**SUBJECT: 2014 AMENDMENTS TO INTERLOCAL AGREEMENTS WITH
BROWARD COUNTY FOR THE DISTRIBUTION OF GAS TAX
PROCEEDS**

Recommendation

It is recommended that Council approve the attached resolution incorporating three 2014 amendments to Broward County Interlocal Agreements (Exhibit 1, 2, and 3) for the distribution of gas taxes.

Background

Currently, the Town of Southwest Ranches receives gas tax revenue via three Interlocal Agreements with Broward County, which collects gas tax, on behalf of the municipalities, from the sale of every gallon of motor fuel and special fuel sold in Broward County. These proceeds are then redistributed to all participating municipalities within the County based upon individual municipal populations. Each of these agreements provides that the rates for redistribution of proceeds shall be adjusted annually based upon the population figures listed in the current "Florida Estimates of Population" as published by the Bureau of Economics and Business Research, Population Division, University of Florida.

The three Interlocal Agreements and amendments are described below:

- I. The "original" local option gas tax agreement adopted in 1983 provides for Cities to receive 37.5% of the proceeds of six cents of gas tax. This amendment adjusts each City's percentage share of the 37.5% based on updated population figures.
- II. The "additional" local option gas tax agreement adopted in 1994 now provides for Cities to receive 51.27% of three cents of gas tax. The Cities' share of this gas tax

has increased over the years due to annexations, however, there were no annexations of populated areas effective September 2013 so the Cities share of the three cents of gas tax will remain the same as last year. As a result, this amendment adjusts each City's percentage share of the 51.27% based on updated population figures.

- III. The "transit gas tax" agreement adopted in 2001 provides for Cities to receive 26% of the proceeds of one cent of gas tax. This amendment includes adjustments to each City's percentage share based on updated population figures.

This resolution and the attached Interlocal Agreements serve to continue this important revenue stream to the Town.

Analysis

Below are the projected and historical percentage rates calculated by the County based upon the Town's population:

	<u>Fiscal Year 2014-2015</u>	<u>Fiscal Year 2013-2014</u>
Estimated Town Population	7,396	7,385
Broward County Population	1,784,715	1,771,099
Six-Cent Local Option Gas Tax	0.156693%	0.157845%
Additional Local Option Gas Tax	0.214231%	0.215805%
Transit Local Option Gas Tax	0.108641%	0.109439%

Fiscal Impact

Although the Town's estimated population increased to 7,396 from 7,385, the Town's estimated population percentage increase (.00148) was below the total Broward County municipal population percentage increase (.00768) therefore, the Town's shared percentage decreased (per the above table) on a year to year basis. Additionally, annual proceeds vary based on actual gasoline consumption within Broward County. However, assuming no change in consumption, it is estimated that gas taxes will decrease approximately \$81, \$79, and \$131 in Fiscal Year 2014-2015 for the six cent, additional, and transit local option gas taxes, respectively.
