COUNCIL MEMORANDUM

TO: Honorable Mayor Breitkreuz and Town Council
VIA: Andrew D. Berns, Town Administrator
FROM: Emily Aceti, Community Services Manager
DATE: 11/18/2021
SUBJECT: FIVE-YEAR SCHEDULE OF CAPITAL IMPROVEMENTS UPDATE

Recommendation

Recommend that the Local Planning Agency adopt the updated Five-Year Schedule of Capital Improvements.

- A. Sound Governance
- B. Enhanced Resource Management
- D. Improved Infrastructure
- E. Cultivate a Vibrant Community

Background

Chapter 163, Florida Statutes requires that every local government annually update the Five-Year Schedule of Capital Improvements ("Schedule") within Its Comprehensive Plan in order to demonstrate that the local government has the ability to implement the plan and ensure that adopted level of service standards are maintained for concurrency related facilities (drainage, parks and recreation, schools, and transportation facilities).

The Schedule contained within the Capital Improvements Element (CIE) is a list of capital improvement expenditures that are proposed each year fiscal year over a five-year period. The Schedule identifies dedicated or anticipated funding sources, as well as unfunded improvements that are included should funding become available. For comprehensive planning purposes, the Schedule outlines how level of service standards (ex: park acreage, traffic

movement, drainage) will be maintained over the next five years. The updated Schedule reflects that there are no level of service deficiencies relative to Town facilities that require the Town to commit capital funds.

Amendments to the Schedule are not deemed to be comprehensive plan amendments, and do not require State Land Planning Agency review. The Southwest Ranches Comprehensive Plan Advisory Board reviewed the proposed Schedule update and recommends its approval.

Fiscal Impact/Analysis

Capital Improvement Projects are Town projects where the anticipated value of the asset created generally has an estimated value of at least \$25,000. An asset for these purposes is an item which is not generally consumed for operating purposes and which has an expected life of not less than three years.

Funding for capital improvement project items generally comes from surplus revenues from other governmental funds (particularly the general governmental operating fund – also known as the “General Fund”). Additional revenue maybe derived from the Fire Assessment, debt service proceeds, grants, other permissible interfund transfers or from Fund Balance. Wherever possible, the various projects included in the 5-Year Capital Improvement Plan have identified funding sources for each fiscal year of appropriation.

LPA RESOLUTION NO.

A RESOLUTION OF THE LOCAL PLANNING AGENCY OF THE TOWN OF SOUTHWEST RANCHES, FLORIDA ("LPA"), RECOMMENDING THAT THE TOWN COUNCIL ADOPT THE FIVE-YEAR SCHEDULE OF CAPITAL IMPROVEMENTS FOR FISCAL YEARS 2022-2026; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Chapter 163 Part II, F.S. requires that the Town annually update its five year schedule of capital improvements; and

WHEREAS, the Comprehensive Plan Advisory Board has reviewed the proposed five year schedule update and recommends its approval; and

WHEREAS, the Town Council of the Town of Southwest Ranches, sitting as the Local Planning Agency, held an advertised public hearing to consider the updated schedule on _____.

NOW, THEREFORE, BE IT ORDAINED BY LOCAL PLANNING AGENCY OF THE TOWN OF SOUTHWEST RANCHES, FLORIDA:

Section 1: Recitals Adopted. That the foregoing "WHEREAS" clauses are hereby ratified and confirmed as being true and correct and are hereby made a specific part of this Resolution.

Section 2: Recommendation. That the Local Planning Agency recommends approval of the five year schedule of capital improvements, set forth in Exhibit "A", attached hereto and made a part hereof.

Section 3: Effective Date. This Resolution shall be effective immediately upon passage.

CAPITAL IMPROVEMENT ELEMENT

III.I Capital Improvements Element (CIE)

1. GOALS, OBJECTIVES AND POLICIES

CIE GOAL 1

ENSURE THAT THE INFRASTRUCTURE NECESSARY TO PROTECT THE HEALTH, SAFETY, AND WELFARE OF THE PUBLIC IS PROVIDED IN A TIMELY AND EFFICIENT MANNER, AND THAT PUBLIC FACILITIES ARE MAINTAINED AT OR ABOVE THE LEVEL OF SERVICE STANDARDS ADOPTED IN THIS PLAN.

{9J-5.016(3)(a)}

CIE OBJECTIVE 1.1

THE TOWN SHALL DEVELOP AND CONTINUOUSLY IMPROVE A PROCESS THAT GUIDES THE CAPITAL FACILITY PLANNING OF THE TOWN IN ORDER TO:

1. Accommodate projected growth, maintain existing facilities, replace obsolete or deteriorated facilities.
2. Coordinate future land use decisions and fiscal resources with a schedule of capital improvements which maintain adopted LOS standards.
3. Upgrade public infrastructure serving developed lands that do not currently meet LOS standards.
4. Remain fiscally responsible.

{9J-5.016(3)(b)(1,3 &5)}

Measurement: Annual update of a 5 year schedule of capital improvements.

CIE POLICY 1.1-a: Public facilities and services needed to support development will be provided concurrent with the impacts of development, as measured by the Town's adopted LOS standards. The LOS standards are as established in other elements of the Comprehensive Plan, as follows:

- potable water: UE Policy 1.2-m;
- wastewater: UE Policy 1.2-z
- drainage: UE Policy 1.1-g
- solid waste: UE Policy 1.1-f
- traffic: TE Policy 1.1-l and TE Policy 1.1-m
- parks and recreation: ROS Policy 1.2-a
- public school facilities: PSFE Policy 1.2-c

- water quality: UE Policy 1.1-h

CIE POLICY 1.1-b: All capital improvement projects shall meet an initial objective standard test of furthering the Town's Comprehensive Plan, providing necessary infrastructure replacement/renewal, correcting existing deficiencies, maintaining adopted LOS and providing facilities concurrent with development. Prioritizing and funding of all projects shall be based on the nature of funds available.

{9J-5.016(3)(c)(1,3-6 & 7}

CIE POLICY 1.1-c: The following standards regarding debt shall be adhered to, where feasible: The total debt service shall not exceed 15% of the Town's total revenues. The average annual bond maturities shall not exceed 15 years. Debt payment shall not exceed 30 years.

{9J-5.016(3)(c)(2}

CIE POLICY 1.1-d: The Town Council shall annually monitor, evaluate, adopt and prioritize the implementation of a 5-year schedule of capital improvements.

{9J-5.016(3)(c)(7}

CIE POLICY 1.1-e: All future developments shall be responsible for paying proportionate fair share of the cost of all public facilities required to accommodate the project's impact without exceeding the adopted level of service standards.

CIE Policy 1.1-f: The Town shall annually update the five year capital improvements schedule included in this element as provided by law in order to adjust the five year planning horizon, reflect project status, and ensure the Town's ability to meet its adopted level of service standards.

CIE Policy 1.1-g: The five year schedule of capital improvements shall reflect the current City of Sunrise 10-Year Water Supply Facilities Work Plan (Amendment No. 15-1ESR, January 20, 2015), and the capital projects described therein for the purposes of ensuring that adequate water supply will be provided for the limited number of properties that are or will be served by City of Sunrise.

CIE Policy 1.1-h: The Town hereby adopts by reference the Cooper City 10-year Water Supply Facilities Work Plan (Amendment No. 15-1ESR, December 30, 2014) as incorporated and adopted in the Infrastructure Element of its Comprehensive Plan and the capital improvement projects contained therein.

CIE POLICY 1.1-i: The Town shall include in its land development regulations provisions to implement a proportionate fair-share mitigation system for transportation per the requirements of s. 163.3180, Florida Statutes.

SCHOOL CAPITAL FACILITIES PLANNING

CIE Objective 1.2

THE TOWN, IN COLLABORATION WITH THE SCHOOL BOARD, BROWARD COUNTY AND THE LOCAL GOVERNMENTS WITHIN BROWARD COUNTY, SHALL ENSURE THAT PUBLIC SCHOOL FACILITIES ARE AVAILABLE FOR CURRENT AND FUTURE STUDENTS CONSISTENT WITH AVAILABLE FINANCIAL RESOURCES AND THE ADOPTED LEVEL OF SERVICE (LOS).

Measurement:

- School enrollment projections compared to the School District's Adopted Five-Year District Educational Facilities Plan (DEFP)

CIE Policy 1.2-a: Consistent with policies and procedures within the Amended Interlocal Agreement for Public School Facility Planning (ILA), the DEFP shall contain a five year financially feasible schedule of capital improvements to address existing deficiencies and achieve and maintain the adopted LOS in all concurrency service areas (CSAs). Pursuant to the ILA, this financially feasible schedule shall be updated by the School Board on an annual basis. The Town's five-year schedule of capital improvements shall reflect each annual DEFP update.

CIE Policy 1.2-b: The uniform, district-wide LOS shall be as follows:
School Type A is a bounded elementary, middle or high school that has the equivalent of at least 10% of its permanent FISH capacity available onsite in relocatables. The LOS for School Type A shall be 100% gross capacity (including relocatables).

School Type B is a bounded elementary, middle or high school that has less than the equivalent of at least 10% of its permanent FISH capacity available onsite in relocatables. The LOS for School Type A shall be 110% FISH capacity

The LOS shall be achieved and maintained within the period covered by the five-year schedule of capital improvements.

CIE Policy 1.2-c: Pursuant to the ILA, the adopted LOS shall be applied consistently by Broward County, the Town, the municipalities and the School Board, district-wide to all schools of the same type.

CIE Policy 1.2-d: The five-year schedule of capital improvements shall reflect the School Board's current DEFP.

CIE Objective 1.3

FORMALLY RECOGNIZE THE CAPITAL EXPENDITURES OF OTHER AGENCIES THAT PROVIDE CAPITAL FACILITIES UPON WHICH THE TOWN OF SOUTHWEST RANCHES RELIES TO MEET ADOPTED LEVEL OF SERVICE STANDARDS.

Measurement:

- Annual review and update of implementing policies as appropriate to reflect changes to capital facility plans upon which the Town of Southwest Ranches relies to meet adopted level of service standards.

CIE Policy 1.3-a: In order to ensure that adopted level of service standards for the transportation system are maintained, the Town of Southwest Ranches five year schedule of capital improvements shall reflect the following plans and programs as updated annually, to the extent that such improvements are required in order to maintain the Town's adopted levels of service for transportation facilities:

- Broward County Capital Improvements Program
- Broward County MPO Transportation Improvement Program
- Broward County MPO Cost Feasible Long-Range Transportation Plan
- FDOT's Adopted Work Program

CIE Policy 1.3-b: In order to ensure that adopted level of service standards for the parks and recreation system continue to be maintained, the Town of Southwest Ranches five year schedule of capital improvements shall reflect the current Broward County Capital Improvements Program to the extent that such improvements are required in order to maintain the Town's adopted level of service standard for parks.

CIE Policy 1.3-c: In order to ensure that adopted level of service standards for the countywide public school system are maintained, the Town of Southwest Ranches five year schedule of capital improvements shall reflect the current Broward County School District's Adopted Five-Year District Educational Facilities Plan.

CIE Policy 1.3-d: In order to ensure that adopted level of service standards for the solid waste disposal system continue to be maintained, the Town of Southwest Ranches five year schedule of capital improvements shall reflect the current Broward County Capital Improvements Program.

2. CAPITAL IMPROVEMENT IMPLEMENTATION

THE TOWN OF SOUTHWEST RANCHES SHALL CONTINUE TO CONSIDER THE FOLLOWING:

1. Pursue alternative methods for protecting, preserving and enhancing the Town's rural lifestyle.
2. Any Town developed tertiary drainage system must be coordinated with the Central Broward Water Control District and the South Broward Drainage District.
3. Pursue discussions with government authorities in order to develop methods to protect the integrity of 8 archeological sites (LAPC) in environmentally sensitive areas, as designated by the Broward County Board of County Commissioners.
4. Evaluate the public benefits of annexing lands into the Town.
5. Maintain Land Development Code regulations which are consistent with the adopted comprehensive plan.
6. Explore methods of obtaining funds for purchasing and constructing public passive open space and trails.
7. Explore possibilities of securing funds for improving traffic capacity on Griffin Road and constructing 184th Avenue.
8. Encourage removing Dykes Road and S.W. 172nd Avenue as major collector roadways between Griffin Road and Sheridan Street and initiate amendments to Broward County MPO.
9. Encourage enforcement of the Town's current land development regulations.
10. Analyze the 2010 Census data and evaluate the Comprehensive Plan to reflect new data.
11. Develop and maintain a tertiary drainage plan for all the areas within our Town.
12. Adopt a procedure for upgrading and increasing landscaping along all major arterial roadways and designated multi-use Greenways to conform to Xeriscape landscape requirements.

13. The Evaluation and Monitoring System shall include an annual report of its five-year capital improvements element to determine the status of its existing programs or any new programs.
14. Implement the capital improvements identified in this Comprehensive Plan as may be updated from time to time.
15. The Town shall determine feasibility of constructing a Comprehensive Mitigation Bank in lieu of preserving and enhancing individual isolated wetlands.

PROPOSED FY 2021-2022 ANNUAL UPDATE TO CIE

CAPITAL IMPROVEMENTS ELEMENT

Part III-G: Support Documents

Town of Southwest Ranches

CAPITAL IMPROVEMENTS ELEMENT

The purpose of the Capital Improvements Element is to identify the capital improvements that are needed to implement the Comprehensive Plan and ensure that the Level of Service (LOS) standards adopted in the comprehensive plan are achieved and maintained through at least the five-year planning horizon.

Public Facility Needs

Transportation including Mass Transit

As identified in the adopted comprehensive plan, there are two arterial roadway facilities that are projected to operate below the adopted LOS standard over the five-year capital improvement planning time frame (2022-2026): Sheridan Street and Griffin Road. Both roadways are owned and maintained by Broward County, and as discussed in the comprehensive plan, Broward County MPO has developed a strategy to improve each of these facilities. The Town of Southwest Ranches has no capital responsibility for either roadway.

All Town owned and maintained roadways operate at or above the adopted LOS Standard, and are projected to continue to do so within the five year planning period, except for Dykes Road (160th Avenue), which is currently over capacity at its intersections with both Griffin Road and Sheridan Street. Dykes Road is a two-lane regional collector spanning the Town from north to south (approximately 2.5 miles) that connects the densely populated cities of Miramar, Pembroke Pines and Weston, via the sparsely populated Town of Southwest Ranches. Within Southwest Ranches, the road functions as more of a conduit for extra-jurisdictional traffic and local residential access than it does as a local collector (as evidenced by only one full intersection bookended by two other jurisdictions, and the predominating one dwelling unit per acre residential future land use map designation of the corridor). The few properties within the corridor designated for nonresidential use (Community Facility) are developed, and the remainder of properties and the few streets feeding into Dykes Road are designated residential at one dwelling unit per acre, and thereby constitute de minimis impacts. Therefore, the Town does not plan to improve Dykes Road. Mass Transit facilities are provided by Broward County Transit.

The following documents are hereby incorporated by reference:

- * Broward County Transportation Improvement Program for FY 2021/22 – 2025/26
- * Broward County MPO Cost Feasible Long-Range Transportation Plan 2045
- *FDOT Adopted Work Program FY 2021/22 – 2025/26

Sanitary Sewer

The 60-acre Coquina Commercial Center at the Town's southern boundary and the New Testament Church at the Town's northern boundary are served by the City of Sunrise sanitary sewer system. The City of Sunrise Utilities Department maintains a retail service agreement with these two locations. The only other properties served by

centralized sanitary sewer are within the Cooper City service area, which covers frontage properties on Flamingo Road at the Town's eastern boundary, and the Stone Creek at Sunshine Ranches neighborhood (eight single-family homes). Included in this service area are St. Mark's Church and Archbishop McCarthy High School. All other properties in the Town utilize private septic tank systems. The Town is not involved in any manner with sanitary sewer service and thus, has no capital expenditures related to sanitary sewer service.

Potable Water

The Town does not maintain potable water treatment or distribution facilities and thus, does not have any capital improvement expenditures related to the supply or distribution of potable water. At least 90 percent of the households in the Town of Southwest Ranches are supplied with potable water via an on-site domestic self supply system (private well). The remaining ten percent of households have the option to connect to public water systems, but do not need to. The City of Sunrise, and Cooper City maintain retail service agreements with properties connected to their systems located in the Town of Southwest Ranches, however, the Town itself is not involved in any manner with potable water service, and thus, has no capital expenditures related to potable water service.

The Town hereby adopts by reference the City of Sunrise 10-Year Water Supply Facilities Work Plan adopted on July 14, 2020, and the capital projects described therein for the purposes of ensuring adequate water supply to the limited number of properties served by the system.

The Town hereby adopts by reference the Cooper City 10-year Water Supply Facilities Work Plan adopted on August 25, 2020, as incorporated and adopted in the Infrastructure Element of its Comprehensive Plan and the capital improvement projects contained therein for the purpose of ensuring adequate water supply to the limited number of properties served by the system.

Solid Waste

Collection and disposal of Solid Waste are the responsibility of contracted haulers and Broward County Solid Waste Division. The Town of Southwest Ranches maintains agreements with these entities to ensure that solid waste is collected and disposed of according to the terms of the contract and within all safety regulations. No public capital improvements are needed to maintain the adopted level of service standards. All agreements are currently up-to-date and will be continuously monitored as needed.

The Broward County Capital Improvements Program FY 2021/22 – 2025/26 is hereby incorporated by reference.

Drainage

Primary and secondary drainage within the Town is the responsibility of two independent drainage districts, each with regulatory, taxing and bonding authority. The drainage districts are responsible for the establishment and maintenance of all primary and secondary canals within the Town, and review development permits for compliance with their respective LOS Standards, which the Town has adopted. Both drainage basins function at their respective adopted LOS Standards.

The Town has adopted a Comprehensive Tertiary Drainage Master Plan. This conceptual plan identifies the general pathways (swales and drainage easements) that stormwater uses to make its way to the canal system. The purpose of the plan is to speed the clearance of stormwater from streets and yards after major storm events. A principal means of implementing the plan is enforcing proper swale grading and driveway swale cross-sections when new homes are constructed and when driveways are added or re-graded. The plan and the conceptual improvements it identifies are not necessary for maintaining the adopted LOS Standard, and do not impose a capital obligation upon the Town.

The Town may undertake targeted improvements from time to time when funds are available, in order to compliment drainage district canal improvements and to improve the drainage from storm events that exceed the design storm events for which the adopted LOS Standards are based. There are no existing or projected drainage LOS deficiencies identified in the comprehensive plan over the next five years.

Parks and Recreation

The adopted parks and recreation level of service standard of the Town of Southwest Ranches is to provide six acres of local and community park land per 1,000 residents. Currently, the Town owns a total of 153.54 acres of park land. According to the adopted comprehensive plan, the demand for local and community parks and recreation facilities in the year 2019, the long-term planning horizon, will be 58.38 acres. The Town of Southwest Ranches far exceeds the adopted level of service standard. Therefore, no funding is included or needed in order to satisfy the adopted LOS Standard. Capital expenditures for parks and open space will be designated for ongoing improvements to existing parkland, including trails, picnic areas, boat ramps, and play areas.

Schools

The uniform, district-wide adopted LOS for each public elementary, middle, and high school within Broward County is as follows:

School Type A is a bounded elementary, middle or high school that has the equivalent of at least 10% of its permanent FISH capacity available onsite in relocatables. The LOS for School Type A shall be 100% gross capacity (including relocatables).

School Type B is a bounded elementary, middle or high school that has less than

the equivalent of 10% of its permanent FISH capacity available onsite in relocatables. The LOS for School Type B shall be 110% permanent FISH capacity.

The adopted LOS will be met within the short and long-range planning horizons, which is addressed by the Broward County School District's Five-Year District Educational Facilities Plan (DEFP). Any potential deficiencies will be addressed by the School Board in the annual update of the District's DEFP.

The School Board of Broward County District Educational Facilities Plan FY 2021/22 – 2025/26 is hereby incorporated by reference.

Public Education and Public Health Systems

Public Education Facilities

There are no public education facilities within the Town of Southwest Ranches.

Public Health Facilities

There are no public health facilities located within the Town of Southwest Ranches.

Existing Revenue Sources and Funding Mechanisms

The Town of Southwest Ranches has established four revenue and expenditure fund categories: general, transportation, debt service, and capital. As common with most other local governments, the largest of these fund categories is the general fund which is used to pay for all personnel and operating expenditures. The transportation fund is used to pay for general road maintenance, traffic studies, traffic calming and other transportation-related activities. The debt service fund is established to set aside all money needed to repay debt issuances. Finally, the capital fund is established to pay for all major capital improvements that have a life of three or more years.

Below is an inventory of revenue sources, organized by fund category, which are available to the Town of Southwest Ranches.

General Fund

As stated above, the Town's General Fund is the largest of four funds established by the Town. Fund revenues include taxes, franchise fees, licenses and permits, fines and forfeitures, charges for services, and other miscellaneous service fees. General Fund expenditures include all operating and personnel expenditures and the allocation of monetary reserves.

Transportation Fund

Transportation Fund revenues include intergovernmental revenues which are made up of local option and gas taxes, revenue transfers from general funds, and unexpended

reserves from previous years. Fund revenues are typically dedicated to road maintenance activities, traffic studies, and other transportation-related activities.

Debt Service Fund

The debt service fund was established by the Town to repay two issues of credit. The first is a 2001A Series Florida Municipal Loan Council Revenue Bond (30 years) issued to pay for the obligations and acquisition of certain parks and recreation land. The second issue of credit is a commercial paper loan agreement with the Florida Local Government Finance Commission to finance the acquisition of property for the Town's Capital Improvement Program.

Capital Fund

The capital fund was established to track and plan for all major capital projects of the Town. Revenues to pay for capital expenses typically come from intergovernmental revenues including grants, transfers from the general fund, and various lines of credit and bonding mechanisms.

ANALYSIS

The element is based on the following analyses which support the comprehensive plan.

Current local practices that guide the timing and location of construction, extension, or increases in capacity of each public facility.

The Town of Southwest Ranches reviews the impact of all new development on drainage, parks and recreation, and transportation facilities. It also coordinates with Broward County in the permitting process to ensure that all new development meets any adopted LOS standards of the county. The Town relies upon its comprehensive plan to identify any projected LOS deficiencies or needs for capacity increases. At this time, there are no deficiencies projected to occur in the five-year capital improvement planning horizon.

Fiscal implication of existing deficiencies

As indicated in the section on public facility needs, above, there are no existing deficiencies in the Town of Southwest Ranches in which the Town is financially responsible. All the existing transportation deficiencies identified are to be funded and corrected exclusively by Broward County as indicated in the Broward County MPO Cost Feasible Long-Range Transportation Plan.

Impacts of public education and public health systems on infrastructure

There are no public education or public health facilities in the Town of Southwest Ranches. As such, there are no impacts of these systems on the Town's infrastructure.

Timing of Capital Improvements

The Town continues to schedule improvements so that they are available concurrent with the impact of development in accordance with Chapter 163, Florida Statutes.

Ability to Fund Capital Improvements

The Town does not have any planned capital improvement projects needed to maintain adopted level of service standards. Shown in Appendix D is the five-year schedule of capital improvements (SCI) for facilities subject to concurrency evaluations. All capital improvements included in the table are enhancements to public facilities already meeting adopted level of service standards. The ability to fund these capital improvements is demonstrated in a balance of revenues and expenditures as shown in Appendices A and B.

Summary and Conclusions

The Town of Southwest Ranches has successfully secured the public facilities needed through capital improvement planning to implement the comprehensive plan as currently adopted. There are no further capital improvements that need to be funded over the next five years in order to meet adopted level of service standards.
