

RESOLUTION 2023 - 064

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF SOUTHWEST RANCHES, FLORIDA, ENTERING INTO A REVOCABLE LICENSE AGREEMENT WITH BROWARD COUNTY ATTACHED HERETO AS EXHIBIT "A" AND INCORPORATED HEREIN BY REFERENCE, TO ALLOW THE PLACEMENT OF LICENSE PLATE READERS (LPRs) WITHIN COUNTY OWNED RIGHT-OF-WAY ALONG GRIFFIN ROAD, AND AUTHORIZING THE PROPER TOWN OFFICIALS TO EXECUTE; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on December 10, 2020, pursuant to Resolution 2021-020, the Town Council approved an agreement with Vetted Security Solutions, Inc to install a License Plate Reader (LPR) camera in the Rolling Oaks community financed by a private donation; and

WHEREAS, on October 28, 2021 pursuant to Resolution 2022-005 the Town Council approved the issuance of a Purchase Order to Vetted Security Solutions to furnish, install, and provide all associated services outlined in their quotation to provide a Town-wide License Plate Reader (LPR) camera system which included two LPRs on Griffin Road and approximately SW 128th Avenue; and

WHEREAS, on April 13, 2023 pursuant to Resolution 2023-042 the Town Council approved a change order to acknowledge the placement of a solar powered LPR along the northern portion of Griffin Road and approximately SW 128th Avenue Right-of-Way (ROW); and

WHEREAS, Broward County has developed a Revocable License Agreement (RLA) to allow for the placement of LPRs in County owned ROW; and

WHEREAS, the Town Council of the Town of Southwest Ranches deems it to be in the best interest of the health, safety, and welfare, of its residents to enter into this RLA with Broward County to place two LPR cameras in Griffin Road ROW pursuant to the RLA attached hereto as "Exhibit A."

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF SOUTHWEST RANCHES, FLORIDA, THAT:

Section 1. The "WHEREAS" clauses set forth above are true and correct and incorporated herein by this reference.

Section 2. The Town Council of the Town of Southwest Ranches hereby approves the terms and conditions of the RLA for installation within County ROW which is attached hereto as Exhibit "A" and made a part hereof.

Section 3. The proper Town of Southwest Ranches officials are hereby authorized and directed to execute the RLA, and any other document necessary and proper to effectuate the intent of this Resolution.

Section 4. All Resolutions or parts of Resolutions in conflict herewith, be and the same are repealed to the extent of such conflict.

Section 5. If any section, sentence, clause or phrase of this Resolution is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Resolution.

Section 6. This Resolution shall become effective immediately upon its passage and adoption.

[SIGNATURES ON NEXT PAGE]

PASSED AND ADOPTED by the Town Council of the Town of Southwest Ranches, Florida, this 27th day of July 2023, on a motion by Tom Kuczenski and seconded by Tom Jablonski.

**REVOCABLE LICENSE AGREEMENT BETWEEN BROWARD COUNTY AND
TOWN OF SOUTHWEST RANCHES
(INSTALLATION WITHIN COUNTY RIGHT-OF-WAY)**

This Revocable License Agreement ("Agreement") between Broward County, a political subdivision of the State of Florida ("County"), and Town of Southwest Ranches, a municipal corporation organized and existing under the laws of the State of Florida ("City" or "Town") (each a "Party" and collectively referred to as the "Parties"), is entered into and effective as of the date this Agreement is fully executed by the Parties (the "Effective Date").

RECITALS

A. The revocable license area, as set forth in Exhibit A, is a right-of-way located on Griffin Road near the intersection with SW 126 Avenue (the "Revocable License Area").

B. County owns and controls the Revocable License Area and Griffin Road.

C. City seeks and County is amenable to City's nonexclusive access and use of the Revocable License Area to install, operate, and maintain a law enforcement surveillance system, as set forth in Exhibit B (the "LES System"), subject to the conditions of use and special technical provisions, as set forth in Exhibits C and D (the "Conditions of Use" and "Special Technical Provisions," respectively).

D. The LES System will benefit the residents of County and City.

E. City has authorized the appropriate municipal officers to execute this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

ARTICLE 1. DEFINITIONS

1.1. **Approved Plans** means the construction and installation documents and specifications depicting and defining the LES System, including all equipment to be installed in the Revocable License Area as referenced in the plans submitted to and approved in writing by the Division Director, or designee, and filed under Project Reference Number 221216954.

1.2. **Board** means the Board of County Commissioners of Broward County, Florida.

1.3. **Contract Administrator** means the Director of the Broward County Traffic Engineering Division, or designee.

1.4. **County Administrator** means the administrative head of County, as appointed by the Board.

1.5. **County Attorney** means the chief legal counsel for County, as appointed by the Board.

1.6. **Division** means the Broward County Highway Construction and Engineering Division.

1.7. **Signalization Equipment** means the collection of electronic traffic signal equipment, traffic signal support infrastructure, signal communications infrastructure and all other above-ground or underground accessory equipment necessary for the full and safe operation of the traffic signal, which is operated and maintained by County's Traffic Engineering Division.

1.8. **Traffic Engineering** means the Broward County Traffic Engineering Division.

ARTICLE 2. GRANT OF REVOCABLE LICENSE

2.1. County hereby grants to City a revocable license for the limited, nonexclusive access and use of the Revocable License Area solely for the purposes of installing, operating, and maintaining the LES System, subject to the Conditions of Use and Special Technical Provisions, and taking other actions as may be required by this Agreement.

2.2. Other than for the purposes identified in this Agreement, City may not use the Revocable License Area for any other purpose whatsoever without written amendment of this Agreement executed with the same formalities as this Agreement. City may not permit the Revocable License Area to be used in any manner that will violate the terms of this Agreement or any laws, administrative rules, or regulations of any applicable governmental entity or agency.

2.3. County shall retain full and unrestricted access to the Revocable License Area at all times.

2.4. County reserves the right to lease and/or license other portions of the Revocable License Area to other parties for any purpose, including communications transmitting or receiving sites.

2.5. Throughout the term of this Agreement, and notwithstanding any other term or condition of this Agreement, County retains the right in its sole discretion to modify, reconfigure, improve, convey, or abandon the Signalization Equipment and the Revocable License Area, and to make any improvements thereon. Specifically, City acknowledges and agrees that the Signalization Equipment, roadway, right-of-way area, and/or the Revocable License Area may be temporarily or permanently reconfigured, modified, or moved, without any liability to County. County will provide City with thirty (30) days' written notice of any such modifications to the Revocable License Area to allow City to remove or relocate the LES System at City's own expense.

2.6. This Agreement is merely a right to access and use and grants no estate in the Revocable License Area to City or any other party.

ARTICLE 3. CITY'S OBLIGATIONS

3.1. City shall make application to the Division for a permit to install the LES System as set forth in the Approved Plans. City may not proceed with the installation until all permits have been issued and all permit conditions for commencement of the installation have been satisfied.

3.2. City may not make any alterations to any previously permitted and installed LES System without first obtaining a permit from the Division and the written approval from the Contract Administrator for such alterations.

3.3. City shall install the LES System at its own expense and in full accordance with the Approved Plans and to the Contract Administrator's satisfaction. City shall notify Traffic Engineering as specified in Exhibit B to schedule the installation of the LES System.

3.4. Following City's installation of the LES System and County's approval of same (as set forth in Article 4), City shall provide County with signed and sealed certified as-built drawings for all work performed as set forth in the Approved Plans.

3.5. City shall operate and maintain the LES System at its own expense and in accordance with the requirements set forth in this Agreement.

3.6. If City takes any action or makes any omission that causes or results in alterations or damage to County property, City shall, at its own expense, restore such property to its condition before the alterations or damages. If City fails to make such restoration within thirty (30) days after County's request, County may make the restoration, and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

3.7. If City takes any action or makes any omission that causes or results in alterations to the Revocable License Area, which alterations are not specified in the Approved Plans, City shall, at its own expense, restore the Revocable License Area to its condition before the alterations were made, or to such condition as approved in writing by the Contract Administrator. If City fails to make such restoration within thirty (30) days after County's request, County may make the restoration, and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

3.8. In furtherance of Sections 3.6 and 3.7, if any alterations, restorations, or repairs performed by City result in a malfunction or outage of any part of the Signalization Equipment, City shall be responsible for all costs associated with the emergency response and repair, including costs associated with any emergency contractors retained by Traffic Engineering to perform the repair, and County shall invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

3.9. If the LES System is serviced by any utilities (including but not limited to electricity, water, sewage, or gas), City shall be solely responsible for the cost of such utilities and shall establish its own billing account directly with each utility company.

3.10. City shall reimburse County for all project-specific administration, on-site supervision, and inspection services related to the installation, alterations, restorations, or repairs of the LES System, and for any cost resulting from public records requests or subpoena of County staff for deposition or court testimony related to this Agreement or City's use of its LES System, in accordance with Exhibit C.

3.11. City shall provide the Contract Administrator with immediate verbal notice, followed by prompt written notice (in the manner set forth in Article 7 of this Agreement), of any condition on the Revocable License Area that might present a risk of damage to the Revocable License Area or adjacent property, or might pose a risk of injury to any person. City shall contact the appropriate emergency services (fire-rescue, police, Florida Power & Light) immediately upon

identification of any potential risk of injury to any person, and shall keep a written record of all contact made including the person(s) with whom City has communicated.

3.12. City shall also provide the Contract Administrator with immediate verbal notice, followed by prompt written notice (in the manner set forth in Article 7 of this Agreement), of any damage to the Revocable License Area or any injury to any person on the Revocable License Area.

3.13. City shall provide County with an annual report, due within thirty (30) days after the end of each yearly term of this Agreement, with details on the usage, effectiveness, and statistical law enforcement outcomes of the LES System. Statistical summaries of acquired LES System data may be incorporated as part of the annual report as long as personal privacy is preserved.

3.14. City may retain a third party to install the LES System and/or perform the maintenance on the LES System. If City retains a third party for such purpose(s), City shall enter into a written contract with the third party under which the third party must agree to install the LES System and/or perform the maintenance on the LES System in accordance with the requirements of this Agreement. City shall provide the Contract Administrator with a copy of any such contract(s) upon request of the Contract Administrator. Notwithstanding City's use of any third party, City shall remain obligated and responsible to install the LES System and perform the maintenance on the LES System if the third party does not. City may not relieve itself of any of its obligations under this Agreement by contracting with a third party. City shall provide County a list of any third-party contractors and their roles and responsibilities associated with the LES System within thirty (30) days after execution of the contract between City and the third-party contractor or, if applicable, within thirty (30) days after contracting with such third party(ies).

ARTICLE 4. COUNTY'S OBLIGATIONS

4.1. County shall review City's application for permit to determine whether to issue a permit for the Approved Plans and shall issue a permit only if the Approved Plans comply with all applicable County permitting requirements.

4.2. County shall inspect the installation of the LES System and may reject work that does not conform to the Approved Plans, as determined by County in its sole discretion.

4.3. After receiving signed and sealed certified as-built drawings that the installation of the LES System is in conformance with the Approved Plans, and receiving a request for final inspection, County shall perform a final inspection of the installation and notify City of County's final approval or rejection of the installation.

4.4. County shall have no further obligations under this Agreement other than those stated in this article but may exercise any and all rights it has under this Agreement.

ARTICLE 5. RISK OF LOSS

The LES System shall remain the property of City, and all risk of loss for the LES System shall be City's risk alone. Such risk of loss shall include, but is not limited to, incidental damage to the LES System resulting from primary damage to the Signalization Equipment by third parties or natural events.

ARTICLE 6. TERM AND TERMINATION

6.1. This Agreement shall begin on the Effective Date and continue in perpetuity unless terminated as provided in this article.

6.2. This Agreement may be terminated for cause by County if City breaches any of its obligations under this Agreement and has not corrected the breach within thirty (30) days after receipt of written notice identifying the breach. County may, at the option of the Contract Administrator, cause such breach to be corrected and invoice City for the costs of the correction or may terminate this Agreement. If County opts to correct the breach and invoice City for the costs of correction, City shall pay such invoice within thirty (30) days after receipt. If County erroneously, improperly, or unjustifiably terminates for cause, such termination shall, at County's sole election, be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

6.3. This Agreement may be terminated for convenience by the Board. Termination for convenience by the Board shall be effective on the termination date stated in the written notice provided by County to City, which termination date shall not be less than thirty (30) days after the date of such written notice.

6.4. This Agreement may also be terminated by the County Administrator upon such notice as the County Administrator deems appropriate if the County Administrator determines that termination is necessary to protect the public health or safety. Termination under this section shall be effective on the date County provides notice to City of such termination.

6.5. Upon termination of this Agreement, City shall peaceably surrender its use of the Revocable License Area.

6.6. Upon termination of this Agreement, City shall remove the LES System, including all materials and equipment, installed, or placed in the Revocable License Area by City. In addition, City shall be obligated to repair any damage to the Revocable License Area resulting from the removal of the LES System, including any materials and equipment. If City fails to comply with these removal and/or repair obligations within thirty (30) days after termination, County may perform them and then invoice City for the cost thereof. City shall pay the invoice within thirty (30) days after receipt. Any personal property remaining on the Revocable License Area after the termination of this Agreement shall be deemed to have been abandoned by City and shall become the property of County.

6.7. Upon termination of this Agreement, City shall restore the Revocable License Area to its condition before the installation of the LES System or to such condition as approved in writing by the Contract Administrator. If City fails to make such restorations within thirty (30) days after termination, County may make them and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

6.8. County shall have no obligation to compensate City for any loss resulting from or arising out of this Agreement including any resulting from or arising out of the termination of this Agreement.

6.9. Notice of termination shall be provided in accordance with the Article 7 of this Agreement, except that notice of termination by the County Administrator, pursuant to Section 6.4 of this Agreement may be verbal notice that shall be promptly confirmed in writing in accordance with Article 7 of this Agreement.

ARTICLE 7. NOTICES

Unless otherwise stated herein, for a notice to a Party to be effective under this Agreement, notice must be sent via U.S. first-class mail, hand delivery, or commercial overnight delivery, each with a contemporaneous copy via email, to the addresses listed below and shall be effective upon mailing or hand delivery (provided the contemporaneous email is also sent). Addresses may be changed by the applicable Party giving notice of such change in accordance with this article.

ARTICLE 8. INDEMNIFICATION

8.1. County and City are entities subject to Section 768.28, Florida Statutes, as may be amended from time to time, and agree to be fully responsible for the negligent or wrongful acts and omissions of their respective agents or employees. Nothing herein is intended to serve as a waiver of sovereign immunity by any Party to which sovereign immunity may be applicable. Nothing herein shall be construed as consent by either Party to be sued by third parties in any matter arising out of this Agreement or any other contract.

8.2. To the extent permitted by law, City agrees to indemnify and hold harmless County, and all of County's current, past, and future officers, agents, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to this Agreement, and caused or alleged to be caused, in whole or in part, by any breach of this Agreement by City, or any intentional, reckless, or negligent act or omission of City, its officers, employees, or agents, arising from, relating to, or in connection with this Agreement (collectively, a "Claim"). If any Claim is brought against an Indemnified Party, City

shall, upon written notice from County, defend each Indemnified Party with counsel satisfactory to County or, at County's option, pay for an attorney selected by the County Attorney to defend the Indemnified Party.

8.3. If City contracts with a third party to perform any of City's obligations under this Agreement, City shall enter into a contract with such third party, which contract shall include the following provision:

Indemnification: Contractor shall indemnify and hold harmless Broward County, and all of Broward County's current, past, and future officers, agents, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to this Agreement, and caused or alleged to be caused, in whole or in part, by any intentional, reckless, or negligent act or omission of contractor, its officers, employees, or agents, arising from, relating to, or in connection with this Agreement (collectively, a "Claim"). If any Claim is brought against an Indemnified Party, contractor shall, upon written notice from Broward County, defend each Indemnified Party with counsel satisfactory to Broward County or, at County's option, pay for an attorney selected by the County Attorney to defend the Indemnified Party. The obligations of this paragraph shall survive the expiration or earlier termination of this Agreement.

8.4. The obligations of this article shall survive the expiration or earlier termination of this Agreement.

ARTICLE 9. INSURANCE

9.1. City is a governmental entity and is fully responsible for the negligent or wrongful acts and omissions of its agents or employees, subject to any applicable limitations of Section 768.28, Florida Statutes.

9.2. Within five (5) days after request by County, City must provide County with written verification of liability protection that meets or exceeds any requirements of Florida law. If City holds any excess liability coverage, City must ensure that Broward County is named as an additional insured and certificate holder under such excess liability policy and provide evidence of same to County.

9.3. If City maintains broader coverage or higher limits than the minimum coverage required under Florida law, County shall be entitled to such broader coverage and higher limits on a primary and non-contributory basis.

9.4. The foregoing requirements shall apply to City's self-insurance, if any.

9.5. If City contracts with one or more third parties to perform any of City's obligations set forth herein, City shall require that each third party procure and maintain insurance coverage that adequately covers the third party's exposure based on the services provided by that third party (and any subcontractors retained by the third party). City must ensure that all such third

parties name "Broward County, Florida" as an additional insured and certificate holder under the applicable insurance policies. City shall not permit any third party to provide services required by this Agreement until the insurance requirements of the third party under this section are met. If requested by County, City shall furnish evidence of all insurance required by this section.

9.6. County reserves the right, but not the obligation, to periodically review any and all insurance coverage(s) required by this Agreement and to reasonably adjust the limits and/or types of coverage required herein, from time to time throughout the term of this Agreement.

ARTICLE 10. MISCELLANEOUS

10.1. Independent Contractor. City is an independent contractor under this Agreement. In performing under this Agreement, neither City nor its agents shall act as officers, employees, or agents of County. City has no power or right to bind County to any obligation not expressly undertaken by County under this Agreement.

10.2. Public Records. A request for public records regarding this Agreement must be made directly to City, who will be responsible for responding to any such public records requests.

10.3. Third-Party Beneficiaries. Neither City nor County intends to directly or substantially benefit a third party by this Agreement. Therefore, the Parties acknowledge that there are no third-party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against either of them based upon this Agreement.

10.4. Assignment and Performance. Neither this Agreement nor any right or interest in it may be assigned, transferred, or encumbered by City without the prior written consent of County, which consent may be withheld in County's sole discretion. Any assignment, transfer, or encumbrance in violation of this section shall be void and ineffective, constitute a breach of this Agreement, and permit County to immediately terminate this Agreement, in addition to any other remedies available to County at law or in equity.

City represents that each person and entity that will perform services under this Agreement is duly qualified to perform such services by all appropriate governmental authorities, where required, and is sufficiently experienced and skilled in the area(s) for which such person or entity will render services. City agrees that all services under this Agreement will be performed in a skillful and respectful manner, and that the quality of all such services will equal or exceed prevailing industry standards for the provision of such services.

10.5. Materiality and Waiver of Breach. Each requirement, duty, and obligation set forth in this Agreement was bargained for at arm's-length and is agreed to by the Parties. Each requirement, duty, and obligation set forth in this Agreement is substantial and important to the formation of this Agreement, and each is, therefore, a material term. County's failure to enforce any provision of this Agreement will not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach will not be deemed a waiver of any subsequent breach and will not be construed to be a modification of this Agreement. To be

effective, any waiver must be in writing signed by an authorized signatory of the Party granting the waiver.

10.6. Compliance with Laws. City shall comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

10.7. Entire Agreement. This Agreement constitutes the entire agreement between the Parties with respect to its subject matter. It may not be modified or terminated except as provided in this Agreement. If any part of this Agreement is found to be unenforceable by any court of competent jurisdiction, that part shall be deemed severed from this Agreement and the balance of this Agreement shall remain in full force and effect.

10.8. Joint Preparation. This Agreement has been jointly prepared by the Parties and will not be construed more strictly against either Party.

10.9. Interpretation. The titles and headings contained in this Agreement are for reference purposes only and do not affect in any way the meaning or interpretation of this Agreement. All personal pronouns used in this Agreement shall include the other gender, and the singular shall include the plural, and vice versa, unless the context otherwise requires. Terms such as "herein," "hereof," "hereunder," and "hereinafter," refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a section or article of this Agreement, such reference is to the section or article as a whole, including all subsections thereof, unless the reference is made to a particular subsection or subparagraph of such section or article. Any reference to "days" means calendar days, unless otherwise expressly stated.

10.10. Priority of Provisions. If there is a conflict or inconsistency between any term, statement, requirement, or provision of any document or exhibit attached to, referenced by, or incorporated in this Agreement and any provision within an article or section of this Agreement, the article or section shall prevail and be given effect.

10.11. Law, Jurisdiction, Venue, Waiver of Jury Trial. This Agreement will be interpreted and construed in accordance with and governed by the laws of the State of Florida. The exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement shall be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claim arising from, related to, or in connection with this Agreement must be litigated in federal court, the exclusive venue for any such lawsuit shall be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. **EACH PARTY HEREBY EXPRESSLY WAIVES ANY RIGHTS IT MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT. IF A PARTY FAILS TO WITHDRAW A DEMAND FOR A JURY TRIAL AFTER WRITTEN NOTICE BY THE OTHER PARTY, THE PARTY MAKING THE DEMAND FOR JURY TRIAL SHALL BE LIABLE FOR REASONABLE ATTORNEYS' FEES AND COSTS OF THE OTHER PARTY TO CONTEST THE DEMAND FOR JURY TRIAL, AND SUCH AMOUNTS SHALL BE AWARDED BY THE COURT IN ADJUDICATING THE MOTION.**

10.12. Amendments. No modification, amendment, or alteration of any portion of this Agreement is effective unless contained in a written document executed with the same or similar formality as this Agreement and by duly authorized representatives of the Parties.

10.13. Incorporation by Reference. Any and all Recital clauses stated above are true and correct and are incorporated in this Agreement by reference. The attached Exhibits A, B, C, and D are incorporated into and made a part of this Agreement.

10.14. Representation of Authority. Each individual executing this Agreement on behalf of a Party represents and warrants that he or she is, on the date he or she signs this Agreement, duly authorized by all necessary and appropriate action to execute this Agreement on behalf of such Party and does so with full legal authority.

10.15. Counterparts and Multiple Originals. This Agreement may be executed in multiple originals, and may be executed in counterparts, whether signed physically or electronically, each of which will be deemed to be an original, but all of which, taken together, will constitute one and the same agreement.

10.16. Nondiscrimination. No Party to this Agreement may discriminate on the basis of race, color, sex, religion, national origin, disability, age, marital status, political affiliation, sexual orientation, pregnancy, or gender identity and expression in the performance of this Agreement.

10.17. Time of the Essence. Time is of the essence for City's performance of all obligations under this Agreement.

(The remainder of this page is intentionally left blank.)

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement: BROWARD COUNTY, by and through its County Administrator, authorized to execute same, and Town of Southwest Ranches, signing by and through its _____, duly authorized to execute same.

EXHIBIT B

LES System

This Agreement authorizes the installation of a law enforcement surveillance system within Broward County right-of-way, located on Griffin Road near the intersection with SW 126 Avenue (as detailed in Exhibit A).

All installation, operation, and maintenance will be according to the approved plans that are on file in the Broward County Highway Construction and Engineering Division, subject to the Conditions of Use and Special Technical Provisions set forth in the Agreement. A full-sized set of plans are on file with Broward County Highway Construction and Engineering Division under Project Reference No. 221216954.

5/8/23

Exhibit B to RLA-LES Sys SW Ranches 2023-05-08_Final

EXHIBIT C

Conditions of Use

1. City shall not use or operate its Law Enforcement Surveillance System ("LES System") for red light traffic enforcement under Florida Statute Section 316.0083, or any other traffic infraction enforcement under Florida Statute Chapter 316.
2. City shall not use or operate its LES System in a manner that violates any federal, state, or local laws, regulations, or ordinances. City shall report violations of any federal, state, or local laws, regulations, or ordinances associated with the operation of the LES System in writing to County within ten (10) days after City learns or, through the exercise of reasonable diligence, should have learned of such violation.
3. All LES System video cameras (including thermal cameras) shall have governing devices that either physically prevent cameras from being rotated, aimed, or zoomed into residential property or shall be digitally programmable to blur the field of vision if cameras were to be rotated, aimed, or zoomed outside of the public right-of-way into residential property.
4. City shall establish internal controls and procedures, in addition to physical equipment controls, to minimize any potential intrusion of privacy while using the LES System for law enforcement uses and to prohibit any opportunities for voyeurism, misconduct, or other inappropriate use of the LES System by any party with access to the LES System.
5. City shall restrict use of the LES System to law enforcement uses only and shall only allow its own law enforcement personnel or other federal, state, and local law enforcement agencies to have active access to the system.
6. City and any third-party contracted by City are prohibited from sharing or selling any data or images obtained from the use of the LES System other than for specific law enforcement purposes associated with an ongoing criminal investigation, emergency or incident management, or the search for a lost or missing persons, which may involve other law enforcement or emergency response agencies, or otherwise ordered by a court having jurisdiction.
7. City shall provide County a detailed list of all LES System equipment proposed and the equipment specifications and operational capabilities, including video surveillance capabilities (such as resolution, pan, tilt, and zoom parameters), which said list shall be included as part of the approved plans and referenced in Exhibit B. County shall have the right to reject the installation of certain LES System equipment or its proposed location should the equipment or its positioning allow for unnecessarily intrusive surveillance or potentially violate personal privacy.
8. City shall install and operate the LES System in such a manner as to prevent unnecessarily intrusive surveillance or potential violation of personal privacy. City shall report violations of personal privacy associated with the operation of the LES System in writing to County within ten (10) days after City learns or, through the exercise of reasonable diligence, should have learned of such violation.
9. City shall not install any LES System equipment inside the County's traffic signal control cabinets, nor splice any existing County cables or wiring.

10. City shall install the LES System on a separate electric circuit completely segregated from the Signalization Equipment and shall not tap into or intercept the Signalization Equipment's electric circuit in any manner.
11. City shall not install any LES System equipment that may introduce electromagnetic, ultrasonic, electrical, or any other types of signal interference with any of the Signalization Equipment. If such interference is identified after the LES System is installed, the City shall remove, replace, or otherwise mitigate the interference at its own expense to the satisfaction of the Contract Administrator. County shall not be responsible for mitigating any interference introduced to the LES System due to the LES System's proximity to the Signalization Equipment.
12. City shall not utilize any existing County operated and maintained conduits, conduit sweeps, and pull boxes, unless approved in writing by County, through its Contract Administrator.
13. City shall be responsible for the installation, continued maintenance, and repair of its LES System.
14. City shall not access, enter, attach to, adjust, remove, relocate, or otherwise manipulate any County equipment without the physical presence of the County's Traffic Engineering Division staff. City shall contact Broward County Traffic Engineering Division at (954) 847-2600 at least two business days (Monday through Friday, excluding County-observed holidays) prior to commencement of work to allow proper scheduling of personnel.
15. City shall comply with all aspects of Chapter 556, Florida Statutes (Underground Facility Damage Prevention and Safety Act) relative to the installation, operation, and maintenance of the LES System.
16. City staff and its contractors performing the installation or maintenance of any LES System equipment attached to the Signalization Equipment must have a Traffic Signal Technician Level I Certification (or higher) from the International Municipal Signal Association (IMSA). Any work impacting the operation of the Signalization Equipment shall be performed during non-peak traffic hours, as approved by the Broward County Highway Construction and Engineering Division. A law enforcement officer shall be present for traffic control if the traffic signal is turned off or placed in flashing operation. All expenses for traffic control and use of law enforcement office shall be the responsibility of the City. Work zone control shall be accordance with FDOT Standard Index 600.
17. If County undertakes any improvements or modifications to the Signalization Equipment in the future, City shall disconnect and re-connect its equipment as necessary and at its own expense.
18. City shall reimburse County for all project-specific administration, on-site supervision, and inspection services on an hourly basis in accordance with the pricing schedule attached hereto as Attachment C-1. For each occasion, the time charged shall include travel time to and from the work site and the time spent at the work site, or two hours, whichever is greater. County shall invoice the City for the cost thereof. City shall pay such invoice within thirty (30) calendar days after receipt.
19. City shall reimburse the County for any cost resulting from public records requests or subpoena of County staff for deposition or court testimony related to this Agreement or City's use of its LES

System. The reimbursement shall be in accordance with the pricing schedule attached hereto as Attachment C-1. For each occasion related to a subpoena, the time charged shall include travel time to and from the specified location in the subpoena and the time spent at the location. County shall invoice the City for the cost thereof. City shall pay such invoice within thirty (30) calendar days after receipt.

Exhibit C to RLA-LES Sys SW Ranches 2023-05-02_Final

Attachment C-1

REIMBURSEMENT HOURLY RATES

<u>Job Classification</u>	<u>Hourly Rate* (\$/Hr)</u>
Director of Traffic Engineering	\$ 73.05
Assistant Director of Traffic Engineering	\$ 58.80
Information Systems Manager	\$ 58.80
Engineering Unit Supervisor	\$ 54.70
Traffic Operations (Signals) Superintendent	\$ 50.88
Licensed Engineer	\$ 47.33
Traffic Signals Supervisor	\$ 40.96
Network Communications Technician	\$ 32.97
Traffic Signal Technician, Senior	\$ 32.97
Traffic Signal Technician	\$ 28.53
Administrative Specialist	\$ 28.53

*Hourly rates shown represent the midpoint of the corresponding job classification pay rate range (as of 3/30/2023) and shall increase annually at the same percentage as any annual increase to the salary ranges approved by the Board of County Commissioners. Additional job classifications and hourly rates may be added by Contract Administrator upon written notice to City.

EXHIBIT D

Broward County Department of Public Works Law Enforcement Surveillance (LES) System Special Technical Provisions

General

1. The following Broward County Special Technical Provisions provide installation guidance parameters for the installation of Law Enforcement Surveillance (LES) systems at signalized intersections operated and maintained by Broward County within Broward County jurisdictional roadways, and at signalized intersections operated and maintained by Broward County on behalf of other agencies, including local municipalities.

Governing Standards and Specifications

1. The governing standards and specifications for all LES systems shall be those adopted and in effect as of the date of permit application for projects to be installed within Broward County right-of-way, or as of the date of initial plans submittal to the Broward County Traffic Engineering Division for projects to be installed within municipal right-of-way that do not require a Broward County right-of-way permit.
2. Placement of all LES equipment within the public right-of-way shall comply with the applicable sections of the Florida Department of Transportation (FDOT) Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways (Florida Green Book), FDOT Roadway Design Standards, and the Broward County Minimum Standards Applicable to Public Right-of-Way Under Broward County, Florida Jurisdiction (Broward County Minimum Standards).
3. The LES video surveillance equipment, vehicle detection equipment, structural supports, cabling, conduits, communications equipment, and any other supporting peripheral or auxiliary equipment associated with the LES System shall be in accordance with the applicable sections of the following FDOT Standard Specifications:
 - Section 603 – General Requirements for Traffic Control Signals and Devices
 - Section 620 – Grounding and Lightning Protection
 - Section 630 – Conduit
 - Section 633 – Communication Cable
 - Section 635 – Pull, Splice and Junction Boxes
 - Section 639 – Electrical Power Service Assemblies
 - Section 646 – Aluminum Poles, Pedestals and Posts
 - Section 649 – Mast Arm, Span Wire, and Pole Mounting Assemblies
 - Section 659 – Vehicle Detection Systems
 - Section 660 – Galvanized Steel Poles, Mast Arms, and Monotube Assemblies
 - Section 676 – Traffic Cabinets
 - Section 680 – System Control Equipment
 - Section 684 – Network Devices
 - Section 685 – Traffic Control System Auxiliaries

4. Underground communications systems serving the LES System shall be in accordance with the most current applicable sections of the FDOT Roadway Design Standards and FDOT Standard Specifications for Road and Bridge Construction.
5. Structural support posts and assemblies for all LES equipment and other ancillary equipment installations on Broward County and municipal roadways shall be in accordance with FDOT Roadway Design Standards. All support poles, support posts, other structural support elements and brackets must have FDOT product approval (i.e., listed on the FDOT Approved Product List). Design details and shop drawing of structural supports to be installed in Broward County right-of-way and/or attached to Broward County-maintained infrastructure must be approved by the Broward County's Contract Administrator or designee prior to installation.
6. All LES system equipment shall be grounded in accordance with FDOT Standard Specifications Section 620 and all other applicable electric codes. Grounding of the LES System equipment shall not in any way affect the grounding of any preexisting signal equipment.
7. Lightning protection and dissipation systems shall be installed in accordance with FDOT Standard Specifications Section 620. LES equipment and/or support assemblies shall be equipped with lightning deterrent systems in accordance with manufacturer's recommended practices and grounded accordingly.
8. Any proposed LES equipment or technology submittals that are not addressed under a FDOT standard specification shall include a detailed summary of its operating specifications and any applicable nationally recognized industry testing certifications to demonstrate its suitability for use in the public right-of-way and anticipated operating environment. It is recognized that certain types of law enforcement equipment and peripheral devices and supports will inherently not have FDOT Approved Product List certifications, however, Broward County reserves the right to ensure such equipment is adequately tested and certified, and substantially conforms to FDOT specifications to the greatest extent possible. Broward County may request certain proposed equipment be substituted with FDOT approved equipment if such reasonable substitutions exist. Broward County may deny installation of any proposed equipment if Broward County determines the proposed equipment does not have other adequate industry certifications or otherwise may pose a hazard to the public and/or represent a potential point of failure.
9. Lane closures required for the installation of the LES System must be included as part of a maintenance of traffic (MOT) plan submitted to and approved by Broward County. The allowable timeframe of lane closures shall be determined by Broward County at time of MOT plan submission and approval.
10. All aspects of the LES System installation shall comply with all applicable provisions of Chapter 556, Florida Statutes (Underground Facility Damage Prevention and Safety Act). The City shall be responsible for Chapter 556 compliance, including but not limited to, responding to Sunshine One-Call of Florida locate requests for location of the underground infrastructure associated with the LES System.

LES System Isolation and Segregation from Signalization Equipment

1. It is the intent of these specifications to require that all LES systems operate in isolation and independently from all other traffic control devices and Signalization Equipment operated and maintained by Broward County.
2. All video equipment, detection equipment, electronic data transmission, communications infrastructure, power service and all other components of the LES System shall be constructed, installed, owned, operated, and maintained by the City. No LES System equipment will be operated or maintained by Broward County, nor shall there be any expectation that Broward County staff will operate, maintain, or repair any aspect of such systems.
3. The LES System shall be independently powered via an exclusive Florida Power & Light (FP&L) service point connection, separate from the traffic signal service point connection, and shall be serviced through an independent electrical circuit served by its own power service disconnect (circuit breaker) located on an independent stub pole. The service point connection and service disconnect stub-pole assembly shall be in accordance with FDOT Standard Index 17736 and may either be metered or non-metered (formula based) per FP&L requirements. However, in certain circumstances where an excessive hardship is demonstrated, consideration may be given to allow the LES equipment to share the use of an existing FP&L power service point that is already used to supply power to the Signalization Equipment. Such consideration would be contingent upon the LES equipment power circuit (load side) being completely separated from the traffic signal circuit via a separate power service disconnect (breaker box) such that at outage of the LES equipment circuit (e.g., open breaker) does not affect the traffic signal circuit. Approval of a shared FP&L service point shall be granted solely at the discretion of Broward County's Contract Administrator, and subject to further connection approval by FP&L. Broward County's approval of such a connection configuration does not guarantee approval concurrence by FP&L.
4. LES system cabling will not be permitted to occupy any underground conduits owned or maintained by Broward County, or those owned by FDOT that are maintained by Broward County through its signal maintenance agreement with FDOT District Four. Any conduits owned by FDOT on the State Highway System that have been determined to be "surplus" or "abandoned" by FDOT, and no longer serve as spare conduit maintained by Broward County, may be occupied by LES equipment if written notification of such approval is provided to Broward County by FDOT.
5. All self-standing LES equipment shall be designed and installed within an independent, non-intrusive system, separate from direct comingling with the Signalization Equipment. This independent system shall comprise of a separately installed communications and power service infrastructure that is physically separated from and operated exclusively from Signalization Equipment. LES system equipment or wiring shall not be allowed within the traffic signal controller cabinet or associated signal communications cabinet. All LES equipment shall be located as to not obstruct any roadway sight triangles or visibility of traffic control devices. Any proposed LES posts or pedestals shall be located outside of the horizontal clear zones from travel lanes and outside roadside clear recovery areas.
6. LES system projects that propose passive (non-intrusive) attachment of LES cameras, detectors, and other equipment to signal supports shall be installed in a manner that will not interfere with the safe operation and efficient maintenance of the Signalization Equipment as determined by the Broward

County. Such passive installations shall not violate any provision of the federal Manual on Uniform Traffic Control Devices (MUTCD) or any applicable federal, state, and local laws and regulations. Such attachments shall also not obscure signal indications or traffic control signs or represent a visual distraction to the motoring public. The passive attachment of LES equipment to signal supports may require a structural analysis by a registered professional engineer to determine if the existing system supports will meet applicable wind loading and other structural criteria with the addition of the LES equipment. The acceptability of any passive system to be attached to Broward County-maintained infrastructure shall be at the sole discretion of the Broward County's Contract Administrator or designee.

3/30/2023

Exhibit D to RLA-LES Sys SW Ranches 2023-03-30_Final

**REVOCABLE LICENSE AGREEMENT BETWEEN BROWARD COUNTY AND
TOWN OF SOUTHWEST RANCHES
(INSTALLATION WITHIN COUNTY RIGHT-OF-WAY)**

This Revocable License Agreement ("Agreement") between Broward County, a political subdivision of the State of Florida ("County"), and Town of Southwest Ranches, a municipal corporation organized and existing under the laws of the State of Florida ("City" or "Town") (each a "Party" and collectively referred to as the "Parties"), is entered into and effective as of the date this Agreement is fully executed by the Parties (the "Effective Date").

RECITALS

A. The revocable license area, as set forth in Exhibit A, is a right-of-way located on Griffin Road near the intersection with SW 126 Avenue (the "Revocable License Area").

B. County owns and controls the Revocable License Area and Griffin Road.

C. City seeks and County is amenable to City's nonexclusive access and use of the Revocable License Area to install, operate, and maintain a law enforcement surveillance system, as set forth in Exhibit B (the "LES System"), subject to the conditions of use and special technical provisions, as set forth in Exhibits C and D (the "Conditions of Use" and "Special Technical Provisions," respectively).

D. The LES System will benefit the residents of County and City.

E. City has authorized the appropriate municipal officers to execute this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

ARTICLE 1. DEFINITIONS

1.1. **Approved Plans** means the construction and installation documents and specifications depicting and defining the LES System, including all equipment to be installed in the Revocable License Area as referenced in the plans submitted to and approved in writing by the Division Director, or designee, and filed under Project Reference Number 221216954.

1.2. **Board** means the Board of County Commissioners of Broward County, Florida.

1.3. **Contract Administrator** means the Director of the Broward County Traffic Engineering Division, or designee.

1.4. **County Administrator** means the administrative head of County, as appointed by the Board.

1.5. **County Attorney** means the chief legal counsel for County, as appointed by the Board.

- 1.6. **Division** means the Broward County Highway Construction and Engineering Division.
- 1.7. **Signalization Equipment** means the collection of electronic traffic signal equipment, traffic signal support infrastructure, signal communications infrastructure and all other above-ground or underground accessory equipment necessary for the full and safe operation of the traffic signal, which is operated and maintained by County's Traffic Engineering Division.
- 1.8. **Traffic Engineering** means the Broward County Traffic Engineering Division.

ARTICLE 2. GRANT OF REVOCABLE LICENSE

- 2.1. County hereby grants to City a revocable license for the limited, nonexclusive access and use of the Revocable License Area solely for the purposes of installing, operating, and maintaining the LES System, subject to the Conditions of Use and Special Technical Provisions, and taking other actions as may be required by this Agreement.
- 2.2. Other than for the purposes identified in this Agreement, City may not use the Revocable License Area for any other purpose whatsoever without written amendment of this Agreement executed with the same formalities as this Agreement. City may not permit the Revocable License Area to be used in any manner that will violate the terms of this Agreement or any laws, administrative rules, or regulations of any applicable governmental entity or agency.
- 2.3. County shall retain full and unrestricted access to the Revocable License Area at all times.
- 2.4. County reserves the right to lease and/or license other portions of the Revocable License Area to other parties for any purpose, including communications transmitting or receiving sites.
- 2.5. Throughout the term of this Agreement, and notwithstanding any other term or condition of this Agreement, County retains the right in its sole discretion to modify, reconfigure, improve, convey, or abandon the Signalization Equipment and the Revocable License Area, and to make any improvements thereon. Specifically, City acknowledges and agrees that the Signalization Equipment, roadway, right-of-way area, and/or the Revocable License Area may be temporarily or permanently reconfigured, modified, or moved, without any liability to County. County will provide City with thirty (30) days' written notice of any such modifications to the Revocable License Area to allow City to remove or relocate the LES System at City's own expense.
- 2.6. This Agreement is merely a right to access and use and grants no estate in the Revocable License Area to City or any other party.

ARTICLE 3. CITY'S OBLIGATIONS

- 3.1. City shall make application to the Division for a permit to install the LES System as set forth in the Approved Plans. City may not proceed with the installation until all permits have been issued and all permit conditions for commencement of the installation have been satisfied.
- 3.2. City may not make any alterations to any previously permitted and installed LES System without first obtaining a permit from the Division and the written approval from the Contract Administrator for such alterations.

3.3. City shall install the LES System at its own expense and in full accordance with the Approved Plans and to the Contract Administrator's satisfaction. City shall notify Traffic Engineering as specified in Exhibit B to schedule the installation of the LES System.

3.4. Following City's installation of the LES System and County's approval of same (as set forth in Article 4), City shall provide County with signed and sealed certified as-built drawings for all work performed as set forth in the Approved Plans.

3.5. City shall operate and maintain the LES System at its own expense and in accordance with the requirements set forth in this Agreement.

3.6. If City takes any action or makes any omission that causes or results in alterations or damage to County property, City shall, at its own expense, restore such property to its condition before the alterations or damages. If City fails to make such restoration within thirty (30) days after County's request, County may make the restoration, and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

3.7. If City takes any action or makes any omission that causes or results in alterations to the Revocable License Area, which alterations are not specified in the Approved Plans, City shall, at its own expense, restore the Revocable License Area to its condition before the alterations were made, or to such condition as approved in writing by the Contract Administrator. If City fails to make such restoration within thirty (30) days after County's request, County may make the restoration, and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

3.8. In furtherance of Sections 3.6 and 3.7, if any alterations, restorations, or repairs performed by City result in a malfunction or outage of any part of the Signalization Equipment, City shall be responsible for all costs associated with the emergency response and repair, including costs associated with any emergency contractors retained by Traffic Engineering to perform the repair, and County shall invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

3.9. If the LES System is serviced by any utilities (including but not limited to electricity, water, sewage, or gas), City shall be solely responsible for the cost of such utilities and shall establish its own billing account directly with each utility company.

3.10. City shall reimburse County for all project-specific administration, on-site supervision, and inspection services related to the installation, alterations, restorations, or repairs of the LES System, and for any cost resulting from public records requests or subpoena of County staff for deposition or court testimony related to this Agreement or City's use of its LES System, in accordance with Exhibit C.

3.11. City shall provide the Contract Administrator with immediate verbal notice, followed by prompt written notice (in the manner set forth in Article 7 of this Agreement), of any condition on the Revocable License Area that might present a risk of damage to the Revocable License Area or adjacent property, or might pose a risk of injury to any person. City shall contact the appropriate emergency services (fire-rescue, police, Florida Power & Light) immediately upon

identification of any potential risk of injury to any person, and shall keep a written record of all contact made including the person(s) with whom City has communicated.

3.12. City shall also provide the Contract Administrator with immediate verbal notice, followed by prompt written notice (in the manner set forth in Article 7 of this Agreement), of any damage to the Revocable License Area or any injury to any person on the Revocable License Area.

3.13. City shall provide County with an annual report, due within thirty (30) days after the end of each yearly term of this Agreement, with details on the usage, effectiveness, and statistical law enforcement outcomes of the LES System. Statistical summaries of acquired LES System data may be incorporated as part of the annual report as long as personal privacy is preserved.

3.14. City may retain a third party to install the LES System and/or perform the maintenance on the LES System. If City retains a third party for such purpose(s), City shall enter into a written contract with the third party under which the third party must agree to install the LES System and/or perform the maintenance on the LES System in accordance with the requirements of this Agreement. City shall provide the Contract Administrator with a copy of any such contract(s) upon request of the Contract Administrator. Notwithstanding City's use of any third party, City shall remain obligated and responsible to install the LES System and perform the maintenance on the LES System if the third party does not. City may not relieve itself of any of its obligations under this Agreement by contracting with a third party. City shall provide County a list of any third-party contractors and their roles and responsibilities associated with the LES System within thirty (30) days after execution of the contract between City and the third-party contractor or, if applicable, within thirty (30) days after contracting with such third party(ies).

ARTICLE 4. COUNTY'S OBLIGATIONS

4.1. County shall review City's application for permit to determine whether to issue a permit for the Approved Plans and shall issue a permit only if the Approved Plans comply with all applicable County permitting requirements.

4.2. County shall inspect the installation of the LES System and may reject work that does not conform to the Approved Plans, as determined by County in its sole discretion.

4.3. After receiving signed and sealed certified as-built drawings that the installation of the LES System is in conformance with the Approved Plans, and receiving a request for final inspection, County shall perform a final inspection of the installation and notify City of County's final approval or rejection of the installation.

4.4. County shall have no further obligations under this Agreement other than those stated in this article but may exercise any and all rights it has under this Agreement.

ARTICLE 5. RISK OF LOSS

The LES System shall remain the property of City, and all risk of loss for the LES System shall be City's risk alone. Such risk of loss shall include, but is not limited to, incidental damage to the LES System resulting from primary damage to the Signalization Equipment by third parties or natural events.

ARTICLE 6. TERM AND TERMINATION

6.1. This Agreement shall begin on the Effective Date and continue in perpetuity unless terminated as provided in this article.

6.2. This Agreement may be terminated for cause by County if City breaches any of its obligations under this Agreement and has not corrected the breach within thirty (30) days after receipt of written notice identifying the breach. County may, at the option of the Contract Administrator, cause such breach to be corrected and invoice City for the costs of the correction or may terminate this Agreement. If County opts to correct the breach and invoice City for the costs of correction, City shall pay such invoice within thirty (30) days after receipt. If County erroneously, improperly, or unjustifiably terminates for cause, such termination shall, at County's sole election, be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

6.3. This Agreement may be terminated for convenience by the Board. Termination for convenience by the Board shall be effective on the termination date stated in the written notice provided by County to City, which termination date shall not be less than thirty (30) days after the date of such written notice.

6.4. This Agreement may also be terminated by the County Administrator upon such notice as the County Administrator deems appropriate if the County Administrator determines that termination is necessary to protect the public health or safety. Termination under this section shall be effective on the date County provides notice to City of such termination.

6.5. Upon termination of this Agreement, City shall peaceably surrender its use of the Revocable License Area.

6.6. Upon termination of this Agreement, City shall remove the LES System, including all materials and equipment, installed, or placed in the Revocable License Area by City. In addition, City shall be obligated to repair any damage to the Revocable License Area resulting from the removal of the LES System, including any materials and equipment. If City fails to comply with these removal and/or repair obligations within thirty (30) days after termination, County may perform them and then invoice City for the cost thereof. City shall pay the invoice within thirty (30) days after receipt. Any personal property remaining on the Revocable License Area after the termination of this Agreement shall be deemed to have been abandoned by City and shall become the property of County.

6.7. Upon termination of this Agreement, City shall restore the Revocable License Area to its condition before the installation of the LES System or to such condition as approved in writing by the Contract Administrator. If City fails to make such restorations within thirty (30) days after termination, County may make them and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) days after receipt.

6.8. County shall have no obligation to compensate City for any loss resulting from or arising out of this Agreement including any resulting from or arising out of the termination of this Agreement.

6.9. Notice of termination shall be provided in accordance with the Article 7 of this Agreement, except that notice of termination by the County Administrator, pursuant to Section 6.4 of this Agreement may be verbal notice that shall be promptly confirmed in writing in accordance with Article 7 of this Agreement.

ARTICLE 7. NOTICES

Unless otherwise stated herein, for a notice to a Party to be effective under this Agreement, notice must be sent via U.S. first-class mail, hand delivery, or commercial overnight delivery, each with a contemporaneous copy via email, to the addresses listed below and shall be effective upon mailing or hand delivery (provided the contemporaneous email is also sent). Addresses may be changed by the applicable Party giving notice of such change in accordance with this article.

FOR COUNTY:

Scott Brunner, P.E.
Director, Broward County Traffic Engineering Division
2300 W. Commercial Boulevard
Fort Lauderdale, FL 33309
Email: sbrunner@broward.org

FOR CITY:

Russell Muñiz
Assistant Town Administrator/Town Clerk
Town of Southwest Ranches
13400 Griffin Road
Southwest Ranches, FL 33330
Email: rmuniz@southwestranches.org

ARTICLE 8. INDEMNIFICATION

8.1. County and City are entities subject to Section 768.28, Florida Statutes, as may be amended from time to time, and agree to be fully responsible for the negligent or wrongful acts and omissions of their respective agents or employees. Nothing herein is intended to serve as a waiver of sovereign immunity by any Party to which sovereign immunity may be applicable. Nothing herein shall be construed as consent by either Party to be sued by third parties in any matter arising out of this Agreement or any other contract.

8.2. To the extent permitted by law, City agrees to indemnify and hold harmless County, and all of County's current, past, and future officers, agents, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to this Agreement, and caused or alleged to be caused, in whole or in part, by any breach of this Agreement by City, or any intentional, reckless, or negligent act or omission of City, its officers, employees, or agents, arising from, relating to, or in connection with this Agreement (collectively, a "Claim"). If any Claim is brought against an Indemnified Party, City

shall, upon written notice from County, defend each Indemnified Party with counsel satisfactory to County or, at County's option, pay for an attorney selected by the County Attorney to defend the Indemnified Party.

8.3. If City contracts with a third party to perform any of City's obligations under this Agreement, City shall enter into a contract with such third party, which contract shall include the following provision:

Indemnification: Contractor shall indemnify and hold harmless Broward County, and all of Broward County's current, past, and future officers, agents, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to this Agreement, and caused or alleged to be caused, in whole or in part, by any intentional, reckless, or negligent act or omission of contractor, its officers, employees, or agents, arising from, relating to, or in connection with this Agreement (collectively, a "Claim"). If any Claim is brought against an Indemnified Party, contractor shall, upon written notice from Broward County, defend each Indemnified Party with counsel satisfactory to Broward County or, at County's option, pay for an attorney selected by the County Attorney to defend the Indemnified Party. The obligations of this paragraph shall survive the expiration or earlier termination of this Agreement.

8.4. The obligations of this article shall survive the expiration or earlier termination of this Agreement.

ARTICLE 9. INSURANCE

9.1. City is a governmental entity and is fully responsible for the negligent or wrongful acts and omissions of its agents or employees, subject to any applicable limitations of Section 768.28, Florida Statutes.

9.2. Within five (5) days after request by County, City must provide County with written verification of liability protection that meets or exceeds any requirements of Florida law. If City holds any excess liability coverage, City must ensure that Broward County is named as an additional insured and certificate holder under such excess liability policy and provide evidence of same to County.

9.3. If City maintains broader coverage or higher limits than the minimum coverage required under Florida law, County shall be entitled to such broader coverage and higher limits on a primary and non-contributory basis.

9.4. The foregoing requirements shall apply to City's self-insurance, if any.

9.5. If City contracts with one or more third parties to perform any of City's obligations set forth herein, City shall require that each third party procure and maintain insurance coverage that adequately covers the third party's exposure based on the services provided by that third party (and any subcontractors retained by the third party). City must ensure that all such third

parties name "Broward County, Florida" as an additional insured and certificate holder under the applicable insurance policies. City shall not permit any third party to provide services required by this Agreement until the insurance requirements of the third party under this section are met. If requested by County, City shall furnish evidence of all insurance required by this section.

9.6. County reserves the right, but not the obligation, to periodically review any and all insurance coverage(s) required by this Agreement and to reasonably adjust the limits and/or types of coverage required herein, from time to time throughout the term of this Agreement.

ARTICLE 10. MISCELLANEOUS

10.1. Independent Contractor. City is an independent contractor under this Agreement. In performing under this Agreement, neither City nor its agents shall act as officers, employees, or agents of County. City has no power or right to bind County to any obligation not expressly undertaken by County under this Agreement.

10.2. Public Records. A request for public records regarding this Agreement must be made directly to City, who will be responsible for responding to any such public records requests.

10.3. Third-Party Beneficiaries. Neither City nor County intends to directly or substantially benefit a third party by this Agreement. Therefore, the Parties acknowledge that there are no third-party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against either of them based upon this Agreement.

10.4. Assignment and Performance. Neither this Agreement nor any right or interest in it may be assigned, transferred, or encumbered by City without the prior written consent of County, which consent may be withheld in County's sole discretion. Any assignment, transfer, or encumbrance in violation of this section shall be void and ineffective, constitute a breach of this Agreement, and permit County to immediately terminate this Agreement, in addition to any other remedies available to County at law or in equity.

City represents that each person and entity that will perform services under this Agreement is duly qualified to perform such services by all appropriate governmental authorities, where required, and is sufficiently experienced and skilled in the area(s) for which such person or entity will render services. City agrees that all services under this Agreement will be performed in a skillful and respectful manner, and that the quality of all such services will equal or exceed prevailing industry standards for the provision of such services.

10.5. Materiality and Waiver of Breach. Each requirement, duty, and obligation set forth in this Agreement was bargained for at arm's-length and is agreed to by the Parties. Each requirement, duty, and obligation set forth in this Agreement is substantial and important to the formation of this Agreement, and each is, therefore, a material term. County's failure to enforce any provision of this Agreement will not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach will not be deemed a waiver of any subsequent breach and will not be construed to be a modification of this Agreement. To be

effective, any waiver must be in writing signed by an authorized signatory of the Party granting the waiver.

10.6. Compliance with Laws. City shall comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

10.7. Entire Agreement. This Agreement constitutes the entire agreement between the Parties with respect to its subject matter. It may not be modified or terminated except as provided in this Agreement. If any part of this Agreement is found to be unenforceable by any court of competent jurisdiction, that part shall be deemed severed from this Agreement and the balance of this Agreement shall remain in full force and effect.

10.8. Joint Preparation. This Agreement has been jointly prepared by the Parties and will not be construed more strictly against either Party.

10.9. Interpretation. The titles and headings contained in this Agreement are for reference purposes only and do not affect in any way the meaning or interpretation of this Agreement. All personal pronouns used in this Agreement shall include the other gender, and the singular shall include the plural, and vice versa, unless the context otherwise requires. Terms such as "herein," "hereof," "hereunder," and "hereinafter," refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a section or article of this Agreement, such reference is to the section or article as a whole, including all subsections thereof, unless the reference is made to a particular subsection or subparagraph of such section or article. Any reference to "days" means calendar days, unless otherwise expressly stated.

10.10. Priority of Provisions. If there is a conflict or inconsistency between any term, statement, requirement, or provision of any document or exhibit attached to, referenced by, or incorporated in this Agreement and any provision within an article or section of this Agreement, the article or section shall prevail and be given effect.

10.11. Law, Jurisdiction, Venue, Waiver of Jury Trial. This Agreement will be interpreted and construed in accordance with and governed by the laws of the State of Florida. The exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement shall be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claim arising from, related to, or in connection with this Agreement must be litigated in federal court, the exclusive venue for any such lawsuit shall be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. **EACH PARTY HEREBY EXPRESSLY WAIVES ANY RIGHTS IT MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT. IF A PARTY FAILS TO WITHDRAW A DEMAND FOR A JURY TRIAL AFTER WRITTEN NOTICE BY THE OTHER PARTY, THE PARTY MAKING THE DEMAND FOR JURY TRIAL SHALL BE LIABLE FOR REASONABLE ATTORNEYS' FEES AND COSTS OF THE OTHER PARTY TO CONTEST THE DEMAND FOR JURY TRIAL, AND SUCH AMOUNTS SHALL BE AWARDED BY THE COURT IN ADJUDICATING THE MOTION.**

10.12. Amendments. No modification, amendment, or alteration of any portion of this Agreement is effective unless contained in a written document executed with the same or similar formality as this Agreement and by duly authorized representatives of the Parties.

10.13. Incorporation by Reference. Any and all Recital clauses stated above are true and correct and are incorporated in this Agreement by reference. The attached Exhibits A, B, C, and D are incorporated into and made a part of this Agreement.

10.14. Representation of Authority. Each individual executing this Agreement on behalf of a Party represents and warrants that he or she is, on the date he or she signs this Agreement, duly authorized by all necessary and appropriate action to execute this Agreement on behalf of such Party and does so with full legal authority.

10.15. Counterparts and Multiple Originals. This Agreement may be executed in multiple originals, and may be executed in counterparts, whether signed physically or electronically, each of which will be deemed to be an original, but all of which, taken together, will constitute one and the same agreement.

10.16. Nondiscrimination. No Party to this Agreement may discriminate on the basis of race, color, sex, religion, national origin, disability, age, marital status, political affiliation, sexual orientation, pregnancy, or gender identity and expression in the performance of this Agreement.

10.17. Time of the Essence. Time is of the essence for City's performance of all obligations under this Agreement.

(The remainder of this page is intentionally left blank.)

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement: BROWARD COUNTY, by and through its County Administrator, authorized to execute same, and Town of Southwest Ranches, signing by and through its Mayor _____, duly authorized to execute same.

EXHIBIT B

LES System

This Agreement authorizes the installation of a law enforcement surveillance system within Broward County right-of-way, located on Griffin Road near the intersection with SW 126 Avenue (as detailed in Exhibit A).

All installation, operation, and maintenance will be according to the approved plans that are on file in the Broward County Highway Construction and Engineering Division, subject to the Conditions of Use and Special Technical Provisions set forth in the Agreement. A full-sized set of plans are on file with Broward County Highway Construction and Engineering Division under Project Reference No. 221216954.

EXHIBIT C

Conditions of Use

1. City shall not use or operate its Law Enforcement Surveillance System ("LES System") for red light traffic enforcement under Florida Statute Section 316.0083, or any other traffic infraction enforcement under Florida Statute Chapter 316.
2. City shall not use or operate its LES System in a manner that violates any federal, state, or local laws, regulations, or ordinances. City shall report violations of any federal, state, or local laws, regulations, or ordinances associated with the operation of the LES System in writing to County within ten (10) days after City learns or, through the exercise of reasonable diligence, should have learned of such violation.
3. All LES System video cameras (including thermal cameras) shall have governing devices that either physically prevent cameras from being rotated, aimed, or zoomed into residential property or shall be digitally programmable to blur the field of vision if cameras were to be rotated, aimed, or zoomed outside of the public right-of-way into residential property.
4. City shall establish internal controls and procedures, in addition to physical equipment controls, to minimize any potential intrusion of privacy while using the LES System for law enforcement uses and to prohibit any opportunities for voyeurism, misconduct, or other inappropriate use of the LES System by any party with access to the LES System.
5. City shall restrict use of the LES System to law enforcement uses only and shall only allow its own law enforcement personnel or other federal, state, and local law enforcement agencies to have active access to the system.
6. City and any third-party contracted by City are prohibited from sharing or selling any data or images obtained from the use of the LES System other than for specific law enforcement purposes associated with an ongoing criminal investigation, emergency or incident management, or the search for a lost or missing persons, which may involve other law enforcement or emergency response agencies, or otherwise ordered by a court having jurisdiction.
7. City shall provide County a detailed list of all LES System equipment proposed and the equipment specifications and operational capabilities, including video surveillance capabilities (such as resolution, pan, tilt, and zoom parameters), which said list shall be included as part of the approved plans and referenced in Exhibit B. County shall have the right to reject the installation of certain LES System equipment or its proposed location should the equipment or its positioning allow for unnecessarily intrusive surveillance or potentially violate personal privacy.
8. City shall install and operate the LES System in such a manner as to prevent unnecessarily intrusive surveillance or potential violation of personal privacy. City shall report violations of personal privacy associated with the operation of the LES System in writing to County within ten (10) days after City learns or, through the exercise of reasonable diligence, should have learned of such violation.
9. City shall not install any LES System equipment inside the County's traffic signal control cabinets, nor splice any existing County cables or wiring.

10. City shall install the LES System on a separate electric circuit completely segregated from the Signalization Equipment and shall not tap into or intercept the Signalization Equipment's electric circuit in any manner.
11. City shall not install any LES System equipment that may introduce electromagnetic, ultrasonic, electrical, or any other types of signal interference with any of the Signalization Equipment. If such interference is identified after the LES System is installed, the City shall remove, replace, or otherwise mitigate the interference at its own expense to the satisfaction of the Contract Administrator. County shall not be responsible for mitigating any interference introduced to the LES System due to the LES System's proximity to the Signalization Equipment.
12. City shall not utilize any existing County operated and maintained conduits, conduit sweeps, and pull boxes, unless approved in writing by County, through its Contract Administrator.
13. City shall be responsible for the installation, continued maintenance, and repair of its LES System.
14. City shall not access, enter, attach to, adjust, remove, relocate, or otherwise manipulate any County equipment without the physical presence of the County's Traffic Engineering Division staff. City shall contact Broward County Traffic Engineering Division at (954) 847-2600 at least two business days (Monday through Friday, excluding County-observed holidays) prior to commencement of work to allow proper scheduling of personnel.
15. City shall comply with all aspects of Chapter 556, Florida Statutes (Underground Facility Damage Prevention and Safety Act) relative to the installation, operation, and maintenance of the LES System.
16. City staff and its contractors performing the installation or maintenance of any LES System equipment attached to the Signalization Equipment must have a Traffic Signal Technician Level I Certification (or higher) from the International Municipal Signal Association (IMSA). Any work impacting the operation of the Signalization Equipment shall be performed during non-peak traffic hours, as approved by the Broward County Highway Construction and Engineering Division. A law enforcement officer shall be present for traffic control if the traffic signal is turned off or placed in flashing operation. All expenses for traffic control and use of law enforcement office shall be the responsibility of the City. Work zone control shall be accordance with FDOT Standard Index 600.
17. If County undertakes any improvements or modifications to the Signalization Equipment in the future, City shall disconnect and re-connect its equipment as necessary and at its own expense.
18. City shall reimburse County for all project-specific administration, on-site supervision, and inspection services; on an hourly basis in accordance with the pricing schedule attached hereto as Attachment C-1. For each occasion, the time charged shall include travel time to and from the work site and the time spent at the work site, or two hours, whichever is greater. County shall invoice the City for the cost thereof. City shall pay such invoice within thirty (30) calendar days after receipt.
19. City shall reimburse the County for any cost resulting from public records requests or subpoena of County staff for deposition or court testimony related to this Agreement or City's use of its LES

System. The reimbursement shall be in accordance with the pricing schedule attached hereto as Attachment C-1. For each occasion related to a subpoena, the time charged shall include travel time to and from the specified location in the subpoena and the time spent at the location. County shall invoice the City for the cost thereof. City shall pay such invoice within thirty (30) calendar days after receipt.

Exhibit C to RLA-LES Sys SW Ranches 2023-05-02_Final

Attachment C-1

REIMBURSEMENT HOURLY RATES

<u>Job Classification</u>	<u>Hourly Rate* (\$/Hr)</u>
Director of Traffic Engineering	\$ 73.05
Assistant Director of Traffic Engineering	\$ 58.80
Information Systems Manager	\$ 58.80
Engineering Unit Supervisor	\$ 54.70
Traffic Operations (Signals) Superintendent	\$ 50.88
Licensed Engineer	\$ 47.33
Traffic Signals Supervisor	\$ 40.96
Network Communications Technician	\$ 32.97
Traffic Signal Technician, Senior	\$ 32.97
Traffic Signal Technician	\$ 28.53
Administrative Specialist	\$ 28.53

*Hourly rates shown represent the midpoint of the corresponding job classification pay rate range (as of 3/30/2023) and shall increase annually at the same percentage as any annual increase to the salary ranges approved by the Board of County Commissioners. Additional job classifications and hourly rates may be added by Contract Administrator upon written notice to City.

EXHIBIT D

Broward County Department of Public Works Law Enforcement Surveillance (LES) System Special Technical Provisions

General

1. The following Broward County Special Technical Provisions provide installation guidance parameters for the installation of Law Enforcement Surveillance (LES) systems at signalized intersections operated and maintained by Broward County within Broward County jurisdictional roadways, and at signalized intersections operated and maintained by Broward County on behalf of other agencies, including local municipalities.

Governing Standards and Specifications

1. The governing standards and specifications for all LES systems shall be those adopted and in effect as of the date of permit application for projects to be installed within Broward County right-of-way, or as of the date of initial plans submittal to the Broward County Traffic Engineering Division for projects to be installed within municipal right-of-way that do not require a Broward County right-of-way permit.
2. Placement of all LES equipment within the public right-of-way shall comply with the applicable sections of the Florida Department of Transportation (FDOT) Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways (Florida Green Book), FDOT Roadway Design Standards, and the Broward County Minimum Standards Applicable to Public Right-of-Way Under Broward County, Florida Jurisdiction (Broward County Minimum Standards).
3. The LES video surveillance equipment, vehicle detection equipment, structural supports, cabling, conduits, communications equipment, and any other supporting peripheral or auxiliary equipment associated with the LES System shall be in accordance with the applicable sections of the following FDOT Standard Specifications:
 - Section 603 – General Requirements for Traffic Control Signals and Devices
 - Section 620 – Grounding and Lightning Protection
 - Section 630 – Conduit
 - Section 633 – Communication Cable
 - Section 635 – Pull, Splice and Junction Boxes
 - Section 639 – Electrical Power Service Assemblies
 - Section 646 – Aluminum Poles, Pedestals and Posts
 - Section 649 – Mast Arm, Span Wire, and Pole Mounting Assemblies
 - Section 659 – Vehicle Detection Systems
 - Section 660 – Galvanized Steel Poles, Mast Arms, and Monotube Assemblies
 - Section 676 – Traffic Cabinets
 - Section 680 – System Control Equipment
 - Section 684 – Network Devices
 - Section 685 – Traffic Control System Auxiliaries

4. Underground communications systems serving the LES System shall be in accordance with the most current applicable sections of the FDOT Roadway Design Standards and FDOT Standard Specifications for Road and Bridge Construction.
5. Structural support posts and assemblies for all LES equipment and other ancillary equipment installations on Broward County and municipal roadways shall be in accordance with FDOT Roadway Design Standards. All support poles, support posts, other structural support elements and brackets must have FDOT product approval (i.e., listed on the FDOT Approved Product List). Design details and shop drawing of structural supports to be installed in Broward County right-of-way and/or attached to Broward County-maintained infrastructure must be approved by the Broward County's Contract Administrator or designee prior to installation.
6. All LES system equipment shall be grounded in accordance with FDOT Standard Specifications Section 620 and all other applicable electric codes. Grounding of the LES System equipment shall not in any way affect the grounding of any preexisting signal equipment.
7. Lightning protection and dissipation systems shall be installed in accordance with FDOT Standard Specifications Section 620. LES equipment and/or support assemblies shall be equipped with lightning deterrent systems in accordance with manufacturer's recommended practices and grounded accordingly.
8. Any proposed LES equipment or technology submittals that are not addressed under a FDOT standard specification shall include a detailed summary of its operating specifications and any applicable nationally recognized industry testing certifications to demonstrate its suitability for use in the public right-of-way and anticipated operating environment. It is recognized that certain types of law enforcement equipment and peripheral devices and supports will inherently not have FDOT Approved Product List certifications, however, Broward County reserves the right to ensure such equipment is adequately tested and certified, and substantially conforms to FDOT specifications to the greatest extent possible. Broward County may request certain proposed equipment be substituted with FDOT approved equipment if such reasonable substitutions exist. Broward County may deny installation of any proposed equipment if Broward County determines the proposed equipment does not have other adequate industry certifications or otherwise may pose a hazard to the public and/or represent a potential point of failure.
9. Lane closures required for the installation of the LES System must be included as part of a maintenance of traffic (MOT) plan submitted to and approved by Broward County. The allowable timeframe of lane closures shall be determined by Broward County at time of MOT plan submission and approval.
10. All aspects of the LES System installation shall comply with all applicable provisions of Chapter 556, Florida Statutes (Underground Facility Damage Prevention and Safety Act). The City shall be responsible for Chapter 556 compliance, including but not limited to, responding to Sunshine One-Call of Florida locate requests for location of the underground infrastructure associated with the LES System.

LES System Isolation and Segregation from Signalization Equipment

1. It is the intent of these specifications to require that all LES systems operate in isolation and independently from all other traffic control devices and Signalization Equipment operated and maintained by Broward County.
2. All video equipment, detection equipment, electronic data transmission, communications infrastructure, power service and all other components of the LES System shall be constructed, installed, owned, operated, and maintained by the City. No LES System equipment will be operated or maintained by Broward County, nor shall there be any expectation that Broward County staff will operate, maintain, or repair any aspect of such systems.
3. The LES System shall be independently powered via an exclusive Florida Power & Light (FP&L) service point connection, separate from the traffic signal service point connection, and shall be serviced through an independent electrical circuit served by its own power service disconnect (circuit breaker) located on an independent stub pole. The service point connection and service disconnect stub-pole assembly shall be in accordance with FDOT Standard Index 17736 and may either be metered or non-metered (formula based) per FP&L requirements. However, in certain circumstances where an excessive hardship is demonstrated, consideration may be given to allow the LES equipment to share the use of an existing FP&L power service point that is already used to supply power to the Signalization Equipment. Such consideration would be contingent upon the LES equipment power circuit (load side) being completely separated from the traffic signal circuit via a separate power service disconnect (breaker box) such that at outage of the LES equipment circuit (e.g., open breaker) does not affect the traffic signal circuit. Approval of a shared FP&L service point shall be granted solely at the discretion of Broward County's Contract Administrator, and subject to further connection approval by FP&L. Broward County's approval of such a connection configuration does not guarantee approval concurrence by FP&L.
4. LES system cabling will not be permitted to occupy any underground conduits owned or maintained by Broward County, or those owned by FDOT that are maintained by Broward County through its signal maintenance agreement with FDOT District Four. Any conduits owned by FDOT on the State Highway System that have been determined to be "surplus" or "abandoned" by FDOT, and no longer serve as spare conduit maintained by Broward County, may be occupied by LES equipment if written notification of such approval is provided to Broward County by FDOT.
5. All self-standing LES equipment shall be designed and installed within an independent, non-intrusive system, separate from direct comingling with the Signalization Equipment. This independent system shall comprise of a separately installed communications and power service infrastructure that is physically separated from and operated exclusively from Signalization Equipment. LES system equipment or wiring shall not be allowed within the traffic signal controller cabinet or associated signal communications cabinet. All LES equipment shall be located as to not obstruct any roadway sight triangles or visibility of traffic control devices. Any proposed LES posts or pedestals shall be located outside of the horizontal clear zones from travel lanes and outside roadside clear recovery areas.
6. LES system projects that propose passive (non-intrusive) attachment of LES cameras, detectors, and other equipment to signal supports shall be installed in a manner that will not interfere with the safe operation and efficient maintenance of the Signalization Equipment as determined by the Broward

County. Such passive installations shall not violate any provision of the federal Manual on Uniform Traffic Control Devices (MUTCD) or any applicable federal, state, and local laws and regulations. Such attachments shall also not obscure signal indications or traffic control signs or represent a visual distraction to the motoring public. The passive attachment of LES equipment to signal supports may require a structural analysis by a registered professional engineer to determine if the existing system supports will meet applicable wind loading and other structural criteria with the addition of the LES equipment. The acceptability of any passive system to be attached to Broward County-maintained infrastructure shall be at the sole discretion of the Broward County's Contract Administrator or designee.
