

RESOLUTION NO. 2019 - 016

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF SOUTHWEST RANCHES, FLORIDA, APPROVING A PIGGYBACK AGREEMENT WITH FLORIDA TECHNICAL CONSULTANTS, LLC FOR CONTINUING GIS CONSULTING SERVICES; AUTHORIZING THE MAYOR, TOWN ADMINISTRATOR, AND TOWN ATTORNEY TO ISSUE A PURCHASE ORDER; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Town budgeted \$20,000 for a GIS Technician in the Fiscal Year 2018-2019 Professional Services Expenditures (001-1800-512-34100); and

WHEREAS, on August 15, 2016 the Town of Davie issued RFP #B-16-168 for Continuing GIS Consulting Services for an annual contract for the furnishing and installation of pavement marking as needed; and

WHEREAS, on October 6, 2016 the Town of Davie received two (2) responses; and

WHEREAS, after reviewing the bids, it was determined that Florida Technical Consultants, LLC (FTC) was the lowest responsive and responsible bidder that met the requirements of the Request for Proposals (RFP); and

WHEREAS, on December 7, 2016 the Town of Davie entered into an agreement with FTC; and

WHEREAS, the bid and agreement, as well as the Town's Procurement Code, allows the Town to piggyback off of its procured pricing; and

WHEREAS, the project includes, but is not limited to, the furnishing of future GIS layers requested by Town Council and staff and, general oversight of the Town's GIS database; and

WHEREAS, the estimated expense for FY 2018-2019 is \$20,000 of which the funding is earmarked from technology reserves accrued from the imposition of building permit fees, and designated specifically for this purpose; and

WHEREAS, it has been determined to be in the public's best interest to award this work to FTC; and

WHEREAS, the Town of Southwest Ranches desires to issue a Purchase Order under the terms and conditions set forth hereinafter.

NOW, THEREFORE, BE IT RESOLVED by the Town Council of the Town of Southwest Ranches, Florida:

Section 1. The above-referenced recitals are true and correct and are incorporated herein by reference.

Section 2. The Town Council hereby approves a Purchase Order in an amount not to exceed Twenty Thousand Dollars and Zero Cents (\$20,000.00) for FTC LLC to provide continuing GIS services to the Town, as outlined in RFP #B-16-168, in accordance with the terms and conditions contained within the procurement attached hereto as Exhibit "A", which is incorporated herein by reference.

Section 3. The Town Council hereby authorizes the Mayor, Town Administrator, and Town Attorney to issue a Purchase Order, as outlined in RFP #B-16-168 attached hereto as Exhibit "A," and to make such modifications, additions, and/or deletions which they deem necessary and proper to effectuate the intent of this Resolution.

Section 4. That this Resolution shall become effective immediately upon its adoption.

[Signatures On Next Page]

PASSED AND ADOPTED by the Town Council of the Town of Southwest

Ranches, Florida, this 13th day of December, 2018 on a motion by

SECTION 3. The Town Council hereby authorizes the expenditure from various Utilities Department Professional Services Account. Expenditures will be dependent on usage and within established annual budget.

SECTION 4. This resolution shall take effect immediately upon its passage and adoption.

PASSED AND ADOPTED THIS 4th DAY OF January, 2017.

ATTEST:

TOWN CLERK

MAYOR/COUNCILMEMBER

APPROVED THIS 4th DAY OF January, 2017.

**AGREEMENT No. B-16-168
BETWEEN THE TOWN OF DAVIE
AND
FLORIDA TECHNICAL CONSULTANTS, LLC
FOR
CONTINUING GIS CONSULTING SERVICES**

THIS AGREEMENT is made by and between Florida Technical Consultants, LLC a corporation organized and existing under the laws of the **State of Florida**, with offices at **401 West Atlantic Avenue, Suite 09, Delray Beach, Florida 33444** (hereinafter referred to as the "Contractor"), and the Town of Davie, a political subdivision of the State of Florida, having its principal office at 6591 Orange Drive Davie, Florida 33314 (hereinafter referred to as the "Town").

WITNESSETH:

WHEREAS, the Contractor has offered to provide the materials and/or services and to be bound by the Plans and the terms and conditions of the **Request for Proposals (RFP) No. B-16-168 Continuing GIS Consulting Services**, which includes the General Terms and Conditions of the Request for Proposals, Special Conditions, Specifications, Required Forms and associated addenda attached hereto and incorporated herein as Exhibit "A", and the terms of Contractor's Proposal attached hereto and incorporated herein as Exhibit "B"; and

WHEREAS, the Contractor has submitted a written proposal dated **October 6, 2016**, hereinafter referred to as the "Contractor's Proposal", the terms of which are incorporated herein by reference as if fully set forth herein; and

WHEREAS, the Town desires to procure from the Contractor such services for the Town, in accordance with the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto agree as follows:

1. The Contractor agrees to provide the materials and/or services pursuant to and to be bound by the terms and conditions of the Request for Proposals, which includes the General Terms and Conditions of the Request for Proposals, Special Conditions, Specifications, Required Forms and associated addenda and the terms of which are incorporated herein by reference as if fully set forth herein and attached hereto as Exhibit "A", and the Contractor's Proposal attached hereto and incorporated herein as Exhibit "B".
2. The Town agrees to abide by and to be bound by the terms of the Request for Proposals, which includes the General Terms and Conditions of the Request for Proposals, Special Conditions, Specifications, Required Forms and associated addenda attached hereto and incorporated herein as Exhibit "A", and by the terms of Contractor's Proposal attached hereto and incorporated herein as Exhibit "B".
3. Contractor shall deliver materials and/or provide services in accordance with the terms of the Request for Proposals, which includes the General Terms and Conditions of the Request for Proposals, Special Conditions,

Specifications, Required Forms and addenda attached hereto and incorporated herein as Exhibit "A" and with the terms of Contractor's Proposal attached hereto and incorporated herein as Exhibit "B".

4. The Town agrees to make payment in accordance with the terms of the Request for Proposals and Contractor's Fee Schedule attached hereto and incorporated herein as Exhibit "A" and with the terms of Contractor's Proposal attached hereto and incorporated herein as Exhibit "B".

5. This Agreement and attachments hereto constitute the entire agreement between the parties hereto, and its provisions shall not be amended, except in writing, after formal approval by both parties.

6. The initial Agreement term will commence on January 5, 2017 and expire on January 4, 2022. The Town reserves the right to extend the agreement for two (2) additional one-year periods upon mutual agreement between the parties. Any extension to this Agreement shall be in writing. The Town Administrator is authorized to extend or terminate this Agreement on behalf of the Town.

7. In addition to any other contractual indemnification provisions in Exhibit "A" or Exhibit "B" in favor of the Town, Contractor hereby agrees to indemnify and hold the Town harmless from any and all claims, suits, actions, damages, causes of action, and attorney's fees, arising from any personal injury, loss of life, or damage to person or property sustained by reason of or as a result of the products or materials used or supplied in the performance of this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on this 12 day of December, 2016

TOWN OF DAVIE
RFP NO. B-16-168

Continuing GIS Consulting Services
 Dear Potential Respondent:
 The Town of Davie, Florida invites qualified contractors to submit responses in accordance with the requirements stated herein no later than 2:00 PM EST Thursday, October 6, 2016, for RFP No. B-16-168 Continuing GIS Services. Interested firms may secure the solicitation package and all other pertinent information by visiting http://www.davie-fl.gov/Pages/DavieFL_BidsAndRFP/ or at DemandStar.com.

The Town of Davie, FL is seeking proposals from qualified proposers to perform the required services for the City in full accordance with the scope of services, terms and conditions contained herein. The selection of the successful respondent(s) shall be at the Town's discretion and shall be made in a prompt manner after the receipt and evaluation of all RFP responses.

Questions regarding this solicitation shall be submitted in writing to purchasing@davie-fl.gov no later than 5:00 PM on Monday, October 3, 2016. Responses to those questions considered material to the solicitation will be made available as formal addenda to the Town's Purchasing Website and DemandStar.com. It is the responsibility of prospective respondents to ensure they are aware of all addenda issued relative to this solicitation.

Respondents shall submit One (1) original complete proposal package, Three (3) duplicate copies of said package and One (1) flash drive or CD copy, to the Town of Davie Budget and Finance / Purchasing Division - Attention: Purchasing Manager Brian K. O'Connor, 6591 Orange Drive Davie, FL 33314 on or before the due date stipulated above. All packages shall be clearly marked "RFP No. B-16-168 Continuing GIS Services". The Town will not be responsible in the event the U.S. Postal Service or any other courier system fails to deliver any package by the above referenced deadline. Late submissions shall not be accepted.

RFP responses will be publicly opened and firm names read aloud in the Town Hall Council Chambers on the due date/time noted above. The Town of Davie reserves the right to reject any and all submissions, to waive any and all irregularities in any submission, and to make awards in the best interest of the Town.

Dear Selection Committee:

October 6, 2016

Florida Technical Consultants (FTC) is pleased for the opportunity to submit this brief Statement of Qualifications for consideration by the Town of Davie to support the Utilities Department. FTC is an engineering firm with a specialty and focus in providing GIS services supporting municipal engineering, utilities and public works departments.

FTC possesses a unique set of GIS skills with a strong engineering base which enable us to provide applied GIS deliverables. The main goal of the data and tools will be to help the Utilities Department solve problems and better coordinate with agencies, contractors and consultants.

We have worked with the Town Utilities Department using GIS to provide coordination with Broward County, fire hydrant contractors and design consultants. We are familiar with the current GIS data and Town staff who will be using the system. This is very important as there will be no learning curve by us or staff. We will drive the program as soon as we start.

The program will consist of completion of data updates using record drawings, implementing Online applications for field verification and training staff to use the system. The more staff use the system, the more successful it will be. The needs of the Town will guide the program. Our objective will be to allow staff to perform most of the detailed office research and field visits. That way staff will possess the local knowledge and FTC will keep costs low.

As well as Town of Davie, FTC has provided high quality Applied GIS services to many surrounding municipalities including Cooper City, Coral Springs Improvement District, Town of Palm Beach Boca Raton, Boynton Beach, South Martin Regional Utilities and many others. Our best clients are those who run utilities and see the value that GIS provides. We encourage you to contact our references, including your own staff.

We are committed, available and uniquely qualified to continue making the GIS in the Town of Davie a successful and useful tool for your staff and organization. We look forward to the opportunity to provide more information and present our qualifications. If you have any questions, please call James Barton, P.E., President at 954-914-8488 or email jbarton@fltechinc.com

Respectfully Submitted

Table of Contents:

- Section 1: Scope of Services Proposed**
- Section 2: FTC Qualifications**
- Section 3: Resources and Availability**
- Section 4: Experience with Government Entities**
- Section 5: Client References and Past Performance**
- Section 6: Pricing and Other Forms**

Section 1: Scope of Services Proposed

Florida Technical Consultants is the most qualified firm in the region to provide GIS support services to the Town of Davie Utilities Department. We have worked with the Town in the past during which we started a program to update the GIS data, implement Web Based GIS with the staff and train users. The following section outlines the proposed approach to the scope of service outlined in the RFQ. This approach ensures that the Town will receive the continued priority service required to complete the GIS data build and integrate the GIS into the operations of Utilities.

Our approach for the Town will include 3 main components:

1. **Data Completion:** This will be a time intensive work load at the beginning of the project to get most of the data into a working format. Data will be collected from as-builts and existing reports. The data will be posted to ArcGIS Online and mobile apps will be built for field crews to work with the data to identify deficiencies. It is estimated that most available data will be entered into the GIS within the first 6 months, particularly the sanitary system. Much of the required data is only available in the field so Town staff will need to perform site visit to collect data in the long term.
2. **Operationalization:** Making the data useful to the field crews requires interaction with teams before, during and after development. It is anticipated field apps will be built to verify and collect some of the attributes required. Each feature will be treated as a separate project. Leveraging staff during maintenance will provide better results much faster than using FTC, saving money while scaling up the use of GIS throughout the organization. The data collection will be managed through a plan, setting timeframes and ensuring quality throughout. It is important to start with 'Easy Wins' to show success in the system and gain support from the field teams. Once the inventories are completed, the apps will change in configuration to track repetitive maintenance.
3. **Training and Program Support:** One of FTC's biggest strengths is GIS training. The analytical capabilities of GIS are impressive once the data is collected. We see our long term role as integrating into the GIS program through training management in the capabilities for planning / reporting and training field staff to continually build a better atlas. GIS software continues to evolve, especially in the ArcGIS Online platform and FTC will always be bringing new capabilities to the Town.

The following table demonstrates the items from the scope of service, the source data and where they generally fall in the program. Most of the data from asbuilts will be loaded within the first 6 months. Some items such as hydrants and backflows are excellent opportunities to build field apps for inspections. Many of the items need an approved unique identifier (numbering system). All data will be built in geodatabases in ArcGIS Desktop, then posted to ArcGIS Online for field use. Field apps will not edit the geodatabases, but will add clarification points which will be used for data updates.

The current system of posting data sets to a shared environment can be continued. This allows FTC staff to perform updates which are immediately accessible to all Town staff. As ArcGIS Online becomes more developed, we are finding that more of our work is being used in the Online environment. This is a growing technology which FTC will continue to adopt.

System / Layer	Attributes	Source	Notes
Web Applications			Web applications will be built for many facilities that need verification in the field.
Lift Stations	Number Public VS Private Pump Information & design flow rate Wetwell Depth & Influent/ effluent pipe data	Field Verify	This has been implemented. The data will be reconciled with the GIS. Field verification will be done for private lift stations.
Interconnects	Staff to Specify	Field Verify	These are completed. Additional information can be collected if necessary.
ARVs	Staff to Specify	Field Verify	This app will allow staff to track all ARVs, especially critical ones at aerial crossings
Aerial Crossings	Staff to Specify	Field Verify	The location and condition of aerial crossings will be gathered by staff
Wells	Staff to Specify	Field Verify	Several components of the wells can be collected along with photos.
Manholes	Staff to Specify	Field Verify	Staff will verify location and flow direction.
Backflows	Year Installed Type/ size Certification # & Date	GeoCode – Field Verify	Map according to address or field app. Track inspections with field app.
Fire Hydrants	Number Flow rating & recent test flow data	As Builts – Field Verify	Hydrant field inventory app to collect attributes such as manufacturer and year. Hydrant inspection app to collect test flow data
Valves	Type	As Builts – Field Verify	Many of these are in. A field app will be built for valve verification and tracking valve turning.
Meters	Staff to Specify	Geocode / Field Verify	Meters can be added through geocoding but then they must be made more accurate in the field.
Cleanouts / Laterals	Rim & Invert elevations Year Constructed/ Rehabilitated		These can be mass produced in a model, then corrected over time.
Construction Management	Schedules, Budgets, Locations		An app can be made to track progress of ongoing construction projects, accessed in the field or on desktop.

System / Layer	Attributes	Source	Notes
Boundaries			
Service Areas	Cascading station information	Existing GIS	Built based on direction of gravity flow. Flow rates estimated and accumulated in model
Neighborhood/ Subdivision Boundaries		County	These must be updated annually
Municipal Boundaries		County	These must be updated annually
Pipelines	Material (Pipe & Casing) Year Constructed/ Rehabilitated Diameter (Pipe & Casing) Abandoned vs in service Flow Direction	As Builts	The general line work must be cleaned and made more spatially accurate mostly through valve mapping. Most of the attribute data will be available in as-builts. This will be entered within the first 6 months.
Main breaks	Locations & year	GeoCode – Field Verify	Map according to address or field app to track over time. These will be point locations which can then be associated with the lines.
Valves	Type	As Builts – Field Verify	Many of these are in. A field app will be built for valve verification and tracking valve turning.
Chlorine residual data		GeoCode – Field Verify	Map according to address or field app. Inspection app for monthly reports
Utility Easements	O.R. book & Page #	As Builts	This could be a significant project and will be programmed according to the priority of Town
Sanitary Sewer			
ss Gravity Mains	Diameter, Material, Direction	As Builts	Need to Add Facility ID
ss Manhole Structure	Rim & Invert elevations Year Constructed/ Rehabilitated	As Builts	Need to Add Facility ID
ss Lift Stations		As Builts – Field Verify	Field app specific to Lift Stations, including bypass, generators, etc.
ss Force Mains			The line work to be cleaned and made more spatially accurate through valve mapping. Attribute data will be available in as-builts. To be entered in 6 months.

System / Layer	Attributes	Source	Notes
Background Data			
Streets		County	These must be updated annually
Parcels		County	These must be updated annually
Aerials		County	These must be updated annually
Surface Model		SFWMD	

Long term maintenance will include working with staff to continually update and improve the existing data and map new features as necessary. The FTC approach is to piggyback activities already being performed by staff to track information. Activities will include:

- Coordinating with outside permit agencies, contractors and consultants as directed by Town. This may include building specific data to satisfy requirements, or building specific field verification applications for additional field data collection. These must often be done on an emergency basis.
- Maintain existing GIS map (desktop & web based) with new development project as-builts, and with field corrections from Town staff. These may include proposed projects.
- Provide hyperlinks to as-built record drawings through a map interface. This is possible in desktop or TOD GIS Server.
- Provide training to the respective Town personnel
- Other work orders
- Special work orders for the development of GIS layers for various applications
- Establishing a Capitol Improvement Project tracking tool for Utilities to communicate with the residents and Town
- Evaluation of existing GIS system, and recommendations for future applications & improvements

Long Term GIS Initiatives could include Engineering Analysis supporting Meter updates, Utility Fees, System Modeling, CMOM tracking, Pretreatment and other studies.

FTC is willing and able to host the data until such a time as the TOD is ready for IT to take it over. The benefit of FTC hosting initially is to be able to learn what coordination requirements are required and establish a quick response protocol.

The only way to success is to work with staff. Most of our training is with field staff, who often have the greatest desire to have accurate information in the field. Our references will validate that FTC is committed to performing the best quality services to support the Town of Davie.

We hope we have addressed all RFQ requirements. We are always available to clarify any topics.

Section 2: Firm Qualifications

FTC is incorporated in Florida.

Section 3: Resources and Availability

Availability

FTC will always be available to meet with the town of Davie for progress meetings, on site training and meetings with any and all outside agencies that require coordination. The office is located in Delray. One employee lives in Broward close to Davie.

Organization

FTC is a small firm with 2 employees, both experts in GIS, one a Professional Engineer. This is important because the project will require an in depth understanding of how utilities work, how they are managed and how to set up the GIS for operations support. This is the specialty of FTC, which is an uncommon focus for Engineering firms. Although FTC has done some engineering design projects, most of our clients are utility departments of municipalities, some with GIS departments and some without. Our approach varies between clients.

Office Headquarters

The FTC Office Headquarters is located at 401 West Atlantic Avenue, Suite 09, Delray Beach, FL 33444. All services will be provided from the Delray Office or through face to face training at the Town. The bulk of data updates will be handled remotely. There are 2 employees based from Delray, both of which will be performing onsite training. Both have a long history working with Town staff. One lives in Broward not far from Davie.

Key Staff

FTC has a combination of full time employees and highly skilled sub-consultants. The combined skills of the team can cover all Town GIS needs. Since the Team is small, it is very economical as additional support can be brought on without significantly increasing overhead expenses. The team can also provide additional value added services that other firms cannot provide.

James Barton P.E. President (FTC Employee 2 Years)

James is the primary project contact and will provide all project management functions, program development, GIS utility data builds and on-site training. James has the background experience to cover all program components.

Matthew Kurry: Senior GIS Analyst (FTC Employee 8 Months)

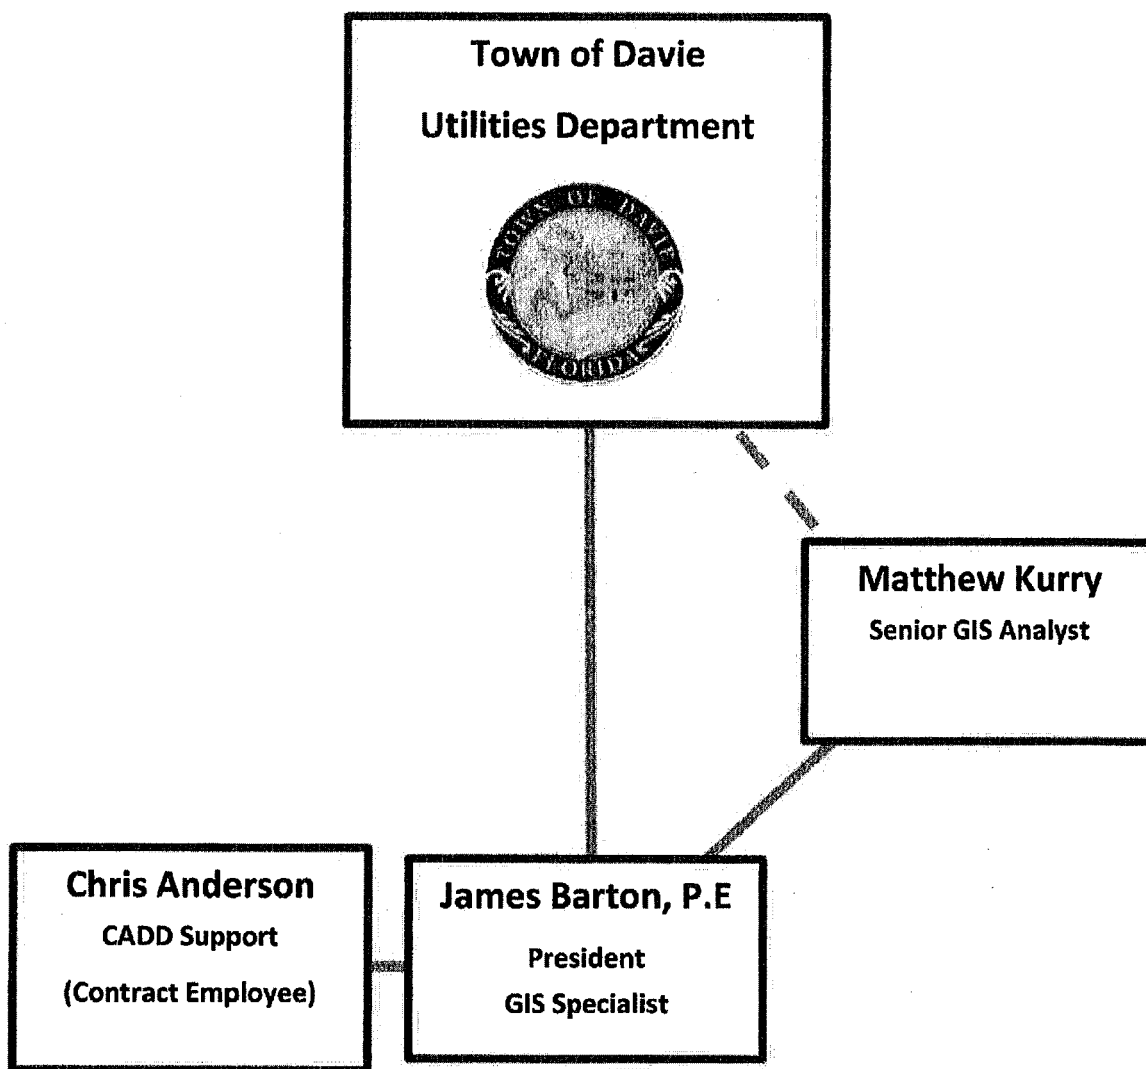

Matthew has a Master's in Geography from FAU. He has served as a GIS specialist for the Seminole Tribe of Florida, and multiple local municipalities in South Florida. He taught GIS at Broward Community College. His main experience at FTC has been using higher GIS functions to perform analysis, geocoding, building mobile applications and train field crews to work with mobile applications to map features from the field. Matt lives in Oakland Park, a short drive from Davie. He knows the field staff and is excited about continuing training.

Chris Anderson: CAD Technician (Contract Employee)

Chris is one of the best CAD technicians in the region. He will provide any CAD support necessary to work with CAD files from contractors.

Organization Chart

James Barton will be the direct contact with the Town. Matthew will work directly with staff through training and program support. Chris will assist with converting Civil 3-D record drawings into a GIS consumable format.

FTC's Current and Anticipated Work Load

Section 1 outlined a detailed methodology proposed for the Town in terms of

- Data Completion
- Operationalization
- Program Support and Training

In summary, the bulk of detailed digitizing work and hours to complete the atlas will fall within the first 6 months. Once built, the focus of work will shift to program support and training, requiring far less hours. Presently FTC has completed data builds for several clients and is in maintenance mode. This means we have as many hours available as needed to continually support the Town at any level indefinitely.

Presently FTC is actively working with 3 clients. The labor intensive data builds are completed. The program now includes training field crews to develop and work with mobile apps to continually collect and track maintenance on features. We anticipate the Town will require limited hours once the data builds are completed. We are very comfortable with the published budget.

Client	Current Program	Hours Required
Town of Palm Beach	Building field apps for Beach Access, Signs, Trees, Buildings,	8 – 12 hrs per week
Cooper City	Tracking valve turning from contractor, finding missing valves, mapping meters and blowoffs	4 hrs per week
South Martin Regional Utilities	Correcting field atlas, Lift Station Inventory, Hydrant replacement program	8 hrs per week
Town of Davie	AVAILABLE HOURS	56 hrs per week available

Resumes

Detailed resumes are provided on the next pages.

James Barton, P.E., LEED AP

Education

Bachelor of Science, Civil Engineering, Queens University
(Canada), 1990

Registration

Professional Engineer, Florida, 59257, 2003

Professional Affiliations

American Society of Civil Engineers

Certifications

ESRI Authorized Trainer
LEED Accredited Professional

Mr. Barton has over 20 years of engineering experience both internationally and domestically. The main focus of his international experience includes engineering design and project management of water and sanitation programs, including water resources, infrastructure rehabilitation and GIS implementation. His domestic experience includes environmental engineering, utilities and road construction. Mr. Barton routinely integrates GIS technology with engineering.

He is working with ESRI developing software tools to assist in detail design and is experience with implementing GIS/ GPS for construction field inspection. He is currently studying towards a Certificate in Integrated Watershed Management and a Certificate in Visual Planning (GIS Technology).

He has been using GIS in engineering since 1999 and became an ESRI Authorized Trainer in 2003. Since then, he has provided training to over 75 students in various organizations and disciplines. His specialty is training for people specializing in utilities, public works and engineering, but he has also trained fire, police and administration.

He started using GIS in his day-to-day activities for simple outputs such as construction maps for contractors and public information campaigns. This led to using GIS for permit maps, analysis and project planning for proposals and finally design projects. In 2004, he started working with ESRI developing GIS tools that could be used for detailed design and transferring data out of and into the CAD environment.

These tools have been presented at numerous conferences and user group meetings. One of the latest developments is linking design tools with existing LIDAR data. This allows for conceptual design with real elevations without the survey, taking survey out of the critical path of project planning.

Mr. Barton has provided training to

- Chen and Associates, 2004, 2005
- Islamorada, Village of Islands, 2005
- City of Sunrise, 2006
- City of Marathon, 2006, 2009
- Monroe County Property Appraisers Office, 2006
- Wantman Group, 2007
- Florida Keys Aqueduct Authority, 2007
- City of Dania Beach, 2007
- City of Miami Gardens, 2009
- Coral Springs Utilities 2011
- Highland Beach 2015
- Town of Davie 2015
- Coral Springs Improvement District 2016

Mr. Barton also founded the Florida Utility User Group, which works on integrating GIS technology into engineering. The group currently has over 300 members.

Matthew A. Kurry

Education

Florida Atlantic University, Boca Raton, Florida,
College of Science Department of Geography
and Geology Graduate Program, Geographic
Information Science emphasis, Graduation May
2004

Awarded a Graduate Teaching assistantship in
World Geography Spring 03-04 & Map Analysis
Spring04 Elected to Gamma Theta Upsilon
International Geographical Honor Society

West Virginia University, Morgantown, West
Virginia. College of Liberal Arts; Geographic
Information Science/ Remote Sensing Major,
December 2001 graduation

Elected to serve two semesters as student
Teaching Assistant in Communication Studies.

Computer / Technical

Geographical Information Systems/Remote
Sensing: ESRI ArcGIS and components 8.3-10,
MapInfo Professional & AnySite Package,
Microsoft Street and Trips 2012, Tremble GPS &
components, Erdas Imagine 3D GIS, GeoVec,
Alteryx Engine ESRI Virtual Campus training,
CAD to GIS conversion, Digital image
interpretation, Photogrammetry, LIDAR,

Database Management: Business Objects,
Oracle, MS Access, ESRI SDE 9.1

Operating Systems: Windows NT, XP, Unix,
DOS, Linux

Miscellaneous: Adobe Photo Shop, Digitizing,

Design

Mr. Kurry has strong analytical and technical
skills with current Geographic Information
Systems experience. He has familiarity and real
world practice with ESRI and MapInfo products,
remote sensing, data validity and collection
techniques. Mr. Kurry received both a Masters
and Bachelors in Geography with coursework in
GIS, remote sensing, and Urban and Regional
planning. Proven team player and individual
contributor with valuable leadership and
mentoring skills.

Florida Technical Consultants.
November 2015-Current.

Employed as a Senior GIS Consultant
responsible for utilities data migration and
integration. Accountable for providing GIS
support services to municipalities, engineering
firms and contractors. Assignments include

- CAD to GIS conversion,
- ArcGIS Online application development
- GeoCode geographic data sets (meters, etc)
- Large data migrations
- Utility atlas production
- On-Site Field Training

Broward County School Board.
March 2014-November 2015.

Served as a daily substitute teacher in Broward
County public schools. Provided classroom
instruction at assigned institution.

Robert K Futterman. New York,
November 2012-February 2014.

Senior GIS Analyst at national retail real estate
firm. Primary responsibilities include creation of
competition maps, demographic analyses and
maintenance of a proprietary database.

Toys R US Corporate. Wayne New Jersey,
December 2011- November -2012.

Research analyst at Toys R US corporate head
quarters. Responsible for conducting GIS Based
analytical research and location selection.

NOVA Southeastern University. Ft. Lauderdale,
School of Business and Entrepreneurship,
April 2010- December 2011.

Employed by NOVA University teaching GIS for
Marketing to MBA students in the Real Estate

Broward College. Davie Campuses,
December 2009 - December 2011.

Geography professor. Classes included GIS 1&2,
Remote Sensing, World Geography, Natural
Resources, Human Geography and Introduction
to Geography.

City of Oakland Park Florida.
April 2011-September 2011.

Contract GIS analyst to digitize and update
existing utility atlas, analyzing aerial photography
to locate and digitize utility sewer features such
as manholes, lift stations and sewer lines. Use
ground control points to orthorectify raster images
to be overlaid on aerial photography.

Christopher A Anderson (Contract Employee)

Education

Associate of Science, Computer Aided Drafting,
ITT Technical Institute, 2003

Mr. Anderson serves as a CAD Designer. His previous experience includes designing subdivisions in California as well as Utah. In addition, he has been utilizing Civil3D for design and plan production.

While assisting FTC, Mr. Anderson routinely receives CAD files from contractors / engineering firms, converts the digital CAD into GIS friendly layers and transposes them into correct coordinate spaces. Doing some of the CAD cleanup work before migrating into GIS often saves enormous amounts of time and money for the client.

The following projects reflect Mr. Anderson's previous work experience while with another firm:

Broadview Park Bid Pack 3. The Broadview Park Neighborhood Improvement Project (BNIP) was the last of the Neighborhood Infrastructure Improvements projects to be carried out by Broward County in the unincorporated areas. This Bid Package addressed the sanitary sewer and drainage improvements, as well as improvements to the community's sidewalks, roadway and landscape. These improvements consisted of 47,000 linear feet of gravity sewer, 6,200 linear feet of 8" force main, 20,100 linear feet of drainage pipe along with roadway restoration and new sidewalks for a total construction cost of approximately \$13.3 million. The gravity sewer system was designed using a GIS capacity analysis tool that calculated and summarized the flow rates for each parcel in the service area. GIS was utilized during the permitting phase to graphically show the flow for each pipe and during construction to track resident complaints, track the work that had been completed and estimate the Contractor's variance from the original schedule.

Riviera Beach Blue Heron Boulevard. Relocation of utilities in conjunction with the Florida Department of Transportation road widening project on Blue Heron Boulevard. The project includes coordination with the City to determine the location and condition of existing City-owned facilities including water mains, raw water mains, gravity sewer and force main. Based on the

conflicts identified between City facilities and the future

FDOT facilities, design drawings will be produced for the utility relocations and replacements. Extensive coordination with the Florida Department of Transportation is necessary to determine funding sources, location of proposed facilities, scheduling and permitting. Coordination is also required with the Palm Beach County Health Department for permitting.

Riviera Beach Dyer Rd and Haverhill Blvd. Coordinating the relocation of underground utilities which are in conflict with the proposed road widening project for Dyer Blvd. and Haverhill Road. Once the site visit was completed he did a site visit and coordinated with several agencies to estimate the scope of services required for this relocation.

The scope of service included the following:

- Coordination with Palm Beach County
- Coordination with City
- Coordinate with Palm Beach County Health Department
- Additional test holes for utility locates
- Prepare relocation design plans
- Permit assistance
- Bidding assistance
- Construction administration

RBUD Blue Heron Congress. Coordinated the relocation of underground utilities w proposed road widening project.

Section 4: Experience with Government Entities

Florida Technical Consultants (FTC) was founded in 2014. Based on extensive experience using GIS for engineering projects, and as an ESRI Silver Business Partner with an ArcGIS Online Specialty, the Goal of FTC is to provide support services to Municipalities through:

- Data Compilation and Analysis for Projects and Studies
- GIS Data Building, Cleaning and Configuring for Utilities / Public Works Management
- Engineering Design, Permitting, Technical Specifications and Support Services
- Plans Review for GIS Compliance
- ArcGIS Online for Field Construction Administration
- Construction Information Management, GIS Record Drawing Submittals
- GIS Training and Support

The founder, James Barton P.E., LEED AP, has over 20 years of experience in engineering design and project management of water, sanitation and stormwater programs, including water resources, infrastructure rehabilitation and GIS implementation, environmental engineering, utilities and road construction. Mr. Barton has routinely integrated GIS technology with engineering, developing software tools to assist in system modeling, design and construction administration.

Since becoming an ESRI Authorized Trainer in 2003, he has provided training to over 75 students in various organizations and disciplines. His specialty is training for people specializing in utilities, public works and engineering, yet has trained fire, police and administration.

FTC can offer utility departments improved efficiency through understanding and utilizing existing data, applying analysis tools and techniques for quality control, interfacing with contractors to track construction quantities and providing GIS record drawing submittals to clients.

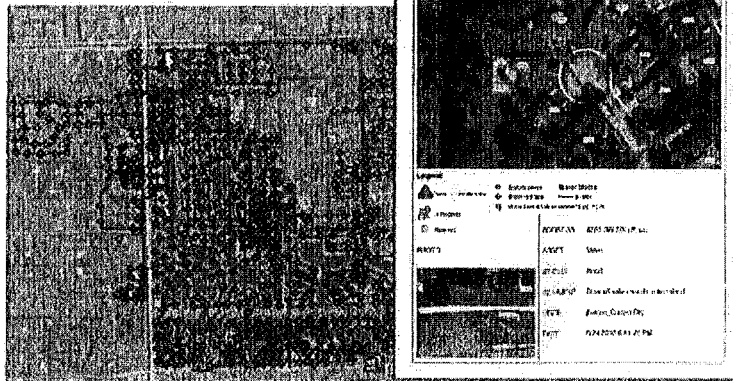

Section 5: Client References and Past Performance

The following pages provide descriptions of similar projects completed or in progress. Most projects are being managed as continuing program support programs.

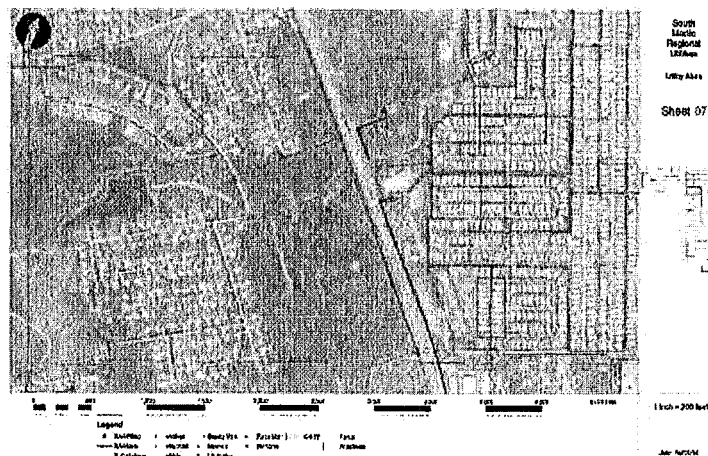

Cooper City
Mr. Michael Bailey
11791 SW 49th Street
Cooper City, FL 33330
(954) 434-5519
mbailey@coopercityfl.org

FTC converted the City CAD Atlas to GIS. Systems included water, sewer and drainage. Geometric networks were set up and run for valve isolation and capacity analysis. Coordinated label hydrants with Fire Dept. Tracked progress of valve turning contractor. ArcGIS Online Applications were developed and staff trained to inventory, verify features and track emergency repairs. 10/10/2014 – present
\$20,000

South Martin Regional Utility
Mario E. Loaiza, P.E. -
Utility Director
9650 SE Water Street
Hobe Sound, FL 33475
(772)-546-6259
mloaiza@tjl.martin.fl.us

FTC converted the utility atlas to GIS, including water and sewer. The process was complicated by the existing CAD parcel data being geographically incorrect in some cases necessitating field verification. Mobile apps were created in ArcGIS Online to validate data from the field. 5/1/2015 – present
\$20,000

10/7/2014 – present
\$10,000

[illegible]

3/24/2014 present
\$35,000 (in progress)

**City of Boca Raton
Utilities**

Ms. Talia Garcia
4101 Glades Road
Boca Raton FL 33431
(561) 338-7307
TGarcia@ci.boca-
raton.fl.us

FTC provided GIS services to the City of Boca Raton Utilities converting Water, Raw Water, Reclaim Water and Sewer Data from CAD to GIS. The data was migrated into the 10.2 Local Government Model Geodatabase. Geometric networks were set up and run for valve isolation and capacity analysis. These changes will be presented to ESRI in order to update the LGIM to support these systems.

1/1/2013 – present
\$20,000

**Solid Waste Authority
of Palm Beach County**

Ms. Josephine Rudd
7501 N. Jog Road
West Palm Beach, FL
33412
(561) 640-4000 x 4618
jrudd@swa.org

FTC converted the Utilities CAD Atlas to GIS as a sub to another firm. Systems included site, water, sewer, drainage, leachate, electrical, gas well monitoring, water and drainage. Several methods were used to map well monitoring values to visualize trends. FTC is now training SWA staff in converting CAD drawings to GIS and maintaining the system.

09/10/2014 – present
\$20,000

City of Dania Beach
Mr. Ronnie Navarro
1201 Stirling Rd
Dania Beach, FL 33004
(954) 924-3615
rnavarro@ci.dania-beach.fl.us

FTC converted the City CAD Atlas to GIS with another firm. FTC is now field verifying the system and updating the GIS using high resolution aeriels and ArcGIS Online. Systems included water, sewer and drainage.
08/10/2015 – present
\$10,000

Town of Davie
Mr. Don Bayler
Utilities Director
7351 SW 30 Street
Town of Davie,
FL 33314
Ph 954-327-3741
Fax 954-327-3752
Don_Bayler@davie-fl.gov

FTC converted the City CAD Atlas to GIS. ArcGIS Applications were developed and staff were trained to inventory and field verify features. Systems included water and sewer.
09/15/2014– present
\$20,000

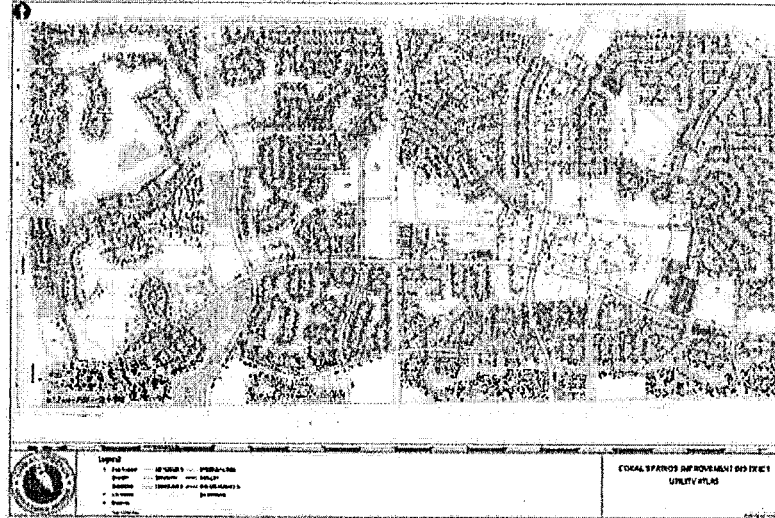

Coral Springs Improvement District
 Mr. Curt Diggins
 Supervisor, CSID
 Coral Springs FL 33071
 (954) 796 6608
 CurtD@fladistricts.com

FTC provided data setup and training for the CSID to collect and input their own data into GIS. Training was done on data collection using ArcGIS Online field apps and building data sets with desktop.

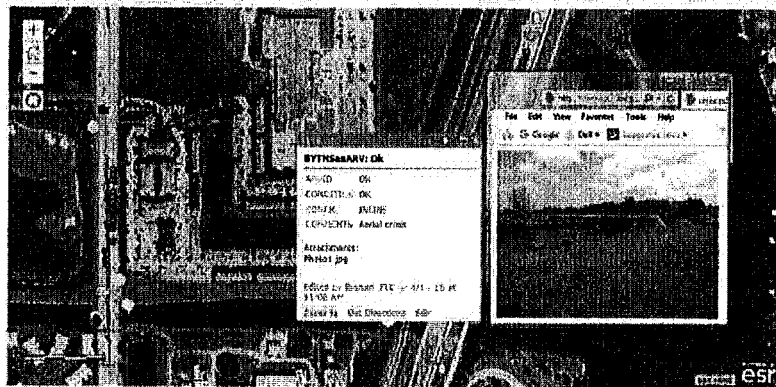

10/01/15 – Present

\$4,000

Boynton Beach Utilities
 Michael Low, Manager,
 Technical Services
 Boynton Beach Utilities
 City of Boynton Beach
 124 E. Woolbright Rd.
 Boynton Beach,
 Florida 33435
 (561)-742-6403
 lowm@bbfl.us

FTC created a GIS Data set to support modeling in Potable Water, Sanitary Sewer, Reclaim Water and Stormwater. Several sources of existing data were merged and topologically cleaned for snapping, node creation. Elevations were extracted and used to populate nodes. ArcGIS Applications were developed and staff were trained to inventory and field verify features.

Village of Tequesta
Mr. Sam Heady
345 Tequesta Dr
Tequesta, Florida 33469
(561) 722-1167
shedy@tequesta.org

FTC converted the Village Utilities CAD Atlas to GIS. Systems included water and drainage. Coordination was done with Martin County and Loxahatchee River District to collect their facilities and input them into GIS. Water meters were mapped by geocoding. ArcGIS Online mobile apps were created for maintenance crews to validate information from the field. All data was loaded into an asset management system.
09/10/2015 – present
\$20,000

SECTION 5.0 TOWN REQUIRED FORMS

NON-COLLUSIVE AFFIDAVIT

STATE OF Florida
COUNTY OF Palm Beach

James Barton, P.E., LEED AP being first duly sworn deposes and says that:

BIDDER is the President
(Owner, Partner, Officer, Representative or Agent)

BIDDER is fully informed respecting the preparation and contents of the attached Bid and of all pertinent circumstances respecting such Bid;

Such Bid is genuine and is not a collusive or sham Bid;

Neither the said BIDDER nor any of its officers, partners, owners, agents, representative, employees or parties in interest, including this affidavit, have in any way colluded, conspired, connived or agreed, directly or indirectly, with any other BIDDER, firm or person to submit a collusive or sham Bid in connection with the Contract for which the attached Bid has been submitted; or to refrain from bidding in connection with such Contract; or have in any manner, directly or indirectly, sought by agreement or collusion, or communications, or conference with any BIDDER, firm, or person to fix the price or prices in the attached Bid or any other BIDDER, or to fix any overhead, profit, or cost element of the Bid Price or the Bid Price of any other BIDDER, or to secure through any collusion conspiracy, connivance, or unlawful agreement any advantage against (Recipient), or any person interested in the proposed Contract;

The price of items quoted in the attached Bid are fair and proper and are not tainted by collusion, conspiracy, connivance, or unlawful agreement on the part of the BIDDER or any other of its agents, representatives, owners, employees or parties in interest, including this affidavit.

By James Barton, P.E., LEED AP

Subscribed and sworn to before me this 4 day of October, 2016.

**TOWN OF DAVIE
E-VERIFY FORM**

Bid No: B-16-168

Project Description: Continuing GIS Consulting Services

Vendor/Consultant acknowledges and agrees to utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- (a) all persons employed by Vendor/Consultant to perform employment duties within Florida during the term of the contract; and
- (b) all persons (including SUBCONTRACTORS/SUBVENDORS) assigned by Vendor/Consultant to perform work pursuant to the contract with the Department. The Vendor/Consultant acknowledges and agrees that use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the Town of Davie.

CONFIRMATION OF DRUG-FREE WORKPLACE

In order to have a drug-free workplace program, a business shall:

Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.

Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).

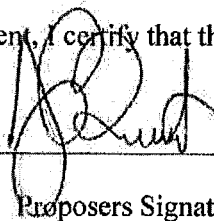

In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.

Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.

Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

A signed copy of your Drug-Free Workplace Policy must be attached to this signed copy and submitted with the Bid Documents.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

Form W-9
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type See Specific Instructions on page 2.	Name (as shown on your income tax return) Florida Technical Consultants, LLC	
	Business name, if different from above Florida Technical Consultants, LLC	
	Check appropriate box: <input type="checkbox"/> Individual/Sole proprietor <input type="checkbox"/> Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ♦ ----- <input type="checkbox"/> Exempt payee <input type="checkbox"/> Other (see instructions) ♦	
	Address (number, street, and apt. or suite no.) 401 West Atlantic Ave Suite 09	Requester's name and address (optional)
	City, state, and ZIP code Delray Beach FL 33444	
List account number(s) here (optional)		

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number
OR
Employer identification number 47-1886339

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ♦

Date ♦ October 6, 2016

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are

waiting for a number to be issued),

- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Respondents should refer to Sec. 2-57 of the attached form for complete definition of terms.

I, James Barton, P.E., LEED AP representing Florida Technical Consultants, LLC
declare that I have read the attached form and that (check one):

☒ My company is not interested in lobbying either staff or elected officials on any

TOWN OF DAVIE LOBBYIST'S REGISTRATION STATEMENT AND OATH

Registration will be annual, from October 1st to September 30th, and shall be renewed for each year during which lobbying activities are to take place. Only one annual registration form is required. If, however, any of the information required on the registration form is new or changed (for example, a new principal, as defined by Section 2-57 of Ordinance 2012-17, or a new specific subject of lobbying), the Lobbyist must then supplement or amend the registration before additional lobbying. (Ordinance 2012-17, Section 2-58(d))

LOBBYIST INFORMATION (Ordinance 2012-17, Section 2-58(a)(1))

Name N/A

Address _____

(must be a physical address (e.g. not a Post Office Box) where the lobbyist resides or customarily does business)

City _____ State _____ Zip _____ Telephone _____

Explain the nature and extent of any business, professional or familial relationship which the lobbyist, or any member of the lobbyist's immediate family, has had with any Town official, or member of the immediate family of any Town official within the period of time commencing twenty-four (24) months prior to registration.

Explain the nature and extent of any involvement, activity or assistance, whether paid or voluntary, by any lobbyist, or any member of the lobbyist's immediate family, with the current or the most recent campaign of any current elected Town official, or current candidate for Town Council. (2012-017, Section 2-58(a)(3))

LOBBYIST'S PRINCIPAL(S) INFORMATION (Ordinance 2012-17, Section 2-58(a)(4))Name N/AAddress _____
(must be a physical address (e.g. not a Post Office Box) where the principal resides or customarily does business)

City _____ StateZip _____ Telephone _____

Explain the general and specific matters upon which the lobbyist intends to lobby, if known at the time of registration. *If not* known at time of filing, the registration must be supplemented when the matter is determined. (Ordinance 2012-017, Section 2-58(a)(5))

I hereby acknowledge that I have received a copy of Ordinance 2012-17, concerning registration of lobbyists and acknowledge that any violation of this Ordinance shall result in penalties as stated in said Ordinance. I further acknowledge that this form must be accompanied by payment in the amount of \$50 for each principal represented and by each lobbyist. (Ordinance 2012-17, Section 2-58(b))

I hereby attest and affirm under penalty of perjury, that the facts contained herein are true and correct. Further, I understand that I am required to notify the Town Clerk, in writing, of any changes to the information contained herein and that I am required to complete a lobbyist statement for each new principal or subject matter which occurs throughout the year.

RFIs

- Q.1: Pipelines: Will the information of the pipelines (coordinate locations, material, year etc..) be provided or will it require field collection and locating the pipelines?
 A.1: This information will be provided by TOD Utilities staff via as-built data and field verification.
- Q.2: Manhole/Cleanout: This will require field survey crew to collect the rim and invert elevations. Will this information be provided or is it requested that we collect this data as well?
 A.2: This information will be provided by TOD Utilities staff via as-built data and field verification.
- Q.3: Fire Hydrant/Lift Station/Backflow Prevention Devices: Once again will the information be provided to map or data collection is part of these items as well?
 A.3: Same as above with the addition of hydrant maintenance vendor data.
- Q.4: TOD utilities: Is it required to provide coordinate locations of TOD utilities in survey grade accuracy or if sub-meter (2-3 feet) accuracy is acceptable. (This question applies to all other items above)
 A.4: Only water meter coordinates would require survey grade; for all other data points sub-meter will be sufficient.
- Q.5: How strict are the experience qualifications you are seeking in the candidate? Our survey department had an underground utilities data collection project that we can transform into a GIS application to show as a demonstration of our skills. Would this be acceptable? Additionally, we have numerous GIS projects which show our expertise in the software performing many GIS functions however it isn't all applicable to utility work. Is this acceptable?

DRUG-FREE WORKPLACE PROGRAM

IDENTICAL TIE BIDS - Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

SOLICITATION, GIVING, AND ACCEPTANCE OF GIFTS POLICY

Florida Statute 112.313 prohibits the solicitation or acceptance of Gifts. - "No Public officer, employee of an agency, or candidate for nomination or election shall solicit or accept anything of value to the recipient, including a gift, loan, reward, promise of future employment, favor, or service, based upon any understanding that the vote, official action, or judgment of the public officer, employee, or candidate would be influenced thereby."... The term 'public officer' includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body."

The Town of Davie policy prohibits all public officers, elected or appointed, all employees, and their families from accepting any gifts of any value, either directly or indirectly, from any contractor, vendor, consultant, or business with whom the Town does business. Only advertising office stationery or supplies of small value are exempt from this policy - e.g. calendars, note pads, pencils.

The State of Florida definition of "gifts" includes the following:

- Real property or its use,
- Tangible or intangible personal property, or its use,
- A preferential rate of terms on a debt, loan, goods, or services,
- Forgiveness of indebtedness,
- Transportation, lodging, or parking,
- Membership dues,
- Entrance fees, admission fees, or tickets to events, performances, or facilities,
- Plants, flowers or floral arrangements

Services provided by persons pursuant to a professional license or certificate. Other personal services for which a fee is normally charged by the person providing the services. Any other similar service or thing having an attributable value not already provided for in this section. To this list, the Town of Davie has added food, meals, beverages, and candy.

Any contractor, vendor, consultant, or business found to have given a gift to a public officer or employee, or his/her family, will be subject to dismissal or revocation of contract.

As the person authorized to sign the statement, I certify that this firm will comply fully with this policy.

INDEMNIFICATION CLAUSE

The Contractor shall indemnify, defend and hold harmless the Town Council, the Town of Davie and their agents and employees from and against all claims, damages, losses and expenses (including attorney's fees) arising out of or resulting from the contractor's performance of the work, provided that any such claim, damage, loss or expense (1) is attributable to bodily injury, sickness, disease or death, or to injury to or damage on destruction of property including the loss of use resulting there from, and (2) is caused in whole or in part by any breach or default by Contractor or negligent act or omission of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless or whether or not it is caused in part by a party indemnified hereunder.

management of an entity.

6. Based on information and belief, the statement, which I have marked below, is true in relations to the entity submitting this sworn statement. (Indicate which statement applies).
- ☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
 - ☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.
 - ☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

TOWN OF DAVIE
TOWN COUNCIL AGENDA REPORT

Item Number: 14.

To: Mayor and Councilmembers**From:** Brian K. O'Connor, Procurement Manager**Prepared By:** Brian K. O'Connor, Procurement Manager - Budget Finance**Subject:** Resolution**Affected District:** Town Wide**Item Request:** Schedule for Council Meeting**Title of Agenda Item:** **BID SELECTION - A RESOLUTION OF THE TOWN OF DAVIE, FLORIDA, SELECTING THE TOP RANKED FLORIDA TECHNICALS CONSULTANTS, LLC. IN ACCORDANCE WITH RFP# B-16-168 TO CONTINUING GIS CONSULTING SERVICES AND AUTHORIZING THE TOWN ADMINISTRATOR OR HIS DESIGNEE TO NEGOTIATE AN AGREEMENT FOR SUCH SERVICES.****Executive Summary:** The Procurement Division solicited a Request for Proposal #B-16-168 for Continuing GIS Consulting Services for Town of Davie (TOD) and the TOD's water and sewer utility system and service area. The applications for which consulting services will be needed will require close and frequent liaison with the TOD Utilities Director and IT Director. Priorities and delivery schedules will be established by TOD Utilities/IT Departments and may be changed or amended frequently. Most projects will be web and web applications based, and may include but are not limited to, the following:

- Create web applications for the field collection of various utility infrastructure assets
- Update existing GIS desktop utility map and existing web based utility map to include all provided as-built information including, manhole structure, pipeline, valve, water and sanitary service line, water/ IQ meter, backflow preventer, fire hydrant, lift station, inter-connects, air relief valves, well data and any other applicable utility asset
- Attributes to be added/ verified include:
 - Boundaries
 - Service Area boundaries
 - Neighborhood/ Subdivision Boundaries
 - Municipal Boundaries
- Pipelines:
 - Material (Pipe & Casing)
 - Year Constructed/ Rehabilitated
 - Diameter (Pipe & Casing)
 - Abandoned vs in service
 - Flow Directions
 - Main break locations & year
 - Valve locations, type
 - Chlorine residual data
- Utility Easements - O.R. book & Page #
- Manhole/ Cleanout
 - Rim & Invert elevations
 - Year Constructed/ Rehabilitated
- Fire Hydrant
 - Number
 - Flow rating & recent test flow data
- Lift Station
 - Number
 - Public VS Private
 - Pump information & design flow rate
 - Wet-well Depth & influent/ effluent pipe data
 - Contributing areas/ cascading station information
- Backflow Prevention Devices
 - Year Installed
 - Type/ size
 - Certification # & Date
- Provide TOD Utilities/IT Departments GIS data to third parties as directed by the TOD Utilities/IT Directors
- Host accessible GIS data during the collection and quality control portion of the process and provide final data to TOD Information Technology (IT) Department for final input.

- Update existing GIS utility map to include Town of Davie service area and facilities for use by TOD Utility Locating Contract vendor
- Provide hyperlinks to as-build's on desktop utility map
- Provide training to the respective TOD personnel
- Special work orders for the development of GIS layers for various applications and/or related Capital Improvement project
- Evaluation of existing GIS system, and recommendations for future applications & improvements

Notices were electronically sent to more than 3,165 potential local and national vendors, as well as advertised in the Sun Sentinel, and posted on DemandStar by Onvia, the Town's website and in the Clerks Notice Board.

On October 11, 2016, the Town took receipt of responses from two (2) companies:

- Florida Technical Consultants (FTC)
- Calvin Giordano & Associates Inc.

The Review Committee convened (10/28/16) to evaluate the proposals based on the criteria stated in the RFP document.

After review of the proposals, the Review Committee's final decision was to enter into negotiations with FTC and bring back a final agreement to Council at a subsequent date.

Key Points:

- Two companies responded to the RFP
- Services will be used to update existing GIS Utility Maps
- FTC was determined to be the best overall vendor for the Town

Previous

Actions:

Concurrences: Review Committee meeting on 10/28/16, comprised of Tim Scharff, Ron Bolton and Bill Peele.

Fiscal Impact:

Has request been budgeted? N/A

If yes expected cost:

Account name and number:

If no, amount needed: Final costs to be negotiated

Account name funds will be appropriated from 400.60.100.536-53107

Additional Comments Final agreement to be brought back to Town Council for approval.

Recommendation: Motion to approve

Strategic Goals This Item Supports:

Commitment to Customer Satisfaction, Dedication to Excellence in Service Delivery, Creating an Environment that is Conducive to Innovation, Creativity, and Collaboration, Nurturing the health, safety, and welfare of the community
