under the subcontract and that the Grantee shall be solely responsible to the subcontractor for all expenses and costs incurred under the subcontract.

14. The Department of Environmental Protection supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. A list of minority owned firms that could be offered subcontracting opportunities may be obtained by contacting the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

15. In accordance with Section 216.347, Florida Statutes, the Grantee is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency.

16. The Grantee shall comply with all applicable federal, state and local rules and regulations in providing services to the Department under this Agreement. The Grantee acknowledges that this requirement includes, but is not limited to, compliance with all applicable federal, state and local health and safety rules and regulations. The Grantee further agrees to include this provision in all subcontracts issued as a result of this Agreement.

17. Any notices between the Parties shall be considered delivered when posted by Certified Mail, return receipt requested, overnight courier service, electronic mail (e-mail) or delivered in person to the Grant Managers at the addresses below.

Southwest Ranches, Florida 33330
Phone: (954) 343-7453
Fax: (954) 434-1490
Email: emccord@swranches.org

Any changes to the contact information shown above must be reduced to writing in the form of a Change Order to this Agreement.

20. To the extent required by law, the Grantee will be self-insured for worker's compensation, or will secure and maintain during the life of this Agreement, Workers' Compensation Insurance for all of Grantee's employees connected with the work of this project and, in case any work is subcontracted, the Grantee shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of its employees unless such employees are covered by the protection afforded by the Grantee. Any self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law. In case any class of employees engaged in hazardous work under this Agreement is not protected under Workers'

Compensation statutes, the Grantee shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Department, for the protection of those employees not otherwise protected.

21. A. The Grantee shall secure and maintain Commercial General Liability insurance including bodily injury and property damage. The minimum limits of liability shall be \$100,000 each occurrence and \$300,000 aggregate. This insurance will provide coverage for all claims that may arise from the services and/or operations completed under this Agreement, whether such services and/or operations are by the Grantee or anyone directly or indirectly employed by him.

B. The Grantee shall secure and maintain Commercial Automobile Liability insurance for all claims which may arise from the services and/or operations under this Agreement, whether such services and/or operations are by the Grantee or by anyone directly or indirectly employed by him. The minimum limits of liability shall be as follows:

\$300,000 Automobile Liability Combined Single Limit for Company
Owned Vehicles, if applicable

\$300,000 Hired and Non-owned Liability Coverage

C. All insurance policies shall be with insurers licensed or eligible to do business in the State of Florida. The Grantee's current certificate of insurance shall contain a provision that the insurance will not be canceled for any reason except after thirty (30) days written notice (with the exception of non-payment of premium which requires a 10 day notice) to the Department's Procurement Administrator.

22. The Grantee covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required.

23. RESERVED.

24. The Department may at any time, by written order designated to be a change order, make any change in the Grant Manager information or task timelines within the current authorized Agreement period. All change orders are subject to the mutual agreement of both parties as evidenced in writing. Any change, which causes an increase or decrease in the Grantee's cost or time, shall require formal amendment to this Agreement.

25. RESERVED.

26. RESERVED.

27. A. No person, on the grounds of race, creed, color, national origin, age, sex, or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this Agreement.

B. An entity or affiliate, as defined in section 287.134, Florida Statutes, who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and intends to post the list on its website. Questions regarding the discriminatory vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

28. A. The accounting systems for all Grantees must ensure that funds awarded by this grant are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, the Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.

B. If the Department finds that these grant funds have been commingled, the Department shall have the right to demand a refund, either in whole or in part, of the funds provided to the Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from the Department shall refund, and shall forthwith pay to the Department, the amount of money demanded by the Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from the Department by the Grantee to the date repayment is made by the Grantee to the Department.

C. If the Grantee recovers costs, incurred under this Agreement and reimbursed by the Department, from another source(s), the Grantee shall reimburse the Department for all recovered funds originally provided under this Agreement. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the payment(s) are recovered by the Grantee to the date repayment is made to the Department by the Grantee.

29. Land acquisition is not authorized under the terms of this Agreement.

30. This Agreement has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the

remainder of such provision or the remaining provisions of this Agreement. Any action hereon or in connection herewith shall be brought in Leon County, Florida.

31. This Agreement represents the entire agreement of the parties. Any alterations, variations, changes, modifications or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing, duly signed by each of the parties hereto, and attached to the original of this Agreement, unless otherwise provided herein.

PROJECT WORK PLAN
TOWN OF SOUTHWEST RANCHES
LP06011**

Project Title: Southwest Ranches Interconnect Drainage
Project Location: The project is located in the Town of Southwest Ranches in southwest Broward County.
Project Background: The Town of Southwest Ranches has a comprehensive drainage project in our Capital Improvement Element, which is shown on the Town's Tertiary Drainage Plan (TDP), which has been approved and prioritized by the Drainage and Infrastructure Advisory Board. This comprehensive project is also supported by two jurisdictional 298 Drainage Districts. This project includes headwall replacements, pipe extensions, new catch basins and outfalls. The project will remove storm waters from local roadways and improve flood routing capacity for storm-water runoff, thereby reducing the risk of property damage and personal injury resulting from flooding.
Project Description: The project includes, but is not limited to the furnishing of all labor, materials, tools, equipment, machinery, expertise, services, and all else necessary for proper construction and completion of the project consisting of excavation, construction of storm drainage pipe, construction of concrete catch basins and inlets with grates, grading, filling and street repair and repaving, and installation of swales and grass sodding. The specific interconnect drainage projects include the following: <u>Thoroughbred Lane Headwalls:</u> The Town had conceptually planned to construct headwalls on the existing pipes under Thoroughbred Lane in the canal that runs parallel to West Palomino Drive. However, upon further site investigations it was determined the interconnecting pipes were failing and limiting flow capacity through the project area. Once determined it became a jurisdictional permitting requirement of the 298 district to replace the pipe. The canal bank is very close to the road (approximately 12") due to erosion over time. The proposed improvements will prevent erosion to the roadway embankment and also improve vehicular safety. If erosion continues the structural integrity of roadway will be compromised and sedimentation will cause blockage to the canal. This project includes removal of the existing pipe and replacing it with 60" RCP under Thoroughbred Lane to provide an eight foot wide grassed recovery area adjacent to each side of the roadway. This project has been fully designed. A bid to hire a contractor for this construction was advertised on May 30, 2014 and five (5) bids were timely received on July 1, 2014. After due diligence by Town staff, the lowest responsive and responsible bid for \$72,246.23 was determined to be Williams Paving. The substantial completion of the project shall be thirty five (35) calendar

days from date of issuance of the Notice to Proceed, and final completion shall be fifty (50) calendar days from date of issuance of the Notice to Proceed. The contract was reviewed and approved by the Town Attorney's Office.

Drainage Outfall from 5801 SW 195 Terrace to SW 196 Avenue: This project consists of constructing 630 linear feet of drainage outfall pipe by connecting the catch basin at 5801 SW 195 Terrace to an existing catch basin on the east side of SW 196th Avenue at the vicinity of 5800 SW 196 Lane. The existing catch basin on SW 196th Avenue has an outfall to Canal 13 through an existing pipe under SW 196th Avenue. This is a drainage outfall to provide flood relief to this portion of SW 195th Terrace by connecting the existing catch basin at 5801 SW 195th Terrace to 5800 SW 196th Lane, which has an outfall to Canal 13. This project area has an existing 12' wide drainage easement that is too narrow for construction. Temporary construction access agreements will be required from four property homeowners. This project is pending final design.

Drainage Outfall from 5601 SW 195 Terrace to SW 196 Avenue: This project consists of constructing 630 linear feet of drainage outfall pipe by connecting the catch basin at 5601 SW 195 Terrace to an existing catch basin on the east side of SW 196th Avenue at the vicinity of 5600 SW 196 Lane. The existing catch basin on SW 196th Avenue has an outfall to Canal 13 through an existing pipe under SW 196th Avenue. This is a drainage outfall to provide flood relief to this portion of SW 195th Terrace by connecting the existing catch basin at 5601 SW 195th Terrace to 5600 SW 196th Lane, which has an outfall to Canal 13. This project area has an existing 12' wide drainage easement that is too narrow for construction. Temporary construction access agreements will be required from four property homeowners. This project is pending final design.

Outfall from Northwest Corner of Hancock and Mustang Trail to Canal: This project consists of constructing a drainage outfall from the northwest corner of the Hancock Road and Mustang Trail intersection. The work includes installation of a catch basin, drainage pipes and a headwall at the existing canal.

Outfall from Dykes Road (SW 160th Ave) to Canal: This project includes constructing a new catch basin and drainage pipe to the canal. The work includes the replacement of the concrete headwall. This project is needed to provide an additional drainage outfall from Dykes Road. The additional outfall will relieve flooding on Dykes Road, a major collector roadway.

Outfall from SW 50th Street (SW 210 Terrace) to Canal: This project includes constructing new catch basins and drainage pipes to the canal. The work includes the placement of a concrete headwall. This project is needed to provide a drainage outfall from SW 50th Street at SW 210 Terrace to relieve flooding in the area.

Drainage Outfall from 5251 SW 195 Terrace to SW 196 Avenue: This project consists of constructing 630 linear feet of drainage outfall pipe by connecting the catch basin at 5251 SW 195 Terrace to an existing catch basin on the east side of SW 196th Avenue at the vicinity of 5210 SW 196 Lane. The existing catch basin on SW 196th Avenue has an outfall to Canal 13 through an existing pipe under SW 196th Avenue. This is a drainage outfall to provide flood relief to this portion of SW 195th Terrace by connecting the existing catch basin at 5251 SW 195th Terrace to 5210 SW 196th Lane, which has an outfall to Canal 13. This project area has an existing 12' wide

drainage easement that is too narrow for construction. Temporary construction access agreements will be required from four property homeowners. This project is pending final design.

Outfall from SW 63rd Street to Canal at SW 188th Avenue: This project consists of construction of a drainage outfall from the intersection of SW 63rd Street and SW 185 Way and SW 188th Avenue. This project is needed to relieve SW 63rd Street from flooding and reduce the frequency of pothole repairs.

Contract Payment Requirements **Florida Department of Financial Services, Reference Guide for State Expenditures** ***Cost Reimbursement Contracts***

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation must be provided for each amount for which reimbursement is being claimed indicating that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved contract budget should be reimbursed.

Listed below are examples of the types of documentation representing the minimum requirements:

- (1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
- (4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
- (5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
- (6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

SPECIAL AUDIT REQUIREMENTS

The administration of resources awarded by the Department of Environmental Protection (*which may be referred to as the "Department", "DEP", "FDEP" or "Grantor", or other name in the contract/agreement*) to the recipient (*which may be referred to as the "Contractor", Grantee" or other name in the contract/agreement*) may be subject to audits and/or monitoring by the Department of Environmental Protection, as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

1. In the event that the recipient expends \$500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this Agreement indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Environmental Protection. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.
3. If the recipient expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than Federal entities).
4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at <http://12.46.245.173/cfda/cfda.html>.

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2)(m), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this Agreement indicates state financial assistance awarded through the Department of Environmental Protection by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$500,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at <https://apps.fldfs.com/fsaa> for assistance. In addition to the above websites, the following websites may be accessed for information: Legislature's Website at <http://www.leg.state.fl.us/Welcome/index.cfm>, State of Florida's website at <http://www.myflorida.com/>, Department of Financial Services' Website at <http://www.fldfs.com/> and the Auditor General's Website at <http://www.state.fl.us/audgen>.

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

PART IV: REPORT SUBMISSION

1. Copies of reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by PART I of this Attachment shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to each of the following:

ATTACHMENT A-1
REVISED PROJECT WORK PLAN
TOWN OF SOUTHWEST RANCHES
LP06011

Project Title: Southwest Ranches Interconnect Drainage
Project Location: The project is located in the Town of Southwest Ranches in southwest Broward County.
<p>Project Background: The Town of Southwest Ranches has a comprehensive drainage project in our Capital Improvement Element, which is shown on the Town's Tertiary Drainage Plan (TDP), which has been approved and prioritized by the Drainage and Infrastructure Advisory Board. This comprehensive project is also supported by two jurisdictional 298 Drainage Districts.</p> <p>This project includes headwall replacements, pipe extensions, new catch basins and outfalls. The project will remove storm waters from local roadways and improve flood routing capacity for storm-water runoff, thereby reducing the risk of property damage and personal injury resulting from flooding.</p> <p>Originally this project was designed to provide legal positive outfall to Canal 13 by installing drainage pipes from SW 195th Terrace to SW 196th Lane at two locations, each requiring access between four existing residences. After reviewing the initial design, it was determined that construction through this route would be too time consuming and cost-prohibitive due to extensive structural improvements (fences, etc.). Therefore, the project design was amended by re-routing legal positive outfall through Town right-of-way along SW 195th Terrace to SW 54th Place. This will require construction of approximately 1900 linear feet of drainage outfall pipe by connecting the existing catch basins at 5801 SW 195 Terrace to the drainage catch basins at the intersection of SW 195th Terrace and SW 54th Place. The drainage connection will then extend via the SW 54 Place improvements and outfall to Canal 13.</p>
<p>Project Description: The project includes, but is not limited to the furnishing of all labor, materials, tools, equipment, machinery, expertise, services, and all else necessary for proper construction and completion of the project consisting of excavation, construction of storm drainage pipe, construction of concrete catch basins and inlets with grates, grading, filling and street repair and repaving, and installation of swales and grass sodding.</p> <p>The specific interconnect drainage projects include the following:</p> <p><u>Thoroughbred Lane Headwalls:</u> The Town had conceptually planned to construct headwalls on the existing pipes under Thoroughbred Lane in the canal that runs parallel to West Palomino Drive. However, upon further site investigations it was determined the interconnecting pipes were failing and limiting flow capacity through the project area. Once determined it became a jurisdictional permitting requirement of the 298 district to replace the pipe. The canal bank is</p>

very close to the road (approximately 12") due to erosion over time. The proposed improvements will prevent erosion to the roadway embankment and also improve vehicular safety. If erosion continues the structural integrity of roadway will be compromised and sedimentation will cause blockage to the canal. This project includes removal of the existing pipe and replacing it with 60" RCP under Thoroughbred Lane to provide an eight foot wide grassed recovery area adjacent to each side of the roadway. This project has been fully designed. A bid to hire a contractor for this construction was advertised on May 30, 2014 and five (5) bids were timely received on July 1, 2014. After due diligence by Town staff, the lowest responsive and responsible bid for \$72,246.23 was determined to be Williams Paving. The substantial completion of the project shall be thirty five (35) calendar days from date of issuance of the Notice to Proceed, and final completion shall be fifty (50) calendar days from date of issuance of the Notice to Proceed. The contract was reviewed and approved by the Town Attorney's Office.

Drainage Outfall from 5801 SW 195 Terrace to 5601 SW 195 Terrace: This project consists of constructing approximately 1300 linear feet of drainage outfall pipe by connecting the existing catch basins at 5801 SW 195 Terrace to the existing catch basins at the vicinity of 5601 SW 195 Terrace. The drainage connection will then extend an additional 600 feet north to SW 54 Place and outfall to Canal 13 as described in the next project description. This is a tertiary drainage outfall to provide flood relief to the 5800 block of SW 195th Terrace. This project is pending final design.

Drainage Outfall from 5601 SW 195 Terrace to SW 54th Place: This project consists of constructing approximately 600 linear feet of drainage outfall pipe by connecting the drainage catch basins at 5601 SW 195 Terrace to the drainage catch basins at the intersection of SW 195th Terrace and SW 54th Place. The SW 195th Terrace / SW 54th Place intersection drainage system extends west through the drainage catch basins at the intersection of SW 196th Lane and then outfalls to Canal 13. This is a tertiary drainage outfall to provide flood relief to the 5600 block of SW 195th Terrace. This project is pending final design.

Outfall from Northwest Corner of Hancock and Mustang Trail to Canal: This project consists of constructing a drainage outfall from the northwest corner of the Hancock Road and Mustang Trail intersection. The work includes installation of a catch basin, drainage pipes and a headwall at the existing canal.

Outfall from Dykes Road (SW 160th Ave) to Canal: This project includes constructing a new catch basin and drainage pipe to the canal. The work includes the replacement of the concrete headwall. This project is needed to provide an additional drainage outfall from Dykes Road. The additional outfall will relieve flooding on Dykes Road, a major collector roadway.

Outfall from SW 50th Street (SW 210 Terrace) to Canal: This project includes constructing new catch basins, drainage swales and drainage pipes to the canal. The work includes the placement of a concrete headwall. This project is needed to provide a drainage outfall from SW 50th Street at SW 210 Terrace to relieve flooding in the area.

Outfall from SW 63rd Street to Canal at SW 188th Avenue: This project consists of construction of a drainage outfall from the intersection of SW 63rd Street and SW 185 Way and SW 188th

Avenue. This project is needed to relieve SW 63rd Street from flooding and reduce the frequency of pothole repairs.
